THE UNIVERSAL CAR

A little horse sense mixed with the use of Automobiles is productive of the Best Results.

For the want of a nail, the shoe was lost;
For the want of a shoe, the horse was lost;
For the want of a horse, the rider was lost;
All for the want of a horse-shoe nail.

The moral and lesson of the above is: If your car needs to be fixed, DON'T PUT IT OFF. Have it done NOW, not TOMORROW, when it is too late.

### Morning

By Maurice Thompson

I see the morning-glory's curl,
The curious star-flower's pointed whorl;
Hear the woodpecker, rap-a-tap!
See him with his cardinal cap.
And the curious, leering jay,
How he clamors for a fray!
Out of a giant tulip tree
A great gay blossom falls on me;
Old gold and fire its petals are,
It flashes like a falling star.
A big blue heron flying by
Looks at me with a greedy eye.
I see a striped squirrel shoot
Into a hollow maple-root.
A white-faced hornet hurtles by,
Lags a turquoise butterfly—
One intent on prey and treasure,
One afloat on tides of pleasure!
Sunshine arrows, swift and keen,
Pierce the burr-oak's helmet green.

Dear Sirs—The public has the right to know how much money it spends and where it goes. Can you not get from our County School Commissioners the amount of salary paid to School Commissioners, the Superintendent, all the helpful Superintendents, all the county Riding Superintendents and how much each and every teacher in the county receives. That is the information we want through the public press and less about deaths, poultry and who is visiting Mrs. Entertainer.

Yours very truly,
INQUIRER.

Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
