Maryland Farmers Front This Week

Maryland farmers applied 134,[illegible] tons of lining materials in their soils in 1943, L. E. Bopst, State chemist, reports. In 1935 only 59,721 tons were used.

In 1936, the first year the Agricultural Adjustment Agency distributed soil conservation materials in [illegible] cash payments and paid [illegible] for lime purchased through [illegible] channels, the use of [illegible] in the State jump[illegible]

[illegible] the State AAA distri[illegible] tons of lime. In addi[illegible] thousand farmers used [illegible] payments for the [illegible] regular [illegible] tonnage [illegible] after all farmers have applied for their 1943 AAA payments.

EDGAR E. HUNTER

After a lingering illness Edgar E. Hunter, son of Mrs. Sallie K. Hunter near Cliffs, Kent County, died last Tuesday at the Kent and Queen Anne's Hospital, Chestertown, age 30 years. He lived near Church Hill for many years as a farmer and is survived by his mother and two uncles, Edgar Jones of Baltimore, and John F. Jones of Queenstown.

Move Corn to War Production

With corn moving out of the five big western corn States is only half the volume of a year ago, the War Food Administration has taken steps to increase supplies for essential users in Maryland and other States.

Thirty-five percent of present stocks and future receipts in country grain elevators in 124 counties in five midwestern States have been set aside for government distribution. Terminal elevators in the same area must also offer for the same purposes 35 percent of their present stocks and future receipts not from country elevator sources.

VICTORY GARDEN SUCCESS
Depends on Plant Food

For Abundant Production of delicious vegetables, use ORGANO BRAND FERTILIZER. Its VICTORY GARDEN FERTILIZER. ORGANO is economical, pays for its self over and over in more and better vegetables, richer in mineral and vitamins. Use by some of the best gardens growers in Pennsylvania, Delaware and Maryland last season. Easy to use. Write for phamplet and prices. We deliver to your door.

H. ERNEST CONWELL,
Milton, Delaware.

Lt.-Commander Holden Promoted to Commander

The many Queen Anne's County friends of Lieut. Commander F. Allan Holden of the U. S. Navy Medical Aviation Corps will be happy to learn of his promotion to Commander which occurred last week.

Commander Holden, before he was commissioned by the navy shortly after the outbreak of the war, practiced medicine in Baltimor He is the son of Mrs. J. Fred Holden of Queenstown, a graduate of the Centreville High School, St. Johns College and the University of Maryland.

His tour of duty with the navy so far has included assignments with the Marines at New River, N. C., from which point he was transferred to the Naval Air Station at Pensacola, Fla., for special training in aviation medicine. Following the completion of this course he was asigned for duty with the Marine Air Corps at Mojave, Cal., from which place he was transferred to sea duty with the aircraft carrier U. S. S. Tulagi where he serves as senor medical officer. Having taken special flight training while with the Marine Air Corps he expects to receive the added rating of Flight Surgeon.

Lt. Craig Andrus Killed In Action

Lieutenant Craig Andrus, of the Army Air Force, age 27, was killed in action March 2nd, according to the notice received from the War Department by his father, Leon A. Andrus, of Queenstown, on Saturday. He was a B-24 pilot and was on active service in Italy.

Lt. Andrus entered service with the National Guard in January, 1941, and left this country for overseas duty on Christmas Eve of last year.

Mr. Andrus also has another son in the Army Air Force, now serving overseas.

Wheat Under Loan Brings High Price

Maryland farmers in large numbers are now liquidating government loans on their 1943 wheat crop at a wide margin of profit over their loans and over harvest-season prices last year, Joseph H. Blandford, chairman of the Maryland Agricultural Adjustment Agency, reported today.

Wheat stored in this State last year under government loans is now selling for 25 cents per bushel more than the price wheat brought during the harvest last year. Maryland farmers who are now liquidating government loans are realizing a profit of 22 cents per bushel over their 1943 per bushel loan rate or value on wheat stored in country elevators. The profit over loan value is several cents greater on farm-stored wheat.

NISI RATIFICATION OF AUDIT

WINDER EMORY, et al.,
VS.
DAISY S. EMORY, et al.

PARTY LINES *are* PATRIOTIC LINES

The copper that used to go into new telephone lines is now going into war weapons. This means we must make the most of the lines we now have.

Thus, party lines become a part of the all-out war effort—they take on a new name—PATRIOTIC LINES.

You will find that "Patriotic-line" telephone service is good telephone service if all users will follow these simple rules:

1. If another is using the line, hang up gently and wait a reasonable time before trying again.
2. Make way for your neighbor by being as brief as you can on your calls.
3. Avoid making a number of calls in succession.
4. Replace the receiver carefully after each call so as not to prevent others from using the line.
