T. G. WROTH, the shoe man,
Under Stem's Hal

IT IS NOW TIME

to begin to think about spraying your orchards.
Begin by buying an

Empire King Sprayer

which is the most satisfactory spray pump made.

After we have supplied you with a spray pump then the next is something to use in it. We have **Scalescide** which has been tried and found very satisfactory by such farmers as Mr. John Bell, Mr. James Bell, Mr. J. Thos. Smith, Mr. James Newnam, Mr. John Newnam, Mr. James A. Lee and many others. Mr. James A. Lee, of Sudlersville, Md., tells us that the inspector from the Maryland Experiment Station tells him that he never saw a better job done by anything or anybody, as he could absolutely find no live scale in his orchard after the use of SCALESCIDE. What better recommendation can you want than that?

We Also Have the SUCCESS MANURE SPREADER

which is a thorough roller bearing machine, the only manure spreader yet using roller bearings which is a much lighter draft spreader. It is undoubtedly best manure spreader made. See us before buying. We are also prepared to furnish you with

Anything That You May Need on the Farm

Oliver Plows, Farm Wagons, Hames, Traces, Lines, Collars, Brides, Halters, Backbands, Etc.

If You Need a Gasoline Engine

either stationary or marine we are prepared to take care of you, for the stationary we have the McVICKER which is simplicity in itself, for the marine we have the FERRO which is too well-known here to need anything further said. Let us figure with you on your wants.

EASTERN SHORE BY RAIL.

Plan to Build a Network of Electric Roads Through This Section.

Application will likely be made to the Legislature within the next week or ten days for a charter authorizing the building of a system of electric railroads through the Eastern Shore counties, with a satisfactory connection to Baltimore. The plan as outlined has been carefully worked out by an experienced engineer, who is convinced that it can be placed on a paying basis.

A study of the outline map published in the Sun will give a clear idea of the project. The road proper will start at Stevensville, on Kent Island. It then goes straight east for about 15 miles, where a slight detour of the main line is made to reach Easton. From this point an almost direct run is made to Salisbury, taking in important towns in Talbot, Dorchester and Wicomico counties along the route. The road then goes south through Pocomoke City to the Virginia boundary.

SYSTEM OF BRANCHES.

This covers the main line of the system. It is also intended to have branches reaching important places off the main line. One of these will go northward, touching Centreville, Church Hill, Sudlersville terminating at Millington, in Kent county.

Another begins directly at the junction of the main line, and this branch will go direct to Denton. Still another is proposed from Salisbury to Ocean City, and one from the main line below Salisbury to Snow Hill. This will cover the Eastern Shore with a network of roads, which will reach practically every county and fill a want which the Eastern Shoreman will not be slow to appreciate.

The length of the road and its branches will be 190 miles. It is suggest that the main stem, from Stevensville to the Virginia line, be double-tracked, while the spurs will be only single tracks in the beginning.

The country to be traversed has an estimated population of 180,000. Most of these are producers and the country which will be traversed is among the most fertile sections of the Eastern Shore.

It will be noticed that the projected line avoids the watercourses. It is more of an inland proposition and at scarcely any point will it be a rival to water transportation.

To reach Baltimore it is proposed to ferry across the bay to a point near Sandy Point, there to connect with the Maryland Electric Railways Company of which the Annapolis Short Line is now a part. It has been liberally estimated that the road can be built for $8,000 per mile, and that including the cost of equipments, the entire cost will be about $3,000,000. Those interested in the movement do not expect to start the project under a year and a half at least and it may be two years before all the financial arrangements can be made. But we are advised to say that it is coming, and our people are asked to wait and be patient.

RUSTICATING IN FLORIDA

Many Kent Countains Enjoying The Balmy Weather and Luscious Vegetables of the Sunny South.

