The Tale of Perfect Time in a Watch

From Mainspring and Hairsping, between them lies the secret.

The Mainspring is the power which it transmits to the active parts of the watch. The Hairspring has the control and regulates the motion. The fitting is most delicate; imagine a 100th part of a hair (impossible isn't it?). Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt, lack of oil, etc., destroys these perfect fittings. Do not let your watch run to ruin from neglect. Remember, our business is the care of watches, and our opinion costs nothing.

TO A ROBIN SINGING AT NOON.

High in the emerald garden of a tree,
Enchanting notes the summer silence break,
Wild haunting strains sung for thy loved mate's sake,

Wild strains and exquisite, from memory
Of shared delights that are of field and lea—
Spun gold the sun ashine through mist will make,
The sparkling hues dew on the rose will take,
The low, rich lyric of a passing bee.

So I do think when extacies divine,
Flower wefts that wakefulness or sleep doth spin,
Bitter and sweet that quivering sense entwine;
Moods to set tinkling mirth's gay mandolin,
Thrilled wistful man, listening, intense, apart,
'Twas you, you woke the first song in his heart!

Lower Rates.—Beginning with Monday, April first, the Chestertown Electric Light Company put in force a reduction in the price of their current to consumers of 25 per cent. The price by meter rates has heretofore been 20 cents per kilowat. It has been reduced to 15 cents. We presume there has been a corresponding reduction in flat rates, but just how much has not been announced.

Fine Entertainment.—The Ladies' Town Improvemeut Association is arranging to give an elaborate entertainment on April 23d and 24th. Fifty of the town's best talent are now at work on the various parts, and you may expect something fine. All those interested in the entertainment are asked to meet at the home of Mrs. C. N. Satterfield on Wednesday afternoon at three o'clock.

Making Good in Big League.—Hanson Horsey, of Galena, the Reading recruit to the Cincinnati National League team is making good in the Southern practice games and he will be given a steady job with the Reds during the season. In Birmingham, Ala., on March 25th, Horsey pitched the last five innings for the Reds against the strong Bermingham team, and he let the heavy hitters down with only one scratch hit in the five innings he was on the mound. Horsey's pitching opened the eyes of the Reds' manager who believes he has a real "find" in the husky heaver from Galena.

SHORT NEWS ITEMS.

Yesterday was Good Friday and a legal holiday. The banks and public offices were closed. The public schools are closed until Tuesday.

The homes of Mrs. S. A. Dodd, on High street, and Mr. D. B. McMenamin, on Washington avenue, are being beautified by an attractive coat of paint.

Mr. Alfred Taylor had three fingers of his left hand severed by getting them caught in a planing machine at the corn cutter factory of Schauber Bros., near town, one day last week.

As reported exclusively in the TRANSCRIPT two weeks ago, Mr. W. S. Rutter has disposed of the Hotel Imperial business to Mr. E. M. Borum, of Strasburg, Va., who will take charge of the hotel today.

Mr. Frank Jarman, the crack former pitcher for Washington College will report to Reading, of the Tri-State League with which he has signed next week. We wish friend Frank a most successful season, and hope that next season he may be signed by the Athletics.

Mr. Benjamin Williams, while in a despondent mood, drank a quanity of carbolic acid last Saturday night. Medical attention was quickly summoned, and he is now out of danger. Mr. Williams is now at the home of his brother, Mr. James Williams, on the Smith farm in Queen Annes.

Mr. Wm. E. Moody's fine new motor boat was launched last week. Now you talk about going, you should see her fly. She is equipped with a double revolution 30-horse power engine, and she simply makes the water boil. Mr. Moody will use her for pleasure during the summer.

The Dramactic and Social Club of St. Paul's Church will give an entertainment under the auspices of the Kings Daughters of Emmanuel Church, Chestertown, shortly. The date will be announced later. The title of the play is the "District School." This play drew a large crowd in Fairlee Hall last fall, and those who saw it pronounce it fine.

The flood gates at St. Paul's mill broke on Tuesday morning and the mill pond water rushed out flooding the road and washing away about 20 feet of the dam breast. The mill is owned by Mr. Perry Price, who also owns the Bacchus mill property, the race of which was recently badly washed. The damage to both mills is about $600. Mrs. Walter Francis passed over the road in front of the St. Paul's dam on her way to Rock Hall, just about two minutes before the break and the rush of water came pouring over the road.

The seventh annual meeting of the Maryland, Delware and Virginia Railway Company, a subsidiary line of the Pennsylvania Railroad, was held in Wilmington last week. The directors were re-elected as follows: Charles E. Pugh, W. Heyward Myers, Henry Tatnall, Samuel Bancroft, Jr., Henry P. Scott, W. W. Atterbury, former Congressman Hiram R. Burton, Williard Thomson, J. B. Hutchinson, Frank Ehlen, John S. Gibbs, Hugh L. Pope and C. Howard Lloyd. The board re-elected the officers of the company. In his annual report President Myers said the last year had noted a rapid growth n the business of the 1,057 miles of railway and steamboat lines. Notwithstanding this, the report states, there is a net deficit of $29,763.01.

Grange Notes.

The men of Still Pond Grange are given a special invitation to visit the hall on Tuesday afternoon at 2.30 P. M. After the regular meeting, supper will be served, and at 7.30 the doors will be open to the public for a special talk by Mrs. A. L. Harris on "The Effect of Bacteria on the Home," and a short talk on bread making.

