Mrs. Brown was hastily carried home by Mr. Connelly Beauchamp. Dr. Willson was summoned and he states that Mrs. Brown suffered no internal injuries and will probably recover from the shock in a few days.

Exhumed Body.—The body of Capt. J. E. Walmsley, who was murdered and burned in his home in Morgnec in December, 1905, and for which cause Horace Hynson is held in jail, was exhumed by Health Officer Harry G. Simpers on Wednesday for the purpose of examining the skull in order to determine whether the head had been crushed by a blow from a base ball bat as brought out at the preliminary hearing. Dr. Simpers found the skull crushed, and there were other evidences which tend to establish the theory of murder. The examination was made with the full consent of the relatives of the deceased, at the suggestion of State's Attorney Wm. W. Beck. There were present besides the health officer, Coroner John H. Greenwood, Sheriff Hadaway and Deputy Lockerman. The fractured skull is being preserved, and is in the custody of the sheriff.

COMMENCEMENT DAYS.

A DESCRIPTION OF THE FIRST AND 126th EXERCISES AT WASHINGTON COLLEGE.

Fac-Simile of the Degree Conferred Upon George Washington.

Full List of Graduates and Degrees Conferred.

SPECIAL FEATURES.

No president that our time honored institution has had in all her eventful history has done more to secure information in connection with the past history of the college than has President James W. Cain. During his career at the head of the institution Dr. Cain has gathered information that is of untold value in preserving the history of the college, and in *doing* those things that will make all future generations point with pride to their grand old alma mater. For good and sufficient reason we are unable to reproduce an entire description of the first commencement exercises of the college which appeared in the *Federal Gazette* of July 15th, 1789, of which the *Saturday Evening Post* is the successor, but Dr. Cain has in his private offices the original copy which gives the story of the commencement when the honored William Smith was the president. It was at this commencement that an honorary degree was conferred upon George Washington, of which Dr. Cain has in his possession a pen sketch of the degree as written by Dr. Smith. Dr. Cain also has a photograph of the original college building which adds much of interest to the history of the institution. The original building stood where middle hall now stands and was 163 feet in length. It was here that was developed the institution which today stands as a monument to the energy of its first president as well as to the courage and loyalty of its original Board of Visitors and Governors.

Dr. Cain proposes to use this important historical date to the good of the college in the near future and it will be prepared in such form as to make it valuable to the college library and interesting to future students as well as to the alumni. Dr. Cain and his faculty are to be congratulated upon what they are doing for the spread of the fame of Washington college, and it is fitting in this instance that we make some reference to the first commencement in connection with the

126TH ANNIVERSARY.

The 126th celebration and commencement exercises began on Friday evening with the annual banquet and reunion of the Adelphia Literary Society, of which Mr. Harris Stagg Corddry is the president. The program consisted of "Toasts" by the members of the society followed by a spread in charge of the Hotel Imperial proprietor, Mr. Joseph Lambert, and, as usual, it was served in splendid style.

SATURDAY.

On Saturday afternoon the first of the series of commencement base ball games was played between Washington College and a team from Barclay, Queen Annes county. The college team won by the score of 14 to 3.

The celebration at night was the annual reception of the Pieria Literary Society. Normal Hall, the home of the young ladies of the college, was transformed into a veritable Japanese "court," and from 8 to 11 o'clock the society received their many friends and enjoyed a delightful social evening. Those in the receiving party were: Misses Maude Townsend, Ruth Clauson, Jennie Bowers and Ethel Price.

BACCALAUREATE SUNDAY.

The spacious auditorium of William Smith Hall was crowded on Sunday morning by the graduates and their friends to hear a splendid baccalaureate sermon by the Very Rev. Edward R. Rich, Dean of Trinity Cathedral, Easton. It has been our pleasure to hear Dean Rich before, but upon this occasion he was particularly forceful, and with the theme "Be Strong," he gave the graduates some splendid advise and held up before them the christian character as the world's greatest need today. His sermon was replete with beautiful thoughts, chaste diction and wise counsel, and he greatly pleased a very large audience. The anthems by the choir of forty well trained voices under the skillful direction of Mrs. James W. Cain were splendidly rendered. At night the sermon to the christian associations, which are doing so much for the moral and spiritual life of the college, was preached by Rev. Leonard Bayard Smith, a graduate of the college in the class of 1904, and at present pastor of Christ Methodist Protestant Church, Baltimore. The sermon evidenced the fact that the association made a happy selection in the orator of the occasion, and the large audience was delighted with the forceful and eloquent manner in which Mr. Smith expounded the truth. Strange to say the themes of both sermons were similar, and yet handled in the peculiar and pleasing style of each speaker, they made deep impressions. Washington College can well afford to be proud of such men as Rev. Leonard B. Smith. He is a young man of much promise, has a brilliant mind, and a pleasing delivery. He has not missed his calling by any means, and he will make a great success in the ministry.

