Warrants For Railroad Officials

As a result of the accident at the Bridge street crossing Elkton, last Thursday night week when Mr. and Mrs. Samuel Simmons, their son Ward, age years, and George Foster were killed by the New York and Washington express, State's Attorney Charles B. Finley, Jr., swore out warrants Friday before Magistrate Charles P. Bartley for A. J. Whitney, Wilmington, superintendent of the Maryland division of the Philadelphia Baltimore and Washington Railroad, J. R. English, supervisor, Wilmington, and M. Rafferty, Elkton, track foreman of the Elkton section.

John Lotman, the watchman, was arrested the day after the accident charged with manslaughter, and held for the September grand jury.

Pale Faced Women Take Phosphates to Make Rosy Cheeks and Beautiful Forms. Men Need Phosphates to Make Strong, Healthy, Vigorous Bodies.

Athletes increase their strength, energy and endurance 200% or more by simply taking a few weeks treatment of Argo-Phosphate.

Atlanta, Ga. Dr. F. A. Jacobson says that Phosphates are just as essential to any man or woman who tires easily, is nervous, or irritatable, worn out, or looks haggard or pale to make a strong, robust, vigorous healthy body, as they are to cotton to make it grow. The lack of Phosphate is the cause of all enemic conditions and the administration of 5-grain Argo Phosphate tablets will increase the strength and endurance of weak, nervous, care-worn men and women 300 per cent. in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim, vigor and vitality to the whole body. I always prescribe Argo-Phosphate to patients who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy cheeked beauty. There can be no rosy cheeken, healthy, beautiful women, without their system is sufficiently supplied with Phosphates. In recent interviews with physicians on the grave and serious consequences of a deficiency of Phosphates in the blood of American men and women, I have strongly emphasized the fact that doctors should prescribe more phosphates in the form of Argo-Phosphate for weak, worn out, haggard-looking men and women. When the skin is pale, and flesh flabby, it is a sign of anema. When the phosphates go from the blood, the pink cheeks go too. The muscles lack tone. They become nervous, irritable, despondent, melancholy, the brain fags, and the memory fails. Therefore, if you wish to preserve your beautiful vim, vigor and vitality, to a ripe old age, you must supply the deficiency of Phosphates lacking in your food by using Argo-Phosphate, the form of Phosphates most easily assimilated.

NOTICE: Argo-Phosphate which is recommended and prescribed by physicians in all enemic cases, is not a secret or patent medicine, but one that is sold and recommended by well-known druggists everywhere, and physicians are daily prescribing the constituents contained in it. Being entirely unlike many other Phosphates, it is easily assimulated and will be found effective in the treatment of indigestion and stomach troubles, as well as for care-worn, nervous conditions. The manufacturers of Argo-Phosphate will forfeit to any charitable institution $200.00 if they cannot treat any man or woman under 65 who lacks Phosphates, and increase their strength and endurance from 100 per cent. to 300 per cent. or more in one month's time, if they are free from organic trouble. It is dispensed by all reliable druggists.

If your druggist will not supply you, send $1.00 to the Argo Laboratories, 10 Forsyth St., Atlanta, Ga., and they will send you a two weeks treatment by return mail.
