SATURDAY, November 30, 1907.

In the death of the former editor of The News, John M. Aker, we lose a wise counsellor, an energetic and enterprising citizen!

We wish to extend to his and our friends our heartfelt thanks for their kind words of condolence and other assistance rendered us during our recent bereavement.

The society of a Georgia city is considerably alarmed over the action of the grand jury in taking up the cases of society leaders for using wine and other intoxicants at social functions. This wave of reform will leave society high and dry—painfully dry.

Chicago recently had a woman appointed on its police force, but the dispatches state that it has not yet been decided what her weapon of authority will be. A baton and a [illegible] would doubtless be fairly useful, [illegible] history is to be relied upon at all, woman's best weapon upon all occasions [illegible]her tongue.

Two desperate rivals in a New Jersey town decided to settle their claim to the hand of the girl both were in love with by a regularly arranged prizefight. The end was an unusual one for such trials of love and valor. After they had battered each other into sorry spectacles they were arrested and fined, and then both were rejected by the girl on the ground that they were savages, and she wanted nothing more to do with either. It is thus that at intervals the romantic folly of youthful passion is enlivened by brilliant flashes of common sense.

If the predictors of a drop in prices of food staples do not prove deserving of the incredulity that is visited upon the weather prognosticators and the election prophets, there will be rejoicing in the land. As a wholesale sign of the times comes the announcement that Armour, the meat king, has used the meat ax upon prices, and all sorts of cuts will soon be had at cut rates. But the prospect is too full of hope for the expectations of the masses. It is too suggestive of an ethical regeneration of the men who handle the foods that Uncle Sam now stamps pure. If it depended upon action by the food-stuff trusts, a reduction would be as likely as finding the pot of gold at the end of the rainbow. But they who are versed in the occult mysteries of economic law have had their ears to the ground, and they have, or profess to have, heard the molecular commotion in the atomic elements of industry that, like all atoms, have a common quality. Those experts proclaim with some degree of confidence that the millenium of a rational livelihood is at hand. Indeed, the era of cheaper living is scheduled for the first of the week, when meats, poultry, eggs and butter are expected to be shorn of some of their aristocratic airs.

"Mentally irresponsible" is another form of insanity that is set up as a defense for murder. At this rate, we will soon reach the point when anger will be insisted upon as a condition of mind that makes one unaccountable for his deeds. We have heard of the phrase "crazy mad," and this will be taken from common parlance and given a legal significance in a murder trial. And then, if a man is so "mad, that he can't see," which is often said of persons, why may not this be twisted into a theory of temporary insanity?

That is the tendency of things. Our definition of insanity is losing its precision and taking up with all sorts of whims and vacuities, so the term is liable to become any old thing that a shrewd attorney could beat into a juror's head. And it is getting worse all the time, so the time is not far when a murder trial will be a farce; indeed, if we haven't pretty nearly reached there now.

There has been an effort of the courts to restrain this reckless use of a noble plea, but the juries seem to cut loose from the influence of the court and take hold of some of the vagaries of the "unwritten law," and thus set at naught the statute in violation of their sworn duty. There [illegible] institution established [illegible] all lawless trials.

Pedestrian Weston has reached Chicago a day ahead of his schedule time. As the gentleman is close to three score and ten footing the way across the country at this rate is a feat that certainly should silence any promoters of the Oslerian theory.

According to latest statistics thirty-four persons have been killed and sixty-seven wounded since the beginning of the hunting season. It is a pity that a Hague conference for the purpose of mitigating the horrors of this manly sport cannot be organized.

It is now suspected that the New Rochelle woman who killed her husband and herself in an apparent fit of insanity was really a second Mrs. Chadwick. Women so far have proved a failure in frenzied finance. They should leave it to the sterner sex, as they are proverbially bad losers.

The claim made by Surgeon General Rixey, of the United States Navy, that the smoking of cigarettes is responsible for many of the cases of pulmonary tuberculosis that occur among the men of that body is an interesting one. The cigarette has long been considered a dangerous luxury, and, taking into consideration the opinion of Dr. Rixey, the statement that during the past three months the crew of the ship Missouri —7,000 men—used 1,500 books of cigarette papers, 1,200 pounds of tobacco and 37,000 cigarettes, the fact that the ratio of men suffering from pulmonary troubles in our Navy is larger than in the navies of either Germany or England is not surprising. As a matter of precaution and common sense this devotion to the cigarette should at least be curbed to a very great extent.

You can't be well if you have a weak, unhealthy, tired out stomach. Neither can you feel good if by some little irregularity in your eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may and very often does turn into a very bad case of dyspepsia. Don't allow this to go on a single day without doing something to overcome it. Take some good reliable and safe digestant like Kodol for dyspepsia. Kodol is the best remedy known today for heartburn, belching and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. J. S. Denny and Wye Mills drug store.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by J. S. Denny and W. E. Collier. 50c. and $1. Trial bottle free.

Wood's Grass and Clover Seeds.

Best Qualities Obtainable and of Tested Germination.

Fall is the best time for sowing. You rest and improve your land, and rest yourself, by putting fields down in permanent grasses and clovers.

Write for **Wood's Descriptive Fall Catalogue**, telling best kinds to sow, quantities to sow per acre, and giving full information about all seeds for fall planting, both for the

Farm and Garden.

Catalogue mailed free on request.

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only $12.00 worth of Dr. Miles' Heart Cure and Nervine, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had continued with the doctor until the third doctor, like the two previous ones, said that nothing could be done for her; that she had better be taken home from the hospital to quietly wait her time, which would not be over 6 weeks at the most. I brought her home, and then I thought probably Dr. Miles' Heart Cure and Nervine might help her, so I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years."
REV. P. MILLIGAN,
Genda Springs, Kans.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

FOLEY'S KIDNEY CURE
Makes Kidneys and Bladder Right

FOLEY'S HONEY AND TAR
Cures Colds; Prevents Pneumonia

KENNEDY'S LAXATIVE COUGH SYRUP

Mothers endorse it — Children like It — Tastes so good

E. C. DeWITT & Co. CHICAGO

Nearly all other cough cures are constipating, especially those containing Opiates. Kennedy's Laxative Cough Syrup moves the bowels, contains no Opiates.

J. S. DENNY and WYE MILLS DRUG STORE

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE

corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted *from* disordered Kidneys disappear because the *cause* has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not wait having Bright's Disease or Diabetes.

CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elnora, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefitted.

Two Sizes, 50 Cents and $1.00.
