Enforce Game Laws.

TO THE EDITORS:

Inquiries still continue to arrive at my office relative to the new game and fish laws as enacted by the General Assembly of 1916. In reply to such inquiries, I take this means of informing the public of the construction of the new laws as handed me by Attorney General Albert C. Ritchie:

Open sesson for squirrel, in the following counties of Maryland, namely, Baltimore, Caroline, Cecil, Garrett, Harford, Howard, Kent, Montgomery, Queen Anne's, Somerset, Washington, Wicomico and Worcester, the squirrel season opens August 15th and remains open until Oct. 1st. then remains closed until Nov. 10th, then open again until Dec. 24.

The following counties were exempt from this law on squirrels, and can shoot them only from Nov. 10th to Dec. 24th, namely: Anne Arundel, Calvert, Dorchester, Prince George's, St. Mary's and Talbot. Mr. Ritchie's opinion states that these counties only asked for exemption from the new dates contained herein above, and accordingly, their season remains as it was heretofore.

Squirrel season in Frederick and Alleghany counties—Frederick county has a special law allowing squirrels to be shot from August 25th to Dec. 24th, Alleghany county has a special law allowing squirrels to be shot from Sept. 15th to Dec. 14th. These two bills were signed by the Governor at a later date than the State-wide bill on squirrels, therefore, the law in these two counties supercedes that State law.

Open season for Doves—Doves cannot be shot in any part of Maryland except in Talbot county, and in this county, from Aug. 15th to Dec. 24th only.

New Fish Regulations—The new law specifies no person shall catch or kill any white or yellow perch less than 7 inches in length, or any pike less than 14 inches, or any rock or striped bass less than 10 inches, or any tailor (or blue fish) less than 8 inches, or white catfish under 7 pounds. Or any sturgeon less than 20 pounds. This law prohibits the buying or selling or exposing for sale of any fish herein mentioned, also the catching of under and oversized fish. No dealer receiving under or oversized fish can expose or offer same for sale at any time. I especially call attention of all fish dealers in Maryland to this new law, and shall expect them to take notice and govern their sales accordingly, as the Deputy Wardens have orders to strictly enforce this law.

I shall expect all Deputy Wardens to be on the lookout for violators of our game and fish laws. The unlawful catching and sale of undersized fish has worked very injuriously to the industry in our State for years past, and I appeal to the Justices of the Peace and Judges of all courts to help our commission break up this wholesale slaughter of our food supply by prosecuting all offenders brought within their jurisdiction.

We have opening for some good men to act as Deputy Wardens in the following counties: Cecil, Kent, Queen Anne's, Talbot, Wicomico, Somerset, Worcester, Calvert, Caroline, Charles, St. Mary's and Howard counties. The other counties of Maryland are very well covered. Anyone wishing to act, will please notify the State Game Warden, at which time he will take the matter under consideration.

E. LEE LECOMPTE,
State Game Warden.

THE STORE THAT GETS THE NEW STYLES FIRST

When you come to Baltimore to shop—as you probably do at intervals during the year—you will naturally feel safest in the store whose stocks are always fresh.

It is a matter of pride with us——and a matter of principle as well—not to allow old-style or shopworn merchandise to accumulate.

Periodically, we hold special sales in which this merchandise is disposed of at ridiculously low prices. We would rather give it away than permit it to remain in stock.

As a result, whatever is shown to you as new at Hochschild, Kohn & Co's is new.

The woman who does not keep in close touch with the styles can buy here with perfect safety—and our people will be glad to give helpful advice and assistance to anyone who is in doubt as to what to choose.
