Democratic Primary Election.

Notice is hereby given to the Democratic voters of Queen Anne's county to hold Primary Elections, to elect five delegates in each of the several districts of said county:

At Sudlersville—First Election District;
At Church Hill—Second Election District;
At Centreville—Third Election District;
At Stevensville—Fourth Election District;
At Queenstown and Winchester—Fifth Election District;
At Ruthsburg—Sixth Election District;
At Crumpton—Seventh Election District;

Saturday, July 7, 1906.

The delegates elected for the several Election Districts will meet in Centreville

Tuesday, July 10, 1906,

to elect four persons as delegates to represent Queen Anne's county at the Democratic Congressional Convention to be held at Ocean City.

Thursday, July 12, 1906,

to nominate one person for Congress from the First Congressional District for the terms of 2 years, beginning March 4, 1907.

The polls will be open from 2 P. M. to 6:30 P. M. The Primary Election will be held under the same rules and regulations governing the Primary Elections for the past several years.

All District Delegates selected by the respective districts to be voted for and counted by the judges at the above called Primary Elections must be filed with the State Central Committee for Queen Anne's county, on or before noon Tuesday, July 3, 1906. A failure to comply with this requirement may prevent delegates so failing or neglecting from being legally elected members of the Democratic County Convention.

All persons interested in the appointment of Judges and Clerks to serve in the respective districts of said Primary Elections, are requested to meet the State Central Committee for Queen Anne's county, in the Grand Jury room of the courthouse, at 12 M., Tuesday, July 3, '06, without further notice.

The judges will be furnished with a set of rules governing the above called Primary Elections.

What's the use? While a lot of bald-headed editors are imploring a sane and safe Fourth the small boy is preparing to put off the event in the same old way.

Alex. Berkman, the anarchist, is writing a book called "To Hell and Back." Inasmuch as he is married to Emma Goldman, some persons will be inclined to regard his remarks in the light of expert evidence.

The Maryland Prisoners' Aid Association held a meeting Wednesday in the Maryland Casualty Company's Building, Baltimore, and, among other things, adopted a recommendation to do away with hanging in Maryland and to adopt the more humane method of electrocution.

The courts are hitting the trusts hard and fast. A St. Louis court held that a concern belonging to a plumbers' trust could not legally collect a debt on which suit was brought. In Toledo five members of the Ice Trust were each sentenced to one year's imprisonment and $5000 fine. With outlawry and imprisonment both confronting the practice, conspiracy for purposes of extortion will lose its attractions.

What occurs in the meat-packing establishments has been ventilated to the point of nauseation. Now, in the House of Representatives are shown sawdust coffee, dyed cherries, glucose honey, machinery olive oil, cornmeal pepper and other commercial deceits disguised as "pure food." By the time the revelations are well over, people will be wondering whether, as we must eat to live, life is really worth living after all.

The *Union*, published at Denton, comments thus on the proposed ship canal: "The Baltimore *Sun* of Tuesday published a map of the several proposed routes for the ship canal across this peninsula. The *Sun* states that the Choptank river route has the advantage of being shorter than most of the others as the the Choptank river would afford a natural waterway for large ships to the point where they would enter the canal. We think the *Sun* has overlooked the disadvantages of the river route, as well as some of the advantages of the Queenstown route. It will be found that the river is very crooked and full of bars, making considerable digging and loss of time necessary, as the route would not be nearly as direct as it appears on the map. The Queenstown route is almost a direct line from Baltimore to Lewes where both routes would end, and it would enter the Chesapeake bay almost 50 miles nearer Baltimore. The additional distance to be dug would be but a small part of the sailing distance that would be saved. We believe this route has the advantages that are worth looking to in making this selection."

A West Point cadet endured torture for two months in having a broken leg, which had been set, broken over and reset, and then having a three hundred pound weight constantly pulling on the injured member to restore it to its normal length. He is now fully qualified to undergo any hazing operations.

A fisherman in New Orleans has caught with rod and line a bass eight feet long and weighing over four hundred pounds. The season's record so far suggests that men will soon tire of the milder excitement of the sport and the lesser fish and go whaling in future when they want to attract attention by their catch.

The merciful man is merciful to his beast, and he is especially merciful in the warm hot weather, which, with its work and worry, brings pains and penalties enough of its own without the addition of gratuitous ones in the shape of over driving and lashing. Intelligent care of working animals will prove in the end the best sort of economy to their owners.

A Chicago social expert says that good cooking will cure the drink habit, and advises all girls to learn cooking as a means to this end. His theory may be true and practical, but a course in cookery by girls generally for the purpose of curing the drunkards who are presumably to be their future husbands is not calculated to lend much added romance to love's young dream.

There is no reasonable excuse for any man to live in a town if he doesn't like it says an exchange. If you have no word of commendation to say for your town, its institutions or people, emigrate. You won't stop the town clock by going away. The church bells will have the same musical ring, the little dogs will play just as well and the pure air, bright sunshine and sparkling water will have the same health giving properties. Speak a good word for your neighbor, if you can; if you cannot, don't everlastingly enlarge on their faults. If you have become thoroughly disgusted move away; go somewhere, where things will suit you.

There is no need worrying along in discomfort because of a disordered digestion. Get a bottle of Kodol for dyspepsia, and see what it will do for you. Kodol not only digests what you eat and gives that tired stomach a needed rest, but is a corrective of the greatest efficiency. Kodol relieves indigestion, dyspepsia, palpitation of the heart, flatulence and sour stomach. Kodol will make your stomach young and healthy again. You will worry just in the proportion that your stomach worries you. Worry means the loss of ability to do your best. Worry is to be avoided at all times. Kodol will take the worry out of your stomach. J. S. Denny and Wye Mills drug store.

An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of stomach and bowels. 25c. J. S. Denny.

Notice to Taxpayers.

All delinquent taxpayers are notified that all taxes for 1905 are overdue, and unless paid on or before July 15, 1906, will be collected according to law. By order of the Town Commissioners of Queenstown.

WM. C. McCONNOR, Clerk.

Freighting from Wye river

Captain W. H. C. Hoxter, will run the gasoline sloop Four Sisters, from Wye river to Kent Narrows, making landings at Wye Bridge, Wye Ferry, Public Landing, Shipping Hole. Will stop at the mouth of Greenwood and Sawmill creeks provided arrangements can be made with shippers.

Crabs, fish, vegetables, fruit and all line of freight and express (except live stock) will be received and connections made at Narrows station with the M. D. & V. Ry., daily, except Sunday.
