Coffee flavor need not be lost in hot weather

Boscul retains its flavor!

Maybe you've noticed your coffee lacks flavor in summertime. The aroma goes off in the air—the coffee is half-stale when you buy it. But why put up with half-fresh coffee when you can get Boscul which is *always* actually *oven-fresh?* A blend of the world's best coffees, perfectly roasted, and all its deliciousness—full flavor, aroma, strength—sealed in by the famous Boscul vacuum can.

WHY DENY YOURSELF THE BEST COFFEE?

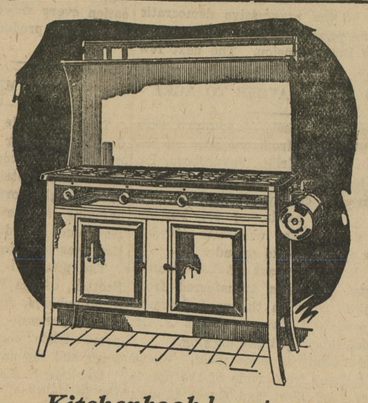
How long should it take to boil water?

2 qts. of water raised from 45° to boiling

-in 6 min. on the new KITCHENKOOK

-in 7½ min. on an ordinary city gas range

-in 21 min. on a popular make of kerosene range



Kitchenkook has set a new High Mark in Cooking Speed

Comparative tests show that the *Kitchenkook* is faster than any other type of cook stove; faster even than city gas, the usual standard for comparison.

Kitchenkook makes its own gas from common gasoline, bringing to homes located beyond the reach of gas all the convenience, cleanliness and comfort of city gas service. It's cheaper than any stove you have ever used. No wicks or chimneys, no smoke, soot or kerosene odor. Master burner lights in less than one minute; then all burners turn on or off as wanted, just like gas. No waiting, no delay; fire regulated instantly just as you want it. *Kitchenkook* is so simple children can use it in perfect safety.

Don't fail to ask us for a demonstration of the wonder stove that is revolutionizing the whole industry, the most talked of stove today. Made in 16 attractive popular priced models, including white porcelain enamel ranges, with oven and broiler.

These figures are the result of scientific tests made in the engineering Department of a leading American University. They are given here to show the progress which is being made in the development of fine cook stoves.

DR. GEORGE W. COOKE HURT

Dr. George W. Cooke, of Wilmington, an evangelist, who is directing services at the Delmarva Camp, was injured Saturday afternoon while bathing at Oak Orchard, Sussex county. Dr. Cooke was at the resort with members of the Bible school of the camp when he dived into shallow water, hurting his back. He was carried to a specialist at Salisbury and at night brought back to his tent on the camp ground, where physicians are in attendance.

Think of the Republican Party is so largely dependent on the Vare machine in Philadelphia, the Magee machine in Pittsburgh, the Thompson-Crowe machine in Chicago, the old Cox machine in Cincinnati, the Matsche machine in Cleveland, the Watson machine in Indiana, and which in the South is composed largely of patronage-selling negroes, some of whom have recently been indicted—think of this party talking about Tammany and the evil of machine politics!—Frank R. Kent in "Baltimore Sun."

5c MAKES YOU A SMOKE KING

—if you know the cigar to buy.

Don't ever let anybody tell you there's no enjoyment in a 5c cigar. Here's one that's been knocking that idea sky-high for many years: *Havana Ribbon.* Any challengers?

Nickel cigar brands come and go. But *Havana Ribbon* keeps right on winning smokers by the thousands. Unquestionably the greatest five-cent cigar value the world has ever known! But let *Havana Ribbon* tell you its own story. One nickel brings it to you. One puff starts it. And the first thing it says is that here actually is a five-cent cigar that contains something you usually find only in higher priced cigars: *Ripe, long-filler tobacco.* No bitter, *under*-ripe top leaves of the plant. No flat-tasting, *over*-ripe bottom leaves. No loose ends to fray or crumble. Full-flavored, mellow-mild *ripe* leaves only. Smoke so smooth you like to hold on to every satisfying mouthful! At cigar counters everywhere. Also sold in *Practical Pocket Packages* of five cigars.

NEW RECTOR AT ST. MICHAELS

Rev. Robert W. Lewis the new rector of St. Michaels P. E. Church, has assumed his duties, coming to St. Michaels after serving Shrewsbury Parish for some time. When the new rector came the town was in the midst of the annual regatta and firemen's carnival, and the following Sunday the storm kept the people at home. But last Sunday was the first time that many of the parishioners heard him.

Mr. Lewis is well liked by those who have come in personal contact with him. He is a keen observer of human nature, and when he and his family get settled the town will have been the gainer.—Star-Democrat.

SUMMER SCHOOL FOR CLERGY

One of the enterprising programs inaugurated at Washington College by its popular president is the summer school for clergy and others. These sessions will begin Monday and many of the programs open to the public.

Commenting on the purposes of the school President Titsworth, who will act as dean, said: "The present rural crisis constitutes a challenge to the farmer stands in need of constructive leadership and statesmanship as never before. One of his greatest needs is a vital church functioning to join to a better rural life, economically, socially and religiously. The future of the town and country church depends largely upon the vision and technical skill of its pastors. This school is maintained," the Del-Mar-Va educator continued, "for the purpose of giving technical training and fellowship to pastors engaged in this strategic work. The welfare of rural America and the success of the church itself demands that ministers prepare themselves for militant leadership."

With such a lofty and meritorious motive it is hoped the clergy will take advantage of these privileges and reap untold benefits.

Changing the Subject

Dickie is five years old and goes to kindergarten, but he realizes that education, for him, has just begun. The other day an intelligence test was given him by some of the older boys.

"Spell pig," said one of the boys.

"P-i-g," Dickie responded.

"Spell telephone," the boy suggested.

"Well," declared Dickie, after a moment's hesitation, "we might just as well talk about something else."

A film showing "present day evils" will have to show films.