SENIOR NORMAL CLASS DAY.

Senior Normal Class Day exercises were held in William Smith Hall on Monday morning at 10.30 o'clock and were much enjoyed by the large audience. The motto of the class was, Nihil Sine Labore; the class flower, Golden Rod; and the class colors, green and white. The officers of the class are: president, Avis Newell Dodd; vice-president, Lois Margaret Leary; recording secretary, Mattie Rogers Whitaker; corresponding secretary, Margaret Louise Beck; treasurer, Nellie Andrews Mackie. The following program was rendered:

MONDAY AFTERNOON.

Unfortunately for the spectators a thunderstorm put an end to the base ball game between the College and the Walbrook Athletic Club on Washington Field on Monday afternoon. The rain did not come, however, before Washington College had demonstrated its superiority over the visiting team, and at the end of five innings of play had piled up 6 runs to Walbrook's 0. The feature of the game was the batting by the Washington College team. Crew knocked a home run in the first inning with Wilson on the base, scoring two runs, and from that time on there was a perfect fusillade of hits by the home boys. Score 6 to 0, four innings.

MT. VERNON LITERARY SOCIETY.

The Sixty-first anniversary of the Mount Vernon Literary Society was held in William Smith Hall on Monday evening at eight o'clock. This is the oldest society in the college, having been organized in 1847. It has done much valuable work in developing the oratorical ability and debating powers of its members and many of the students of the college revere the pleasant memories of their connection with this society. The address of welcome was delivered by the president of the society, Mr. T. Kemp Bordly. Mr. Earle G. Breeding delivered a very pleasing impromptu speech, and exceedingly creditable declamations were given by Messrs. Lewin Wethered Barroll and Thomas W. Eliason, Jr. The feature of the programme was a debate upon the subject

Resolved, That the present tendency in the United States is toward a monarchial form of government. The affirmative was debated by Messrs. Moody and Langsdale; negative—Messrs. Huey and Warren.

The Judges Messrs. L. B. Smith, J. S. W. Jones and E. Hitch, decided the question in favor of the affirmative.

The program was interspersed with excellent music by Weber's band, of Baltimore.

ORATORICAL CONTEST.

The Annual Oratorical Contest took place in William Smith Hall at ten o'clock on Tuesday morning. The class was an unusually good one and reflected much credit upon Prof. E. J. Clarke, instructor in elocution. The contestants with their subjects were as follows:

Lewin Wethered Barroll, Chestertown, Md., "That old sweet heart of mine."

Thomas Wilson Eliason, Chestertown, Md., "The Revenge."

Calvin Taylor Ryan, Bishopville, Md., "College Oil Cans."

Miss Lucy Gwyn Branham, Baltimore, Md., "Squidgicum Squee."

Conlyn Eliason Noland, Tolchester, Md., "Opportunities of the Scholar."

Purnell Johnson, Lake Shore, Md., "Supposed speech of Regulus."

The judges, Rev. Dr. H. B. Martin, Rev. W. L. White and Mr. Wilbur W. Hubbard, awarded first honors—The Simpers Medal—to Miss Lucy Gwyn Branham, of Baltimore; second honor was awarded to Mr. Lewin Wethered Barroll, of Chestertown. Weber's Fifth Regiment Orchestra, M. N. G., Prof. Charles Weber, director, rendered excellent music for the occasion.

UNVEILING OF TABLET.

A novel and interesting feature of commencement exercises following the oratorical contest, was the unveiling of a bronze tablet in the main corridor of William Smith Hall by the Senior Class of 1908. The tablet is a gift of the class to the college, and upon it is the name of the graduates of the class. The unveiling was attended with appropriate exercises. The custom inaugurated by the class of '08 will be followed by future classes.

FIELD AND TRACK GAMES.

Another innovation in the commencement exercises were the field and track games on Washington field on Tuesday afternoon at three o'clock. These games were arranged by Coach M. J. Thompson, director of athletics at the college. Mr. Thompson has done remarkable work during the year in developing the athletic feature of college life, and to him more than to any other man at the college is due the progress which the college has made during the year in all kinds of field and track sports, as well as in football and baseball. Mr. Thompson has seen the opportunity for the introduction of such sports at the college and some weeks ago a series of preliminary games were held, which proved so interesting to the spectators that a demand was made that they be made a feature during commencement week. Mr. Thompson acquiesced and the following interesting and exciting contests were run off:

Event No. 1, 100-Yard Dash—Orell, Jump, Turner, Mulligan, Wilson, Hitch. Won by Jump, First; Turner, Second. Time—10.4-5 seconds.

