The President's Appeal.

Here are the great thoughts in President Wilson's wonderful appeal to the people of the country to do his duty:

"We must supply abundant food for ourselves . . . and for a large part of the nations with whom we have now made common cause.

"We must supply ships by the hundreds.

"The industrial forces of the country—men and women alike—will be a great service army engaged in the service of the nation and world, the efficient friends and saviors of free men everywhere.

"The importance of an adequate food supply, ESPECIALLY FOR THE PRESENT YEAR, is superlative.

"Upon the farmers of this country in large measure rests the fate of the war and the fate of the nations.

"I call upon young men and old alike to turn in hosts to the farms.

"I appeal to farmers of the South to plant abundant foodstuffs as well as cotton.

"To the middlemen of every sort: The eyes of the country will be especially upon you. The country expects you as well as all others to forego unusual profits.

"This is the time for America to correct her unpardonable fault of wastefulness and extravagance.

"These things we must do and do well, besides fighting—the things without which mere fighting would be fruitless."

An apparatus is being installed at the milk station for the manufacture of curd from skimmed milk. Same will be in operation in a few weeks. Mr. Samuel Wallis is the manager of the milk station, while Mr. Harry Fowler is assistant. The place is kept almost spotless and these men are hustlers.

Corn Planters

Last year we began selling the C. B. and Q. Planter and the results were so satisfactory that we wish to recommend it to our customers. We made a purchase of these machines last fall for this season's needs and it places us in a position where we can save you money over to-day's prices. Come and look the planter over, or better still, take one out and try it on our guarantee plan of satisfactory service. It has every improved feature of any planter made and is an absolutely accurate dropper.

We have the well-known "Bucks" Marker, which is the most simple and the cheapest on the market. Do you need one?