It is interesting to note the number of Kent countains sojourning in the land of flowers at present. They are Mr. and Mrs. James Brice, Mr. James Bell, Mr. Elburn and son, Frank, and Mr. and Mrs. Richard Lockwood. A letter from Mr. James Brice who is at Tampa, states that he and Mrs. Brice were delighted to have Mr. and Mrs. Lockwood run in on them at their hotel last week. He describes his trip from Baltimore to Jacksonville, stating that it was a pleasant one. He says the great Florida State Fair is going on, and it is one of the greatest sights he ever saw. He says the display of Hereford stock is magnificent, the racing fine, and the exhibits in the live stock and every other department is grand. Fifteen Thousand dollars in prizes are given at this great fair. Mr. Brice says they are living on all the spring vegetables, strawberries and oranges, etc., that they can eat, and both he and Mrs. Brice are well. Mr. James Bell, another of our esteemed friends, who has been at Green Cove Springs, Fla., says: "I have had the rheumatism quite bad. I heard of this place, Green Cove Springs. I have been taking baths and drinking the water and feel very much improved. The climate here is grand, the temperature ranges from 40 to 70 degrees; roses blooming and peach trees in full bloom. I mailed you a pamphlet giving a full description of the town and springs. I expect to leave here for Orlando. You shall hear from me later."

The TRANSCSIPT is delighted to hear from its friends in the far South, and we are sure that all are having a delightful time, and we wish we were with them to enjoy the fishing, vegetables and strawberries and oranges.

STILL POND ITEMS.

Miss Lucille Parr is visiting her grandmother in Galena.

Mr. Carlton Thompson spent a few days of last week with his friends, Messrs. Charlie and Irvie Jarvis.

Mrs. A. J. Hackett spent Tuesday in Chestertown.

Rev. E. M. Cox and Mr. Samuel Pippin, of Marydel, spent Sunday at the home of Rev. E. H. Collins.

Those on our sick list this week are Misses Fay Wyatt, Christian Jones and Jewell Thompson.

Miss Nora Wiltbanks, of Kennedyville, has spent a few days at the home of Mr. and Mrs. Sam'l Joiner.

Miss Laura Norris has been spending sometime at her uncle's, Mr. James Caldwell, near Galena.

The revival is on in earnest at our church. Last Sunday a large crowd attended both services, and the evening service closed with a great outpouring of the Holy Ghost, and many people rejoiced in the Lord. One of our most Godly women was so moved by the Holy Spirit that she earnestly exhorted the people to come to Jesus. Glory to God, it was good to be there. Rev. N. H. Cox, a local preacher of Marydel, Md., was with us and preached at the evening service. At the close of an excellent sermon he related his experience in a very impressive way, telling us how for fourteen years God had kept him by power divine from the power of rum, which had been as a millstone about his neck. Also we had Mr. S. H. Pippin, of Marydel, with us, and he greatly aided in the services, singing in all the services. Mr. Pippin and Mrs. Schofield sang a very impressive duet, "When I Knelt at Mother's Knee." During the prayer meeting Mrs. John Bennett, moved by the Spirit, sang "A Mother's Prayer." These songs proved a great blessing. Oh, for such liberty in God's house.

Rev. E. C. Sunfield came to our pastor's assistance on last Monday and preached in his old time power, and the people where greatly moved and precious souls converted to God. He had to leave us on Thursday morning, yet we believe no one will ever forget his last sermon on Wednesday evening, "The World's last prayer meeting." When they will pray for the rocks and the mountains to fall upon them and hide them from the face of God—exhorting every unsaved person to make a voluntary prayer here before forced to pray that last world's prayer meeting. God bless this earnest good man, and may he soon visit us again.

Our 4th Quarterly Conference was held at the church on Saturday afternoon at two o'clock by our Presiding Elder, Rev. W. G. Koons.

Bro. Koons preached for us last Sunday evening at 7.30. He is a strong preacher, and no one can ever forget his last sermon which was such a benediction to all.

Instead of the regular topic of the Epworth League being used—The League will hold an old fashion quarterly love feast with Mr. L. W. Ford.

The revival meeting will continue this week. Come every evening. Our pastor expects good help during the week.

A committee of five appointed by the Leaders and Stewards meeting of Betterton church met the Official Board of our church at the close of our church at the close of our service, on last Tuesday evening for the purpose of having the Betterton church attached to Still Pond, and advancing the salary to $1,000.

PRINTED BY REQUEST.

Receipt is Easily Prepared at Small Cost, and Many Swear by it.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compond Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and Urinary Trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October, of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.
