AUCTIONEER

THIS IS TO NOTIFY THE PUBLIC THAT HAVE REMOVED TO CHESTERTOWN AND AM PREPARED TO CRY SALES IN KENT AND QUEEN ANNES COUNTIES ON REASONABE TERMS.

JOHN T. JESTER, Auctioneer,

CONTRIBUTIONS BY PEOPLE OF CHESTERTOWN FOR UNCLE SAM'S SHELF WEEK.

Uncle Sam's Shelf Week was a great success. It was held under the auspices of the Economic Section of the Woman' Defense Council of Maryland. The contributions were asked for a Thanksgiving treat for the soldiers and sailors of Maryland's forts and camps.

Kent county responded loyally. The total contributions amounted to about 912 containers of canned goods and jellies. This filled 11 barrels and 16 boxes. One barrel and one box of this was from the colored people of Kent county to the colored soldiers of Camp Meade.

One barrel and one box were shipped to Fort Howard and the other ten barrels and 15 boxes sent to Camp Meade, according to instructions from the Baltimore chairman of Uncle Sam's Shelf Week.

I wish to express my thanks and appreciation to each person in Chestertown and the county who contributed so generously and made the "shelf" such a splendid success. I wish, too, to especially thank Mrs. Charles Embert, who, through personal solicitation, procured over 60 jars of canned goods and jellies in Chestertown; also Mrs. Charles Brice, of Betterton,, through whose solicitation a barrel was sent from there, and the Reverend Dr. Prettyman, of Rock Hall, who sent a barrel, and to the chairman of each of the other Red Cross Units in the county whose personal solicitation procured the splendid contributions that were sent.

Chestertown.

REPORTS FROM THE WAR Y. M. C. A. FUND SHOW KENT DEFICIENT.

Must Raise $1200 More To Reach Its Full Quota

A meeting of the workers of the nine Eastern Shore counties for the work of the War Council of the Y. M. C. A. was held at Cambridge last Monday evening, at which were present over 70 persons. Mr. Fred P. Adkins presided, Mr. B. F. Freeman acting as secretary. Addresses were made by these gentlemen and by Messrs. J. Frank Harper, G. Alan Goldsborough, Col. A. W. Sisk, W. Mason Shehan and others.

Great enthusiasm and splendid spirit was manifested. An organization for the period of the war was effected, to be known as the "Eastern Shore Division of the War Work Council of the Y. M. C. A.," with the following officers, President, Fred. P. Adkins, Salisbury; Secretary and Treasurer, E. G. Cover, Easton. All representatives at the meeting to be charter members of the association. It is contemplated that the association shall have and maintain a secretary in France for the special care and interest of soldiers from the Eastern Shore.

Kent Co. reported cash collected	$2893
In reasonable sight.....	400
Total	$3293

Deficient on our quota, $1200.

Kent was the only county which did not then pledge its full quota, but must and will produce it.

All team captains are urged to continue their earnest efforts for further contributions to be reported to Charles S. Smith, treasurer, at 6 p. m., Saturday, November 24th.

The reports received show that the nine counties have now raised $42,000 and there is every assurance that more than $50,000 will be raised.

Let us not suffer Kent county to be in default.

JAMES A. PEARCE, Chairman.
CHAS. S. SMITH, Treasurer.

Those who attended the meeting in Cambridge from Kent were: Judge James A. Pearce, Howard Turner, M. A. Toulson, Charles L. Dodd and C. S. Smith.

To Mend Coat Pocket.

When mending the corner of a man's side coat pocket, thread sewing machine with black thread, lay coat under machine foot, fix each piece of cloth straight and with a pin push little threads under; with machine sew ziz-zag back up; cut thread, put down pocket flap and see what a neat job you have done.

To Whiten Ivory.

When ivory ornaments become yellow wash well in soap and water with a small brush and then place them while wet in the sunshine. Wet them with soapy water for two or three days, several times a day, still keeping them in the sunshine, then wash them again and they will be perfectly white.

Not Much Amiss.

"Well, my dear sir, and how are you today?" "Oh, doctor, I have terrible pains all over my body, and it seems almost impossible to breathe! Of course I can't sleep at all, and I haven't a particle of appetite." "But otherwise you feel all right, don't you?"

Talented Cow.

Advertisement in a rural New England weekly—Wanted—A steady, respectable young man to look after a garden and care for a cow who has a good voice and is accustomed to sing in the choir.—Christian Register.

When the Tide Turns.

When you get into a tight place, and everything goes against you, till it seems as if you couldn't hold on a minute longer, never give up then, for it is just the place and time the tide will turn.—Harriet Beecher Stowe.

Electrolyzed Sea Water.

Electrolyzed sea water possesses powerful antiseptic qualities, and an apparatus has been devised by which it can be treated and used on shipboard to keep the vessel thoroughly clean.

Coins Wear Away.

By mere waste, caused by coins rubbing one against another, the civilized world loses one ton and a quarter of gold and 85 tons of silver annually.

Doesn't Produce Results.

"A hopeful disposition is mighty fine," said Uncle Eben. "But it doesn't give you no license to sit down an' loaf till your hopes come out."

Had Enough o' That.

MacDonough (to fourth wife)—The meenister dinna approve o' my marryin' again. But I tell't him I canna be aye buryin', buryin'.

Concerning Advice.

Advice is like snow; the softer it falls the longer it dwells upon and the deeper it sinks into the mind.—Coleridge.

Then It Becomes Clear.

"We often wonder," remarks an exchange, "how many folks make a living until we have a bill against them."—Boston Transcript.

The Daily Thought.

In prosperity prepare for a change; in adversity hope for one.

THE REASONS WHY

You Should Have a

PIPELESS CALORIC FURNACE

IN YOUR HOME

Health, Comfort and Convenience.

1—The Caloric conserves health by keeping an even temperature of circulated, moist, warm air throughout the house.

2—Heats from one to eighteen rooms with only one register.

3—Requires only a minimum amount of space. No pipes to obstruct the cellar.

4—Keeps the dust and dirt of fuel and ashes out of the house.

5—Does not heat the cellar, thereby permitting the storage of perishable products in the basement.

6—Maintains the proper fire with very little attention. All drafts regulated from floor above.

ECONOMY.

7—Reduces coal bills. No heat is lost through radiation in the basement and walls. Every pound of fuel consumed delivers a maximum amount of heat directly to the rooms.

8—Can be installed in old buildings without the necessity of costly remodeling. Can be placed in new buildings with less trouble and expense than any other type of furnace manufactured.

9—Its low cost places it within the reach of thousands of home owners who have previously been forced to rely upon inadequate stove heating.

GUARANTEE

10—The Caloric Patented Pipeless Furnace is manufactured and guaranteed by The Monitor Stove and Range Company, an organization which has been making and selling heating appliances for 98 years. The Monitor Ironclad written guarantee, that is given with every Caloric Pipeless Furnace, insures satisfaction to the purchaser.
