THE EMERSON BRANTINGHAM E-B LINE FARM MACHINERY

Your Guide to Better Farming

The Emerson Farm Tractor
12 h. p. on Draw Bar—20 on Belt; 4-cylinder Engine—2 Speeds. Hyatt Roller Bearings. Light Weight—Economical of Fuel.

E-B Foot Lift Plow
Light draft—easy to handle. Equipped with Quick, Detachable Share, removed or replaced in 5 seconds without tools.

E-B Cultivator
No levers—control it with your feet. Easy control of gangs—easy on the horses' necks. Telescope axles—broad, concave tires—long distance magazine wheel boxes.

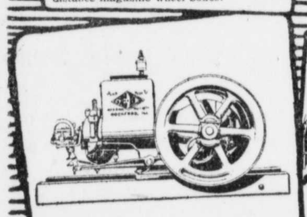
We are glad to recommend E-B Implements. We know that they are built up to the highest ideals in quality and are sold at fair prices through economy in manufacturing methods.

Each implement in the E-B line was created to fill an actual need—to do farm work better, in less time or at lower cost.

What do *you* need in new farm machines for your spring work? Come in and let us fill your needs from the E-B line. If our stock does not include the machine you need, we can quickly get it for you.

The E-B line includes the following:

Plows	Hay Tools	Tractors, Kerosene Engine Plows
Harrows	Listers	Steam Engines
Cultivators	Gas Engines	Threshers
Mowers	Wagons	Corn Shellers
Spreaders	Buggies	Saw Mills
Drills	Auto Trailers	Baling Presses
Planters	Potato Machinery	



E-B Gas Engine
1½ to 6 H. P.—magneto equipped—on skids or portable type—for all farm work.

E-B Low Down Spreader
Spreads evenly 6 ins. wider than the wheels. Chain drive—steel construction. Light draft, weight 1800 lbs. 50 bushels capacity.

E-B Standard Mower
Lever and spring transfers cutter bar weight to drive wheels. Increases traction or cutting power.

Bethlehem's Bid on Shells for the United States Navy

To the American People:

The Secretary of the Navy has awarded contracts amounting to over $3,000,000 to a British bidder for 14 and 16-inch projectiles for the Navy because of very much lower prices offered by the English bidders.

We know nothing of the basis upon which the British bids were made, but the public is entitled to know the facts upon which we ourselves bid for this work.

Two years ago we took contracts to make 4,200 14-inch shells at a price of $1,515,000. Up to now not a single shell has been accepted by the Government, although we have expended, in wages, materials, etc., on these orders $522,881, and we have not received a SINGLE DOLLAR on these contracts.

In addition, a literal interpretation of the contract might make us liable for penalties amounting to $678,010.

In the light of our experience, and having no other basis, we bid for 16-inch shells approximately the same rate per pound as that which the Navy Department actually awarded a 14-inch shell contract one year ago.
