Tobacco Legislation.

Two bills enacted by the General Assembly of Maryland at the session of 1920 are of importance to tobacco growers and dealers in tobacco in the State of Maryland.

One of these laws, known as Chapter 262 of the Code of Public General Laws, requires that in every case where leaf tobacco shall be bought from a grower, country or transfer buyer in the State of Maryland, and the same shall thereafter be resold, thansferred or disposed of therwise than by sale upon or through the Baltimore market, it shall be the duty of said buyer of said tobacco within thirty days after any such resale, transfar or disposition of such tobacco, to report the transaction to the Maryland State Board of Agriculture.

The other law recently enacted, Chapter 435, requires that every person, firm or corporation, engaged regularly in the business of selling leaf tobacco on or through the Baltimore market, either for the account of the grower, owner or other principal, or for his, its or their own account, shall keep a correct account. upon a form to be prescribed by the Maryland State Board of Agriculture, of the number of hogsheads and total pounds of leaf tobacco sold daily by such person, firm or corporation, and that said account verified by oath shall on or before the fifth day of each succeeding month be returned or delivered to the Executive Officer of the Maryland State Board of Agriculture.

These monthly reports must show the average price received for "Southern Maryland Tobacco", "Up Country Tobacco" and "Tobacco Produced Outside of Maryland," and must state first, the number of pounds sold for producers, first hand; second the number of pounds sold for deolers, and third, the numoer of pounds bought for the account of the firm making the report, or for the account of some other firm or corporation engaged in selling leaf tobacco. Blanks for making these reports will be furnished by the State Board of Agriculture, which will keep a record of the total monthly sales with the average price received, such records to be open to the inspection of the public.

Election

Is over and most people seem to be happy, but that will not save your eyes. If they need attention don't neglect them. Thousands of people today are blind who could have prevented it, had they looked after them in time. I will be in Leonardtown again for one day, on Tuesday, December 14th, at Mr. Charlie Foxwell's, and will be glad to work and do my best for any one having trouble with their eyes.

FORD

The Universal Car

REDUCTION IN PRICER OF FORD PRODUCTS

The War is Over and War-Prices Must Go.

The following prices on Ford products are effective September 22, 1920:

Chasis	$360.	
Runabout	395.	with dual electric starting and lighting system $465
Touring Car	440.	with dual electric starting and lighting system $510
Coupe	745.	with dual electric starting and lighting system and demountable rims
Sedan	795.	with dual electric starting and lighting system and demountable rims
Truck Chasis	$545	with pneumatic tires and demountable rims
Tractor	$790.	

These prices f. o. b. Detroit.

The Ford Motor Company makes this reduction in the face of the fact that they have on hand immediate orders for 146,065 cars and tractors. The Company will suffer a temporary loss while using up the material bought at high prices. They are willing to make the sacrafice in order to bring business back to a going condition as quickly as possible and maintain the momentum of the buying power of the country. Henry Ford says: "The war is over and it is time war-prices were over There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interests of all it is time a real practical effort was made to bring the business of the country and the life of the country down to regular pre-war standards."

We are at your command, with regular Ford efficiency in service and eagerness, to fill your orders.