ALUMNI BANQUET.

The 126th Reunion and dinner of the Alumni Association of the college was held in West Hall on Tuesday evening. Charles Harley, Esq., a prominent member of the Baltimore bar, and a graduate of the college, class of '81, presided in a splendid manner. The menu was as follows:

Toasts were responded to in impromptu speeches by President James W. Cain, Hon. Jas. A. Pearce, president of the Board of Visitors and Governors, Prof. Charles E. Carroll, Supt. of Delaware schools, Dr. Ward Brinton, of Philadelphia, a descendant of the first president of the college, Mr. Harry J. Hopkins, of Annapolis, former Senator Clarence W. Perkins, Hon. Jas. E. Ellegood, and Mr. M. J. Thompson. All the speeches breathed the spirit of happy reminiscence and of deep interest in Washington college, and there was manifest on the part of all the members a disposition to make the alumni association a powerful adjunct of college life, and to enlist the membership and co-operation of all the alumni. It was a most enjoyable occasion. At a business meeting preceding the dinner the following officers were elected for the ensuing year: President, John D. Urie, Esq., Chestertown; Vice-president, Dr. John Mace, Cambridge; Corresponding Secretary, Mr. Thomas W. Perkins, Chestertown; Recording Secretary, Mr. Fred G. That a friend of the college, interested in its material advancement has provided in his will for a bequest of $25,000 to the college. Dr. Cain stated that he had authority to say that the bequest may be substantially increased by the time it becomes effective.

Announcement was also made that an alumnus and friend of the college has secured sufficient funds for the erection of a fine library building for the college in the near future.

These announcements were received with great applause by the great audience present.

ALUMNI GAME.

Never in the history of the college or of the county has such a base ball game been played as the one between the college team and the alumni association team on Washington Field on Wednesday afternoon. The two teams were so evenly matched that it was anybody's game until it was finished, and for seventeen innings both sides battled for victory, with the odds favoring first one and then the other side. Lit Moore, a former Washington College player, was on the slab for the alumni team, and the record he made was a remarkable one in view of the fact that he had not played a game before this year. Indeed, the playing of the whole alumni team was excellent in view of their lack of practice, and had they had as much experience as the regular team they may have had an easier proposition. In saying this we wish to detract nothing from the superior playing of the college team. The work of the whole team was splendid, especially the pitching of Johns, who showed fine skill in pulling himself out of a tight place with three men on bases, none out, and striking the next three batters out. But luck favored the alumni team and after the greatest battle ever seen in this county, the score was 9 to 7 in favor of the alumni. The following is the lineup:

Alumni—Massey, 1b; Lit. Crew, 2b; Hughes, ss; E. Hitch, 3b; Lit. Moore, p; Butler, c; S. Beck, lf; E. Eliason, cf; A. Brice, rf.

W. C.—Knotts, 1b; Wilson, 2b; Orell, ss; Pruitt, 3b; Johns, p; Cross, c; Turner, lf; Jump, cf; Crew, rf.

Umpire, Mr. Roy White, of Philadelphia. The column is not wide enough to tabulate the score.

The game was attended by more than 500 spectators, and as everybody was in a good humor, it was a contest long to be remembered in many respects.

A number of the graduates of the Chestertown High School will attend college next year, while others are seeking occupations.

ANY remedy that benefits digestion strengthens the nerves.

The nerve centers require nutrition. If the digestion is impaired, the nerve centers become anemic, and indigestion is the result.

Peruna is not a nervine nor a stimulant. It benefits the nerves by benefiting digestion.

Peruna frees the stomach of catarrhal congestions and normal digestion is the result.

In other words, Peruna goes to the bottom of the whole difficulty, when the disagreeable symptoms disappear.

Mrs. J. C. Jamison, 61 Marchant street, Watsonville, Cal., writes:

"I was troubled with my stomach for six years. I tried many kinds of medicine, also was treated by three doctors.

"They said that I had nervous dyspepsia. I was put on a liquid diet for three months.

"I improved under the treatment, but as soon as I stopped taking the medicine, I got bad again.

"I took the medicine for two years, then I got sick again and gave up all hopes of getting cured.

"I saw a testimonial of a man whose case was similar to mine being cured by Peruna, so I thought I would give it a trial.

"I procured a bottle at once and commenced taking it. I have taken several bottles and am entirely cured.

"I have gained in strength and feel like a different person. I believe Peruna is all that is claimed for it."

Nervines, such as coal tar preparations, are doing a great deal of harm. Sleep medicines and headache powders are all alike,—heart depressants, and should not be used. The nerves would be all right, if the digestion were good. Peruna corrects the digestion.
