Primary Election Notice.

Democratic Primary Elections will be held in the several election districts of Queen Anne's county at the places for holding elections, on

Saturday, July 27, 1907,

to nominate candidates for the following offices:

For the State Senate.
For three members of the House of Delegates.
For State's Attorney.
For County Treasurer.
For Register of Wills.
For seven County Commissioners, one to be selected from each election district.
For Sheriff.
For County Surveyor.
For three Judges of the Orphans' Court.
For three members of the State Central Committee.
For seven delegates to the State Convention, one to be elected from each election district, and the seven so elected to name the eighth delegate.
For five delegates from each election district to meet in County Convention on Tuesday, July 30, to ratify the result of the Primary Election.

All registered and qualified voters of the county who desire to participate in the Democratic Primary Elections may do so without any oath being required. In the cases of those who have become of age since the last general election, and those who will become of age and thereby be entitled to register and vote at the next general election, upon proper proof being produced to the election Judges in the district or precinct wherein they reside on the day of the primaries, and, such proof being satisfactory to the judges before mentioned, will entitle them to participate in the Primary elections.

If any of the judges fail to be present and act, the one or more present shall fill the vacancy, in conjunction with the Advisory Committee.

Each Democratic voter will vote by ballot for the persons he prefers for each of the several offices to be filled.

The clerks shall keep a list of the persons so voting, and at the close of the polls deliver the same to the judges.

The judges of each district and precinct shall preserve the ballot boxes and ballots cast and list of voters in each precinct, and shall make a return of the same to the State Central Committee in Centreville on Tuesday, July 30, at 11 o'clock, A. M., and a duplicate return to the County Convention, which meets in Centreville on Tuesday, July 30, at 2 o'clock, P. M., said returns to contain the number of votes cast for each candidate for the several offices; and shall also return the ballot boxes containing the ballots as cast and list of voters therein, to be sealed and signed by said acting judges, to said State Central Committee.

Such returns shall be verified by the signatures of the judges, or by a majority of them, and shall be preserved by the State Central Committee until the November election following, and shall at all times be open to the inspection of any person interested therein.

On receiving such returns the State Central Committee shall ascertain the result throughout the county, and shall certify the same to the County Convention, to meet in Centreville on Tuesday, July 30, 1907, at 2 o'clock, P. M. And the said convention shall declare and publish the same in the Democratic papers in the county, announcing the person or persons receiving the largest aggregate vote for each office as the candidates for the Democratic party.

In case of a tie vote, the candidates shall be determined by the County Convention which meets in Centreville on Tuesday, July 30, 1907, publicly in the presence of all who may desire to attend.

If, after the announcement of candidates, any nominee shall decline, remove from the county or die, the County Convention shall substitute the person having the next highest vote, who is qualified as above.

Any ballot containing more names for one office than are to be nominated, shall not be counted for that office.

The ballots to be used at the Primary election above called shall be prepared and printed under the direction of the State Central Committee, and each precinct shall be provided with a sufficient number of ballots for the primary election.

The polls will be opened at 12 o'clock, M. and continue open until 8 o'clock, P.M. of the same day.

The belle of a church social in Pennsylvania ate so many plates of ice-cream to show no partiality to the young men pressing ice cream and attention upon her, that she died from the effects. There is a moral in this to young men not to buy too much ice-cream for pretty girls who are too good-natured to refuse.

A bill in equity has been filed by the Government in the United States Circuit Court for the Southern District of New York against the American Tobacco Company and the companies associated with it, charging that that corporation is a monopoly in restraint of trade in violation of the Sherman law. The filing of this bill is understood to be the first step in the institution of a new policy by the Government, the purpose of which is to break up absolutely the business of monopolistic trusts. The fundamental idea of it is that the conduct of the business of such a combination as the Tobacco Trust is permeated through and through by lawlessness—that is to say, a continuous violation of the anti-trust law, the stopping of which can be effected in no other way than by the Government assuming charge of the business until it can be put upon a basis not violative of the law. The determination of the legal merits of this contention will be watched with great interest not only in legal and business circles but by the entire nation. The future of private monopoly in this country is by all odds the most crucial question of the time.

A Detroit preacher gives it as his opinion that Satan rides in an automobile. One of the scorchers, undoubtedly.

Now a pessimistic expert comes forward to declare that our present supply of anthracite coal will last only seventy-five years longer. This ought to make us still more anxious to get in our summer coal.

A scientific astronomer announces that the next step in the study of the planets will be to find out if they are inhabited by beings like ourselves. In that case, with such rings as are all around Saturn, the bosses on that planet must make ours looks like the proverbial thirty cents.

Now it is gravely announced as a discovery that hades is located in the sun. And there are days when the thermometer climbing up around the one-hundred mark lends corroborative detail to the theory in the minds of those who do not belong to the "Don't - Worry - and - Keep - Cool" Club.

A young lady in a New York town celebrated the Fourth by going up 5,000 feet in a balloon, dropping out and falling in the middle of a river, being rescued when almost drowned, and then getting married, all in the course of one afternoon. No celebration surpassing this in variety and strenuosity is on record.

Gotham waiters are to build a $200,000 clubhouse out of tips they have received. This will give the public some idea of the tribute they pay to the knights of the apron, in case anybody doubts that the tribute is of appreciable dimensions. It is needless to say that the new clubhouse will be quite a typical affair.

Mayor Schmitz, of San Francisco, has been sentenced to five years in the penitentiary. Political and corrupt bosses have been borne out and then in again on waves of popular reform or relenting, but few of them have survived the disgrace of a term in prison. The sentence in this case of the mayor will probably have a strong deterrent effect on all the boodlers and grafters.

If You Are Sick

It is because some of the organs of the body are not doing their work well. There is a lack of that nervous energy that gives them motion. Consequently you are weak, worn-out, nervous, irritable, cannot sleep; have headache, indigestion, etc. because there is not sufficient nerve force to keep the organs active and allow them to perform their natural functions. Dr. Miles' Nervine restores health because it restores this nervous energy.

"I have been sick for a year, and did not know what was the matter with me. I tried many remedies and none of them proved of any value. I heard of Dr. Miles' Nervine. I procured a bottle, and before I had taken half of it I was better. I would have had nervous prostration if I had not got this medicine when I did. I continued to take it until I was entirely well. I have since recommended it to five of my lady friends, and they have all thanked me for doing so, for it benefited them all."

MRS. ROSE OTTO,
159 S. 3d St., Columbus, Ohio.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

REPEATING SHOT GUN
NEW MODEL No 17

Here is the cheapest good gun yet made. By the omission of the take down feature we have been able to greatly reduce the cost of production and at the same time have kept the gun up to the famous high *Marlin* standard of strength, safety and durability. Notice the clean simplicity of this gun. The workmanship and finish are perfect. The weight is only 7 pounds. The full choke barrels are especially bored for smokeless as well as black powder and so chambered that 2¾ inch or 2½ inch shells may be used. Several improvements in the operating parts make it the easiest, most reliable and best working gun in existence. We are glad to make it possible for every lover of guns and bird shooting to get the high grade repeating shot gun at so low a price.

Passed Stone and Gravel With Excruciating Pains

A. H. Thurnes, Mgr. Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pains. Other medicines only gave relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me $1,000 worth of good."

No Other Remedy Can Compare With It

Thos. W. Carter, of Ashboro, N. C., had Kidney Trouble and one bottle of FOLEY'S KIDNEY CURE effected a perfect cure, and he says there is no remedy that will compare with it.
