WE WILL TAKE THE RESPONSIBILITY FOR AMENDING THE BECK SCHOOL BILL IN THE INTEREST OF THE TAX-PAYERS.

The Beck organ tried to make political capital out of the fact that Mr. Harris had killed Mr. Beck's school bill which deprived the people of the right to vote as to whether or not their money shall be spent for the erection of schools, and charged us with playing factional politics by cutting out the Organization commissions and placing the expenditure of the money under the supervision of the County Commissioners, where the Constitution of the State requires that it shall be, except when changed by statute. We will take the responsibility for these changes. We shall pass up the charge of playing factional politics, because of its ridiculousness, and because everybody knows that the Organization steeped these bills in politics when they included these commissions in them instead of allowing the expenditure by the County Commissioners. We simply desire to give the people the facts in the case regarding the court house bill, the school house bill and the sewer bond bill, and we propose to show the people that MR. BECK DELIBERATELY WITHHELD THE REFERENDUM CLAUSE FROM THE SCHOOL BILL FOR A PURPOSE, AND HE DARE NOT DENY IT.

These are the facts:

Mr. Lewin W. Wickes drew the court house bill for $20,000 and included the clause to allow the people to vote on it.

Mr. Beck got the bill, carefully considered it, and wrote to Mr. Hope H. Barroll, and asked him if he had any suggestions to offer as to the provisions of the bill.

Mr. S. Scott Beck drew the school bill for $48,000 of the people's money, and *did not* include the clause giving the people the right to vote on it. Mr. Beck got this bill in due time, carefully considered it, and although the TRANSCRIPT suggested before the bill was drawn that it should be referred to the vote of the people, MR. BECK DELIBERATEEY PASSED THE BILL, KNOWING THAT THE REFERENDUM CLAUSE WAS NOT IN THE BILL, and he purposely left the referendum clause out of the bill, and we know his purpose in doing so. Now, then, after he passed the bill and saw what a blunder had been made, he goes to Mr. Harris and says that Mr. Harris can amend the bill in the House by including the clause giving the people the right to vote on the bond issue, and that such an amendment would be agreeable to him.

Now, if Mr. Beck could pass the court house bill to bond the county for $20,000 and *include* the clause to refer it to the vote of the people, WHY DID HE PASS THE SCHOOL BILL AND REFUSE TO GIVE THE PEOPLE THE RIGHT TO VOTE ON A BOND ISSUE INVOLVING THE EXPENDITURE OF $48,000 OF THE TAX-PAYERS' MONEY? He did it because he was afraid to trust it to the people's vote in this matter, and because he thought by including Mr. Barroll's and Mr. Hubbard's names in the court house bill, that the Anti-Organization would be so tickled at such unusual recognition by the Organization forces, as that they would be neglectful of the interests of the tax-payers as to turn over $48,000 of their money to Organization commissions to spend in the erection of school buildings, without letting the tax-payers vote as to whether their money shall or shall not be spent for such purposes at this time. It was but another attempt to get a whack at the public treasury, whether the people were willing or not, and place in the control of the organization a large sum of money to spend as they saw fit.

These bills were passed by Mr. Harris on Wednesday and sent to the Senate where the school bill was killed on Thursday by Mr. Beck, simply because Mr. Harris' bill required the county commissioners to control the expenditure of the money. Mr. Beck accepted every amendment in Mr. Harris' bill except the one requiring the commissioners to control the fund, replacing the commissioners by the four commissions named in Mr. Beck's original bill, THUS CLEARLY SHOWING THAT MR. BECK AND HIS ORGANIZATION HAVE INJECTED POLITICS INTO THESE BILLS. LET MR. BECK AND HIS ORGANIZATION TAKE THE RESPONSIBILITY.

NOT TOO LATE FOR MR. BECK.

TO THE EDITORS OF THE TRANSCRIPT—GENTLEMEN:—

As stated in my last letter I hand you below an itemized statement carefully prepared by Mr. Samuel Hicks, clerk to the commissioners, showing the expense to which Kent county was subjected for the maintenance of our present Road Engineer.

SALARY.

Salary for two weeks in May, 1910, before striking levy	$ 66.66
Salary from June 1st, 1910, to June 1st, 1911	1600.00
Salary from June 1st, 1911, to March 1st, 1912	1199.97
	$2,866.63
Total amount of salary and office expences from May 16th, 1910, to March 5th, 1912	$3,775.02

Only by carefully examining these items will the tax-paying public realize what the Road Engineer means to the county. In less than 1 year and 10 months he has cost $3,775.02.

At this rate the expense paid for Mr. Gibbs office apart from salary will be for 2 years	$1,032.00
Salary for 2 years	3,200.00
Total for Mr. Gibbs	$4,232.00

This is an annual cost of $2,115.00, and this is what the tax-payers have paid for maintaining the Road Engineer's office since he went into same in May, 1910, instead of $1,600.00 as most persons suppose.

At the expense of Kent county, Mr. Gibbs' instruments, his "tools of trade," were purchased for $401.67! Did the tax-payers dream when this law was enacted that they had to give Mr. Gibbs a complete equipment as an engineer? If he had no instruments of his own how could he be an engineer?

Mr. Gibbs, at the expense of Kent county, has the services of the telephone company for $65.65 for one year.

Mr. Gibbs' stamps, typewriter, office furniture, stove, desk at $30.00, all these came out of the tax-payers pockets.

It is not yet too late. Mr. Beck can still repeal this law and the people be relieved of an incubus each year of $2,115.00. They can still have the same service better performed by the County Commissioners.

The substitute offered to the tax-payers by Mr. Beck, is to do away with two commissioners, which, he claims, would save $1,000! But retain the Road Engineer at an annual cost of $2,115,00, and for four more years endure the incompetency and inefficiency of the conduct of this office by the present engineer. Why! Mr. Wood and Mr. Crew at a salary of $500 each, as mere Road Supervisors, would be thrice as economical as the men Mr. Gibbs has already named as supervisors at $3.00 per day!

The people will remember during the next four years the difference between what Mr. Beck offers to do and what he actually has done, by declining to repeal the law.

Very respectfully yours,
HOPE H. BARROLL.
