THE GRIM REAPER

WILLIAM S. CULP.

Mr. William S. Culp, senior member of the well-known firm of W. S. & A. M. Culp, contractors and builders, died suddenly on Thursday morning at three o'clock in his apartments at the home of Mr. and Mrs. Wm. E. Ringgold, on High street, of heart failure, in the 77th year of his age. Mr. Ringgold was awakened by the heavy breathing of Mr. Culp, and on hastening to his room reached his bedside just in time to see him breathe his last. Mr. Culp had been in feeble health for sometime, but had recently gotten much better, and his sudden death was a great shock to his many friends.

William S. Culp was born in Montgomery county, Pa., November 2, 1834. He came to this county when a young man and located at Kennedyville where he engaged in the carpentering busines with Mr. Wm. DeWeese. In 1883 he removed to Chestertown where he engaged in lumber and planing mill business with the late Joseph Turner. About 18 years ago the firm of W. S. & A. Culp was formed, and from the date of its beginning to the present time the firm has enjoyed a large and successful business. Many monuments to the skill of the firm adorn this and other towns on the Maryland-Delaware Peninsula. The following buildings bear testimony to their skill: The Chestertown High School building, William Smith Hall at Washington College, the Kent County Savings Bank, the parish house of Emmanuel P.E.Church, besides many of the town's handsomest homes. They also built the handsome pavilion at Tolchester, erected many stations and warehouses for the Pennsylvania Railroad Company along its lines on the peninsula, remodeled the beautiful home of Capt. Andrew W. Woodall, in Georgetown, and built the splendid home of Mr. George V. Peverley, in Middletown, Del. This firm also has the contract for the rebuilding of many of the buildings in the "Burnt District."

The senior member of the firm devoted his entire time to the mill work attached to the business and served as superintendent of a large force of workmen, while his son, Mr. A. M. Culp, the junior member, did the drawing and the superintending of the construction of buildings. Altogether it has been one of the most successful firms in Chestertown, combining good workmanship with ability and skill in submitting plans.

Three years ago this month the large factories and lumber yards were destroyed by fire, but with that indomitable pluck and enterprise which has always characterized the firm, a new plant has been erected which is up-to-date in every respect. About three years ago he retired from active participation in the business which has since been conducted by his son, Mr. A. M. Culp. The deceased was a man of very reserved manner, but he was a loyal citizen and a man who took great interest in the welfare and development of his community. He loved his home and his children and to it and for them he gave his best efforts in life. In 1867 he married Miss Isabella Melvin, who died about four years ago.

He leaves four children—Mrs. George W. Evans, of Baltimore, Mr. Harvey Culp, of Barberton, Ohio, Mr. Wm. M. Culp, of the hardware firm of Lofland & Culp and Mr. Alwyn M. Culp, junior member of the firm.

He also leaves one brother, Mr. Michael S. Culp, of Baltimore, and one sister, Mrs. W. H. Rambo, of this county. Funeral services will be held this Saturday afternoon at 2.30 o'clock from the residence of his son, Mr. A. M. Culp, on Washington avenue, conducted by Rev. Dr. F. T. Little. The pall-bearers will be: Messrs. Tilghman Shafer, W. E. Ringgold, Henry S. Deford, George D. Lofland, D. B. Stewart and Thomas H. Topping. Interment will be made in Chester cemetery. Undertaker Charles L. Dodd will have charge of funeral arrangements.

JOHN W. BORDLEY.

Mr. John W. Bordley, son of the late John Bordley, of this town, died in Cook's County Hospital, Chicago, on Tuesday, aged 53 years. The deceased was born in Chestertown and received his education in the public schools of this town. He left here about 20 years ago and removed with his family to Baltimore. He afterwards removed to Pittsburg, where he accepted a position with a commission firm. From there he removed to St. Louis where he had a position with the Exposition Company, and from there he removed to Chicago. Mr. Bordley was a man of brilliant mind, and possessed a voice of rare excellence. He was a member of the Methodist Episcopal choir during his residence in Chestertown, and his sweet voice will always be remembered by his many friends here. He is survived by four children, two sons and two daughters, all of whom except one daughter live in New York. All the children are married but one son. His wife died some years ago. She was a Miss Merritt, daughter of the late Alfred Merritt. He also leaves three sisters, Mrs. M. A. Toulson and Miss Nannie Bordley, of Chestertown, and Mrs. Draper, of Baltimore, and one brother, Mr. Thos. S. Bordley, one of our prominent clothiers. The remains were shipped from Chicago yesterday morning to Chestertown. Arrangements for the funeral had not been completed at the hour of going to press. Undertaker Charles Dodd will have charge of the funeral arrangements.

Corn Packing Plant.

Representatives of Wm. Numsen & Son, the well-known packers of Baltimore, met a number of farmers from Kent and Queen Anne's in the court house on Tuesday afternoon and discussed the possibility of the establishment of a corn packing plant in Chestertown. The representatives discussed the opportunities for growing the corn, and stated that they would establish a plant here if they can contract with the growers to grow not less than 1000 acres of corn at $9 per ton. Many of those present thought the corn can be grown at a profit at that price, the opinion being that the average yield per acre would be from 3 to 5 tons. The matter was throughly discussed and it was suggested the firm employ a man to solicit from the farmers the number of acres for which they would contract. It should not be any trouble for the firm to secure from the farmers in this and Queen Anne's counties the necessary number of acres, and just as soon as the firm knows whether they will be assured of the necessary acerage they will get busy and erect a factory. Messrs. Numsen & Son have similar plants in Illinois and elsewhere, and they are proving profitable ventures for the farmers. The TRANSCRIPT hopes the farmers will look into this matter and determine to make the effort to secure a plant here.