The Kent County Pomona Grange will meeting in Fairlee Grange Hall next Thursday, April 11, 1912. The worthy master, Mr. Harry Griffith, has asked the subordinate grange masters for reports of the work done in their respective granges during the past six months. These reports will be given at the morning or business session of the grange. The following program arranged by the lecturer will be interspersed with music and recitations: Welcome, by Fairlee Grange; response to welcome, by Still Pond Grange; Legislation the Past Session for the Benefit of Agriculture, A Report of the Course in Domestic Science at Maryland Agricultural College, Prevention of Diseases, Why Our Soil Does Not Produce as it Once Did, and the Remedy. These subjects are being prepared by competent speakers. We will be pleased to have an open discussion, especially on the last subject, by the grangers as far as time will permit. Our State lecturer, Mr. Wm. G. Smyth, will be with us and will address the Pomona Grange. We were in hopes of having with us, Mr. G. W. F. Gaunt, of New Jersey State Grange, but, as yet, no definite arrangements have been made; however, he may be with us.

vs.

Frederick A. Grier, Wellington H. Grier.

In the Circuit Court for Kent County, Maryland, In Equity, No. 1807.

The object of the bill is to procure a decree for the sale of the real estate of George S. Grier, deceased.

The bill states:

1. Your orators show that George S. Grier, late of Kent county, in the State of Delaware, departed this life seized and possessed of a certain lot of land with a fruit drying house, etc., thereon, situated, lying and being in the village of Kennedyville in the Second Election District of Kent county, Maryland.

2. That being so seized and possessed of the said land and premises the said George S. Grier departed this life about the 17th day of June, in the year 1907, leaving a last will and testament by which he left all of his real and personal estate unto his wife, Margaret Layton Grier, for and during the term of her natural life; in his said will the testator directed that after her death his real estate should be divided among his thirteen children or their heirs, as will appear by reference to an exemplified copy of the said will, which is filed herewith and prayed to be taken as a part hereof, and marked "Plaintiff's Exhibit No. 1."

3. And your orators show that the heirs at law of the said George S. Grier are your orators, the plaintiffs in this suit, and one son, namely, Frederick A. Grier, who resides at Salisbury, Maryland, and Wellington H. Grier, a grandson, whose address your orators are unable to ascertain and they do not know where it is possible to locate him, and that their mother, Margaret Layton Grier, hath departed this life.

4. And your orators show that all the heirs at law and devisees of the said George S. Grier are adults; but because the said Frederick A. Grier refuses to execute a deed for the purpose of selling said real estate at Kennedyville, in Kent county, Maryland, and because it it is impossible for your orators to ascertain the whereabouts of Wellington H. Grier, it is impossible for them to execute a good and valid deed and thus dispose of the said real estate for the purpose of partition.

5. And your orators show that they desire to sell for purpose of partition, the said real estate situated at Kennedyville, as aforesaid, but under all the circumstances of the case they are advised it is necessary for them to apply to this Honorable Court and ask that a trustee shall be appointed with power to sell the same for purposes of partition, so that the proceeds of the sale may be equally divided among all the heirs who may be entitled to the same under the will of the said George S. Grier.

It is thereupon this 4th day of April, 1912, order by the Circuit Court of Kent county, in equity, that the plaintiffs by causing a copy of this order to be inserted in some newspaper, published in said Kent county, once in each of four successive weeks before the 6th day of May next, giving notice to the said non-resident defendants, Frederick A. Grier and Wellington H. Grier, warning them to appear is this court by person or by solicitor, on or before the 20th day of May next, to show cause, if any they have, why a decree ought not to be passed as prayed.

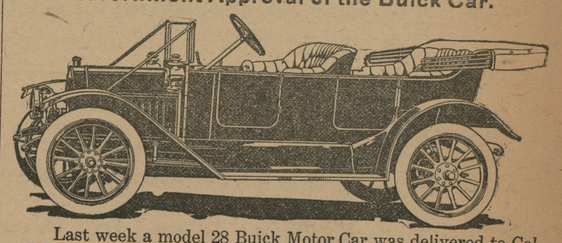
BUICK MODEL 35.

PRICE $1060. Fully Equipped.

Read this unbiased Government opinion of the Buick Cars, copied from the Philadelphia Inquirer:

Government Approval of the Buick Car.



Last week a model 28 Buick Motor Car was delivered to Colonel Spencer Cosby of the Department of War at Washington, to be used by the inspector of public buildings and grounds on his daily trips.

The government invited all the leading manufacturers of cars priced from $900 to $2000 to submit a car in competition to a committee of mechanical experts. The cars were driven to the designated place and the drivers dismissed. The examination was then made with no representative of any of the cars present. Motor for motor, shaft for shaft, bolt for bolt, the cars were compared, tested and appraised by the government experts. One by one cars were eliminated until but one remained. It was the Buick. Of the seventeen or eighteen cars submitted the Buick alone stood the rigid tests of quality and construction upon which the examination was based. This car was at once turned over to the governme for immediate service.

This is not the first time the Buick has bee ernment use. Last year when an appropri made for experiment on road constru used to drive over the vari tested.—Philadelphia
