The THIRD NATIONAL BANK of Chestertown had on deposit March 7, 1911, $6,817.15 more than both the Chestertown Bank and the Kent County Savings Bank combined. This shows the splendid growth of the Only National Bank in this county. Our total RESOURCES are about $800,000.00, able to take care of all the business offered us.

Will be very much pleased to have your banking business, let it be much or little. Everybody treated alike.

Very respectfully,

THE THIRD NATIONAL BANK

of Chestertown, Maryland.

House Cleaning Time.

Father, dear father, come home with me now, for ma has some carpet to beat; she's got all the furniture out in the yard from the front porch clear down to the street. The stoves must come down and be put up in the shed, the yard must be cleaned of dead grass, for it's time to clean house and the mischief's to pay—and the front windows need some new glass. Father, dear father, come home with me now, and bring some bologna and cheese; its most twelve o'clock and there's nothing to eat—I'm so hungry I'm weak in the knees. All the dinner we'll have will be cold scraps and such, and we'll have to eat standing up, too, for tables are all out in the yard-oh, I wish spring house cleaning was through! Father, dear father, come home with me now, for ma is as mad as a Turk; she says that you're a lazy old thing and that she proposed to put you to work. There's painting to do and paper to hang, and windows and casings to scrub, for it's house cleaning time and you must come home, and revel in suds and cold grub.—Ex.

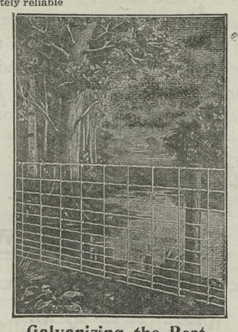
American Fence!

The development of the American Fence, the years of experiment and hundreds of thousands of dollars that have been put into the work of perfecting machinery and producing the grade of special steel that makes AMERICAN FENCE what it is to-day, is a long story. The makers say:

We have succeeded in producing a composition in steel that is perfectly adapted for fencing making. We have been using this special steel long enough to know that it has increased many fold the value of American Fence to the user and firmly believe it to be as near perfection as can be obtained. Wire drawn from this steel, while hard is not brittle. It is stiff and springy, but pliable enough to be easily spliced. There is such a distinction as live steel and dead steel. Every wire in AMERICAN FENCE as now made is alive all the time, always ready for emergencies and absolutely reliable



Galvanizing the Best.

We fully realize the great importance attaching to this part of the work, and we spare neither pains nor expense in an honest effort to have our galvanizing the best both as to quality and method of application.

We know beyond possibility of doubt that our galvanizing to-day is immeasureably better than in years past. We are now able to cover the steel more uniformly, make the galvanized coating more elastic, and on the whole furnish the best article in galvanizing that is possible to produce.

Our Stock of AMERICAN FENCE

is now full and complete and we are prepared to furnish you with any style and quantity. REMEMBER that American Fence has stays six and twelve inches while on some makes of Field Fence the stays are as much as fourteen inches apart, and yet they cost as much money as American.

You can rest assured that when you get American you get the best.

NOW IS THE TIME

To See About Your Painting.

I give my personal attention to every detail of every painting job. A large part of my success is due to the fact that we use only the best material. Lewis white lead, (Dutch Boy painter, trade mark) and absolutely pure Linseed Oil, our other materials are of equially high value. Always ready to show sample cards and quote prices. Let me estimate on your painting.
