THE ELECTION.

The election which took place on the 2nd of this month, is history, but the lesson imparted by the result of that election is far reaching and should have a salutary and lasting effect upon all people who subscribe to the fact, that this is a government of the people, by the people, and for the people.

From a Nationai point of view it has been shown beyond cavil, that the people will not be governed and controlled in an autocratic fashion and have decreed that we shall again return to constitutional government whereby they shall be masters and not servants.

From a State standpoint, the result marks the beginning, we believe, of a new era and better things to hope for in this grand oid commonwealth.

We rejoice not over the downfall of a conquered foe, we rather sympathize, but we cannot refrain from taking a retrospect of past conditions. When we think of the political trickery that has been practiced in this State for over a quarter of a century on both political parties and the people generally and every scheme known to the ingenuity of man that has been devised to thwart the right of our people, well can exclaim, "the Mills of the Gods grind slowly, but exceedingly fine."

And last, but not least, the result in this County should have a beneficial effect upon some of our people whose tendencies during the campaign bordered on radicalism. We construe it as a stern rebuke to those who for selfish or sordid purposes attempted to array class against class and race against race. The consciencious voter in this enlightened age will not listen to anything that appeals to the passions and the prejudices of the people. If a cause cannot win on its merits, it is deserving of annihilation and defeat. We, therefore, urge all of our people to take warning from the result of the election, which shows that the people of all parties will rise above party consideration in an emergency, and protect their rights and defend the fair name of their Nation, State and County. Let our future slogan be with malice towards none but charity for all and the uplifting and the upbuilding of our Country and her people.
