INSTRUCTIONS TO VOTERS

1. To vote. Enter room, step up to guard rail, give name and registered residence to the Judges. Wait until your name is found upon the registers, then get ballot from the judge in charge of the ballots. See that he has written your name and number on the coupon attached to the ballot and his own name or initials on the back of the ballot itself.

2. Upon receiving your ballot retire to one of the booths or compartments and prepare your ballot by marking with an indelible pencil after the name of every person, or persons for whom you wish to vote, and to the right thereof, in the blank space provided therefor, a cross-mark, for example (X); and in case of a question submitted to a vote of the people, by making likewise in the appropriate space a cross-mark (X) against the answer you desire to give.

In voting for Presidential Electors, you may either make a cross mark (X) in the square opposite the name of each one of the persons, (not more than 8 in number) for whom you wish to vote, or you may vote for the 8 candidates for Presidentian Elector of any political party, by making your cross-mark (X) in the square opposite the surnames of the candidates of the party of your choice for President and Vice-President.

If you wish to vote for some one whose name is not printed on the official ballot (you can write the name of such person in the blank space on the ballot) provided for that purpose and place the cross-mark opposite such name in the blank space provided therefor.

3. In marking the ballot you may take with you into the polling place any written or printed memorandum or paper to assist you in preparing your ballot, except a facsimile of the ballot ot be voted. You must prepare and deposit your ballot without undue delay. Before coming from behind the curtain in front of your compartment you must fold your ballot in the same way as it was folded when you received it, so that the marks which you have made upon it shall be entirely concealed. You then hand your folded ballot to the judge at the ballot box, give him your name and registered address and wait until he tears off the coupon containing your name and number, and strings it, and deposits your ballot in the ballot box. You must then leave the polling room and cannot again go behind the guard rail during the day.

4. A voter must not go in any compartment occupied by another or converse with any other voter while engaged in a compartment, nor can he occupy a compartment more than seven minutes if others are waiting.

5. You must not take any ballot outside the guard rail. If you spoil a ballot you must deliver the spoiled ballot to the judge in charge of the ballots and receive another from him. If you spoil three ballots you lose your vote.

6. A voter who is physically disabled from marking his or her ballot must make affidavit to that effect if he or she desires assistance. The two polling clerks, after such affidavit has been made, can accompany him or her into one of the compartments and there mark his or her ballot as he or she instructs them, marking only the names of the candidates whom he or she shall name. The clerks are not allowed to read the ballot to him or her.

7. Any voter who shall allow his or he rballot to be seen by any person with the apparent intention of letting it be known how he or she is about to vote; or who shall place any distinguishing mark upon his or her ballot, or who shall make a false statement as to his or her inability to mark his or her ballot, or who shall interfere or attempt to interfere with any voter when inside the enclosed space in the polling room, or when marking his or her ballot, or who shall endeavor to induce any voter before voting to show how he or she marks his or her ballot, shall be punished by a fine of not less than five ($5.00) dollars nor more than one hundred ($100) dollars, or by imprisonment in jail for a period not exceeding sixty (60) days, or by both fine and imprisonment; in the discretion of the Court.
