About Cattle and Hogs—Future Prices.

The following relating to the prospects for future profit in raising cattle, contains some facts which our agricultural friends might do well to make note of: "Cattle will be high and beef high for two years to come," is the unanimous opinion of the best posted men engaged in the live stock trade. The result is due to natural causes and effects every portion of the country. For five or six years prices for cattle on the hoof have ranged so low that they were of no profit to farmers who raised from ten to fifteen head, and there are thousands of such farmers. As a result, the whole country has been denuded of these small lots and has just found it out. A cattle crop suitable for beef cannot be produced under two and a-half or three years, and naturally the supply being short prices will advance. The high prices of hogs will induce the farmers to rush into hog raising, and inside of eight months prices will tumble, even if the corn crop proves a bad one.

Better than Presence of Mind.

"I was in a railroad accident once," said the man in the smoker to a group of listeners, "and had both legs and both arms broken."

"Did you retain your presence of mind?" inquired one of the listeners.

"No."

"No? What did you do?"

"I retained a lawyer and got $10,000 damages."

BOBBY (at the breakfast table)—"Maud, did Mr. Jones take any of the umbrellas or hats from the hall last night?"

Maud—"Why of course not; why should he, Bobby?"

Bobby—"That's just what I'd like to know. I thought he did, because I heard him say when he was going out, 'I'm going to steal just one,' and what's the matter, Maud?"

Sure Cure for Dyspepsia.

Take a new ax, put a white hickory handle in it, bore a hole in the top of the handle, fill the hole with gum camphor, and seal it up. Then take the ax and cut cord wood, at 50 cents a cord, until the heat of the handle dissolves the camphor. Dose to be taken daily.

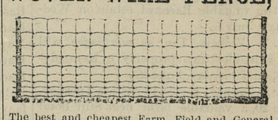
WOVEN WIRE FENCE,



The best and cheapest Farm, Field and General Purpose Fence on Earth. Over 30 miles sold in Queen Anne's county in two months. It is now being extensively used in Druid Hill Park, Baltimore, and is highly recommended. C. H. Latrobe, Esq.: Will last a lifetime, and only 3 posts to the one hundred feet.

ITS ADVANTAGES:

Being a SELF-REGULATING it is always ready for business, slacks up for 30° below as cheerfully as it takes a new grip for 90° in the shade, gently, but firmly, persuades a runaway team to reconsider its action. An unruly bull is as safe as a canary in its cage; it saith unto the festive hog, "thus far shalt thou go." The fierce wind and drifting snow pass by and it heeds them not. There is no terror in the locomotive spark. The trespasser is not led into temptation, and the rail stealer's "occupation is gone." The hired man and the lagging tramp, alike scorn its proffered shade. Like the model housewife, when well-supported, it is always neat and tidy. ITS ONE FAILING is the continual tugging at the end posts. The requisite strain of several tons needs thorough bracing and anchoring of these posts. But forewarned is forearmed.

COMPARATIVE COSTS.

Remember the first cost does not always determine the cheapness of an article. One dollar worth of barbed wire has been known to save a man from paying taxes on a thousand dollars worth of horseflesh. An inefficient fence often seem to fail when just needed most. A short lived fence, or one that needs constant care, will be dear at half the price of ours. While there are some good wire fences on the market besides the Coiled Spring, they are entirely lacking in elasticity which we consider the most important feature of our fence. We therefore compare ours with post and board fence. This is the favorite of all breeders of fine stock who have not yet become acquainted with the merits of our fence. We asked one hundred users of our fence to give an estimate of its value compared with this style. Three out of a hundred place ours on a par with the board, while ninety-seven rated it from twenty-five to several hundred per cent. better. In most cases our fence can be furnished complete at 25 per cent. less than one made of boards and posts.
