"IN A BAD WAY."

Many a Chestertown Reader Will Feel Grateful for This Information.

When your back gives out;
Becomes lame, weak or aching;
When urinary troubles set in,
Your kidneys are "in a bad way."
Doan's Kidney Pills will cure you.

A. Cooper, 425 East North Avenue, Baltimore, Md., says: "I made a statement four years ago recommending Doan's Kidney Pills. My wife and I had both been cured of kidney complaint by their use. The cure is as fresh today, April 3rd, 1907 as it was when first made and it gives me pleasure to reiterate all I said in my former statement. Both my wife and myself had been ailing with our backs for many years. Our kidneys failed to act naturally, every little change in the weather or any little over-exertion caused us to have aches and pains across our loins and with a dead tired feeling of lassitude and languor pervading our whole system which everything tried failed to remove until I finally got a box of Doan's Kidney Pills. We both used them and they strengthened our kidneys so that they were able to perform their functions properly, removed the cause and ended the complaint. We would recommend Doan's Kidney Pills to every kidney sufferer."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Rural Mail Carriers Meet.

The fifth annual meeting of the Maryland Rural Letter Carriers' Association was held Monday in the Baltimore postoffice. During the morning the session was in an uproar and the discussions were quite spirited. The most pronounced split was over the compensation clause in the proposed constitution and by-laws. There was a clause to allow pay for the officers for attending the conventions. Finally it was agreed to amend that section of the constitution to read so that only the secretary should receive $2.50 a day and his traveling expenses when attending to the routine work of the association, but not when attending the conventions. An increase in the dues of each member from $1.50 to $2 a year was made, the increase of 50 cents being in the national association dues. A fee of $5 was adopted as the amount for membership of persons from unorganized counties. At the afternoon session the officers were elected for the ensuing year and an address was made by Postoffice Inspector Hathaway. He said that patience, good humor, punctuality, accuracy and popularity are essential to the making of a good rural carrier, and advised that when a road is in bad condition it be reported, so that the service on it might be discontinued if the road is not improved.

A Grateful Cat.

A member of the Charcoal Club tells the following tale:

"I once had a cat which sat up to the dinner table with me and had his napkin around his neck and ate his fish from a plate. He used his paw, of course, but he was very particular and behaved with extraordinary decorum. When he had finished his fish I sometimes gave him a piece of mine. One day he was not to be found when the dinner bell rang, so we began without him. Just as the plates were put around, puss came rushing upstairs and sprang into his chair with two mice in his mouth. Before he could be stopped, he dropped a mouse on his own plate and then one on mine. He had divided his dinner with me, as I had often divided mine with him."

Look at your wheat and rye—study them well before cutting.

Too much stalk and leaf in proportion to your grain, means *too much* nitrogen in your soil.

Use fertilizers with at least 6 per cent. of Potash. A stronger stalk and heavier head will be the result. But most fertilizers are too low in Potash, and if you cannot get the right brand, then make your brand complete by adding 15 pounds of Muriate of Potash to each 100 pounds of your mixture.

Complete fertilizer (2-8-6) means best crops and biggest profit.

Every agent sells phosphate. Few carry Potash in stock. Arrange for Potash *now*. *Potash is profit.*

Send for our books containing *facts* about soil, crops, manures and fertilizers. Mailed free.
