IN CHANGING TIMES FREE PEOPLE MUST TAKE THE LEAD

THE PEOPLE OF QUEEN ANNE'S COUNTY today face a whole new set of problems that affect the business of living. Many of the old rules no longer work. The leaders of tomorrow must have new concepts of responsibility to the community and certainly new methods of approach.

Responsible citizens are increasingly aware that what is important is not so much where they stand as in what direction they are moving. They seek leadership which aims to do what it clearly demanded today in order to ensure a sound future.

Fortunately, we in America are citizens while many in other countries are merely subjects. The citizen has rights; the subject only privileges.

To be jealous of your citizenship rights is to be a proud citizen. The proud citizen refuses to be intimidated, bought, or led astray by easy promises.

When the basic motive is the public good, the primary duty of organized society is to enlarge the lives and raise the standard of living of all the people.

The men and women of the County—who in their hearts know that a change in the political complexion of the County is essential—can rest assured that, when they go to the polls on November 2, 1954, they can cast their ballots on the Republican side with confidence.

Our candidates invite your whole-hearted support this year because it is so obvious that a change in Queen Anne's County leadership is required in order to assure the prosperity of the County.
