Backache is kidney danger.

Doan's Kidney Pills act quickly.

Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this.

"Mrs. E. A. Riley, living on Stokes street, Havre de Grace, Md,, says: "I have the highest regards for Doan's Kidney Pills as they cured me of a severe case of kidney complaint and backache in 1903, from which I had suffered a long time and for which there seemed to be no cure. My trouble was across the small of my back and up between my shoulders a continuous, dull pain and an all gone weakness so severe at times as to interfere with my household duties. I used a number of remedies but none helped me until I procured a box of Doan's Kidney Pills and began taking them. They gave me relief immediately, and the benefit received was permanent being apparently as fresh today, April 23rd, 1907 as the day it was made. It gives me pleasure to reiterate all I said in my former statement."

State Board of Forestry.

The Maryland State Board of Forestry is endeavoring to aid private owners of woodlands throughout the State in offering expert advice as to the handling of woodlands to make them of the greatest permanent value to the owners. To this end the State forester, Mr. F. W. Besley, is making wood lot examinations throughout the State, and formulating plans of management. These examinations and preparations of working plans are made without cost to the owners when a number of them are made in the same county. Mr. Besley has just returned from the western part of the State where he has been co operating with the private owners of woodlands and larger timber tracts, and he will spend the months of September and October in the Eastern Shore counties doing similar work. Those who desire to have their woodlands examined by the State Forestry should make application to him at Baltimore.

IN MEMORIAM.

With regret to announce the death of our sister, Mrs. Eva Jones, who departed this life Sept. 2, 1908. Mrs. Jones was born Feb. 19th 1881, and was the youngest daughter of Mary and John W. Whittington. Nearly her entire life was spent in Kent county, Md., and we learn that she made many friends for herself wherever she resided. The funeral services were conducted by Bro. Collins, pastor of the M. E Church of Still Pond, assisted by Bro. Harris, of Piney Neck. Interment in Still Pond cemetery. A husband and five small children survive her. We join in thanking the Still Pond friends for their everlasting kindness and willingness to help and comfort our afflicted sister.

Oh! sister, it seems hard to lose you,
But we remember God knows best,
Your work on earth was done and finished,
And He called you home to rest.

You have ascended to your Father,
And left us toiling on in pain
But still, we have one blessed privilege,
That in Heaven we'll meet again.

You rest in mansions much more bright,
Where the streets are paved with gold,
And Oh! how sad we are without you,
By no mortal tongue could ere be told.

All the world seems dark and gloomy,
Since you have passed to the golden shore,
And 'tis sad to view the past,
And think we can meet on earth no more.

And how you are missed by the little ones,
Who need a mother's care,
To guide their footsteps in the paths of right,
And help their crosses bear.

We will trust them in the hands of God,
Who has promised to brighten their way,
And if we live the life of prayer,
We all shall meet some day.

BY HER BROTHER,
M. O. W.

POTASH

Lodged Grain Means Lost Profits

The wheat grows up, heads out, and then falls down—so much grain *not* harvested—so much labor lost and capital wasted—just so much more profit you might have had. The trouble was—unbalanced fertilizer, with too little Potash. Potash makes strong stalks and prevents lodging.

Use a *complete* fertilizer, with at least 6 per cent. of Potash, but if your dealer does not keep it, then add 15 pounds of Muriate of Potash to each 100 pounds of fertilizer.

Send for our pamphlets containing facts about soil, crops, manures and fertilizers. Mailed FREE.
