A Beautiful Tribute.

In his keynote speech at the opening of the great Democratic National Convention in St. Louis, former Gov. Martin Glynn, of New York, delivered the following beautiful, yet greatly deserved tribute to President Wilson:

"He has been wise with a wisdom that is steeped in the traditions of his country, with a wisdom that has been disciplined by training and broadened by instruction.

"He has been firm with the firmness that proceeds from deep conviction, with the firmness that is grounded in a duty well defined.

"He has been patient with the patience which believes and trusts that truth crushed to earth will rise again, with the patience that can endure and wait, watch and pray, for the certain vindication of justice, humanity and right.

"He has been patriotic with a patriotism that has never wavered, a patriotism that is as pure and strong as the faith that moved the fathers when they made our country free.

"And when the history of these days comes to be written, and the children of to-morrow read their nation's story, when time shall have dispelled all misconception and the years shall have rendered their impartial verdict, one name will shine in golden splendor upon the page that is blackened with the tale of Europe's war, one name will represent the triumph of American principles over the hosts of darkness and of death.

"That name will be the name of the great President who has made Democracy proud that he is a Democrat and made Americans proud that he is an American.

"It will be the name of the statesman who has kept his country true to its faith in a time that tries men's souls; the name of the student and the scholar who has championed the cause of American freedom whenever he found it oppressed; the name of the patriot who has implanted his country's flag on the highest peak to which humanity has yet aspired; the name that carried the torch of progress to victory once and will carry it to victory again, the name of Woodrow Wilson, President and President to be."

A Valuable Present.—Mr. Dudley G. Roe, of Sudlersville, has presented to Rev. T. Manley Sharpe, the [illegible]ar rector of Church Hill and [illegible]ville P. E. churches, a fine auto [illegible] in recognition of his faithful service as rector of the parish. We want to suggest that Dr. Sharpe is worthy of anything the people of Queen Annes can give, and there is no more generous or charitable resident of Queen Annes than Dudley G. Roe.
