FOOT CHAM

A ship without a rudder is no more helpless than a woman without novelty, grace and charm in her footwear, for in this very important matter os stylish dressing she may be drifting steadily in the wrong direction.

The smart appearance of our Fall models in high lace shoes in two tone effects give the desired stylish and popular individuality at once—but not at the expense of a woman's foot comfort or her economic satisfaction, at $2.50 and $7.50 a pair.

Some Valuable Information.

The TRANSCRIPT takes pride in announcing to the public that the hospital fund which is being raised by our public spirited women now amounts to more than $1,000. Through the noble efforts of Miss Gussie D. Cannan and Miss Mayme Thompson in their last entertainment for the benefit of the fund, the amount was raised to more than $1,000. This money is now in bank drawing interest at 4 per cent. annually and not one penny of it has been or is now being used for any purpose. The fund is simply awaiting some public effort for utilization and it seems to us that our citizens and people generally throughout the town and county should get together and take steps to establish an emergency hospital in Chestertown. It is a reflection upon our town that our people take no interest in an urgent necessity like this, while our sister towns of Elkton, Easton, Cambridge and Salisbury are supporting splendid institutions. Here is already a nucleus of more than $1,000 with which to provide funds for the establishment of a hospital. Cannot some public movement be inaugurated for advancing this splendid movement.

Disastrous Fires.

The dwelling on the farm in Queen Annes tenanted by Robert Walmsley was destroyed by fire at three o'clock on Thursday morning together with most of the contents. The fire originated in a closet in the second story, and its origin is unknown. The loss on the dwelling, which is owned by Mr. Wesley Moffett, of Millington, is about $2000 with insurance of $1050. Mr. Walmsley's loss on his furniture is about $150. None of Mr. Walmsley's neighbors knew anything of the fire until next morning.

A dispath from Far Hills, N. J., on Thursday stated that the home of Mr. and Mrs. George Brice was destroyed by fire Wednesday night. No particulars of the fire were given, nor was the extent of the loss stated. Mrs. Brice and children had but recently removed from Kent, and their home was handsomely furnished. Since writing the above a letter received by Mrs. Wm. R. Aldridge from Mrs. Brice states that the fire originated from a defected flue about lunch time. The house was totally destroyed, but all furniture and clothing was saved. The furniture has been stored and the family are with friends until the residence is rebuilt. The loss is fully covered by insurance.

Thomas Smith, of Queen Annes, as the champion corn grower of the state and on Thursday was awarded the Governor's prize, a watch, when the boys visited the Governor. HOG CHOLERA CURE.
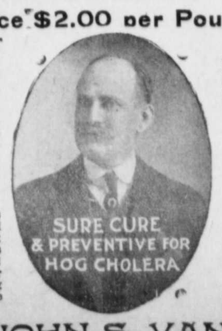
Price $2.00 per Pound.

Mr. Wm. Cooper, Jr., near Worton Station, came to me on Friday, Feb. 4, 1916, and purchased 1 lb Cholera Remedy. When he returned home, two of his 15 hogs were dead and four were down with the disease. He telephoned me Sunday that all were getting better, and wanted another package by mail. He called Tuesday and said all were better and eating. He did not lose any after giving the remedy.

Mr. Thos. Smith, Queen Annes county, near Chestertown, had 22 large shoats. Six were sick and refused food. Used 2 pounds of remedy, cured all but one. All are well and two left over for another year. I advise keeping Hog Cholera Cure on hand. Sure preventative and cure.



Mr. George Hatcherson, near Chestertown, had forty hogs. They all died but eight. When he began giving it to the jewelers, four were down. All are up and well now.

Mr. Frank Skirven, a few miles from Chestertown, says he had twenty hogs, lost ten. I heard of your remedy and tried it on the other ten. Lost one and the rest are all right.

I sent John Comegys of Black's Station, this county, Hog Cholera Cure free of charge and he came in and insisted upon paying for it, as he said it was the best he ever tried, and farmers should know about it, as hogs were the most profitable thing on the farm.
