MONEY - TIME - LABOR

is *not* saved by buying *poor* Paint.

Buy the **L & M SEMI-PASTE PURE PAINT** and pure **Linseed Oil** to mix with it.

They are simply adding Linseed Oil to L & M Semi-Paste Paint

It is positively the best, because made in *semi-paste* (thick) form and enables a **SAVING OF $1.00 ON EVERY GALLON** of Paint you use.

Use a gallon out of any you buy, and if not the best paint made, return the balance and get all your money back.

It Pays to "MAKE YOUR OWN PAINT"

The Retailer's Invitation

This is my home, here where you come to buy—
My business home, you are my guest and I
Your cordial host. Let not alone the trade
Possess your thoughts. In you I hope I've made
A lasting friend, and that if you recall
This little visit and our deal at all,
It may be only ts the means we found
To meet and mingle on a common ground.

This is my house, thrown open to my guest,
While I with joy comply with their requests,
Daily I hold reception, eight to six,
Striving to please the ones with whom I mix,
Hoping to fill each several, varying need,
With courtesy, devoid of sordid greed.
The thought of "getting" I would put away
And concentrate on "giving" all the day.

This is the house my business built for you,
To visit in, and if my house can do
A service for my valued list of friends
It will have served my fondly-wished-for ends.
Forget that you are "patron" or that I
Am called a "dealer." As the days go by
Let neighborly relationship prevail,
And this, my home, and yours, can never fail.

THAT BONUS BILL

I left the office at forty per week,
When Wilson called for men;
I was right in line for promotion, too,
With a raise of five or ten;
But I turned it down for thirty per month,
And was proud that I had the chance,
To fight for the flag we all revere,
And to strike a blow for France.

And I left a wife and child behind,
When I sailed for overseas;
I made an allotment, of fifteen per,
Which isn't so much you see.
But the Government gave her another ten,
And then she worked by the day;
Ah, the women had hardships worse than ours,
When their loved ones marched away.

I served in the drive of the Marne campaign,
And down at St. Mihiel;
Was thirty days in the Argonne fight,
In that awful rain of steel;
We laid in the trenches night and day,
In the mud and driving rain;
And if my country needed men,
I'd do it all over again.

But now that I'm back after eighteen months,
The place that I held is filled,
So I'm compelled to join the ranks
In the labor you call unskilled;
While the fellows who didn't enlist at all,
But got rich at a shell proof job,
Are fighting now against the Bonus Bill
For the soldier, marine and gob.

We'll spend a million bucks, perhaps,
To see Jack Dempsey fight;
He's a man who shirked at his country's call,
When our cause was just and right;
But we haven't the coin to spend on the lads,
Who carried our flag to fame;
Two years ago they were heroes, all,
And now they are only a name.

You can preach economy day and night,
And arve like a man insane,
Against the bonus for service men,
But they'll get it just the same.
Four million voters, thinking as one,
Can make this dream come true;
So let's get togther and help the boys—
Remember it's up to you.

A properly fed cow is just like a Liberty Bond; she furnishes a steady income

but you must be careful in selecting feed for the cow, as all feeds do not furnish the required amount nor the proper combination of protein, fat and carbohydrates which are necessary for continued high milk production and body maintenance.

You can procure a safe, properly balanced ration by the use of Krause Dairy Feed with your silage, fodder or other roughage, as this feed contains 21 to 22% digestible protein secured from Gluten Feed, Cottonseed Meal, O. P. Linseed Oil Meal, Brewer's Dried Grains, Malt Sprouts, Wheat Middlings, Wheat Bran and Corn Germ Meal, while you secure the best available carbohydrates from the HOMINY FEED.

No matter what you use, you yourself cannot mix feeds as scientifically correct nor as economical as feeds which we sell ready for use.
