DOWNWARD COURSE

Fast Being Realized by Chestertown People.

A little backache at first.

Daily increasing till the back is lame and weak.

Urinary disorders quickly follow;

Diabetes and finally Bright's disease.

This is the downward course of kidney ills.

Don't take this course.

Michael Murphy, living on Warren street., Havre de Grace, Md., says: There is no doubt in my mind about Doan's Kidney Pills being good for kidney trouble. I used them some years ago and was cured of kidney complications that had affected me for many years. I made a statement to this effect in 1902 and I am glad to confirm it at this time, as the cure Doan's Kidney Pills made then is as fresh today, April 22, 1907 as it was when it was first made. There was a dull, aching pain across my loins just over the kidneys, and there was an unnatural condition of the kidney secretions, particularly during the night, as I would have to get up so often to avoid them. I became so sore and lame in bed at night that I would have to change my position every little while on account of the severe pain. Stooping or lifting was bound to bring on sharp, shooting twinges across my loins until I saw Doan's Kidney Pills advertised and got a box. I noticed a marked change in my condition and continued their use, taking in all three boxes, when a complete cure was effected. It gives me pleasure to reiterate all I said in my former statement, and you are at liberty to continue the publication of my name recommending Doan's Kidney Pills."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Cat Worth $40,000 Dead.

Wilkes-Barre, Pa., May 7.—Blackie, the only cat in the world with a private fortune of $40,000, died here today, being chloroformed to end its pain when it was seen that its illness was hopeless.

Blackie and his sister Pinkey were left $40,000 by the late Benjamin F. Dilly, of this city, the income to be used in providing for them as long as they lived. They were born in 1892 and were Dilly's favorite pets until his death in 1905. Besides providing money for their maintenance, he appointed Miss Addie Ruch to take care of them, and she is to have a substantial pension until her death. Then the estate is to be divided, $5,000 expended in erecting a fine fountain for human beings, animals and birds and most of the rest given to charity.

Pinkey died two years ago and Blackie became sole heir to the fortune and lived a life of indolent ease upon it. Miss Ruch has been seriously ill in a hospital for three weeks, and her absence seriously affected Blackie.

A calf without a tail was born on the farm of George Tenley; a hairless calf appeared on Ned Cooper's place, and a calf with six legs was born on Stanley Holland's farm.
