Fourth Annual Roll Call of Red Cross.

Tee Annual Roll Call of the Red Cross has not closed. Even if you are not visited by one of the solicitors you seonld renew your membership. There are several very deserving cases right in our midst and the continuance of the Red Cross with sufficient funds for the relief of our own unfortunates should appeal to all. The organization should be maintained, fully and financially equipped to respond to any call that may be made upon it, whether it be war or calamities which will occur in times of peace. Send your dollar to the Chairman of your district or to the Secretary, Mrs. Stephen G, King, Leonardtown, and a certificate of membership will be sent you.

Rapid Navy Recruiting.

November recruiting figures for the Marine Corps shows that the sea-soldiers last month exceeded by a comfortable margain their record for any month prior or subsequent to the World War. Not only did November lead in enlistments over the two prior lively recruiting months, but also in actual gain the figures leaped upwards. The desertions decreased materially and discharges for all other reasons fell well below those of September and October. One third of the total 1760 enlistments for November, was in reenlistments from the three regular branches. The total strenght of the Corps on Dec. 1, was 19,608, and at the present rate of enlistments the authorized strength of 27,400 will be reached before summer.

Prepares for Tobacco Receipts.

With the peak of receipts still some months off, but finding himself already loaded up to within about 1000 hogsheads of the capacity of the state tobacco warehouses, State Tobacco Inspector Julian C. Blacklock has started to locate additional storage space which may be available for rental. This step is taken to forestall repetition of the jam of last year, which caused such a howl from the tobacco growers of Southern Maryland. At that time it became necessary to place an embargo which lasted for several months.

The warehouses have room for 19,380 hogsheads. On December 1, there was stored 18,285. The movement is well under way, as is indicated by the receipt of 620 hogsheads last week. The shipments can be expected to reach the peak about the middle of July. To get ready Mr. Blacklock has taken up with the Board of Public Works the rental of additional space.

Sale of Game.

Baltimore, Md., Dec. 6, 1920.

Dear Editor:

There have been contentions raised in certain counties of this State, relating to the sale of rabbits in said counties. To clear up this matter, the State Game Department requested an opinion from the Attorney-General, relative to the Acts of 1920, Chap. 570. This bill was prepared by the State Game Department, and it was not the intention of said bill to prohibit the sale of any game, except, Bob-white quail, partridge, Chinese Ringnecked Pheasant, Native Pheasant, Ruffled Grouse and Wild Turkey. The opinion rendered by the Attordey-General is as follows:

"After considerable reflection, I have come to the conclusion that it is proper for me to rule that Chap. 570, Acts of 1920, does not prohibit the sale or purchase of rabbits within the State of Maryland."

This would mean, of course, unless there were local laws which did prohibit the sale of rabbits.

We would thank you very much to publish the above in your valuable paper for the benefit of your readers.

Yours very truly,
E. Lee Lecompte,
State Game Warden.

Death of Mrs. Nannie Lloyd.

A telegram announcing the death of Mrs. Teresa Juliana Lloyd, at the home of Mr. A. H. King, Savannah, Ga., was received by Dr. Charles V. Hayden on Wednesday last. Mrs. Lloyd left Leonardtown about the first of November, to visit her step-children and relatives in Savannah, and contracted fever which developed pneumonia. She was a daughter of the late Stephen and Maria Hayden, and was in the 69th year of her age. She married the late John M. Lloyd, in April, 1888, and removed to Savannah, in 1890. Upon the death of her husband several years ago, she returned to St. Mary's and resided with her brother, Charles V. Hayden, who, of a large family of brothers and sisters, alone survives her.

Mrs. Lloyd was a devoute Catholic, charitable and considerate and one whose disposition endeared her to all with whom she came in contact.

Funeral services were held in Savannah on Thursday and interment was in Cathedral Cemetery, that city. May she rest in peace!

Weed-Herbert.

Sacred Heart Church, Washington, was beautifully decorated on Saturday, Nov. 27, ulto., when a nuptual Mass, solemnized the marriage of Miss Teresa F. Herbert, daughter or Mrs. Nina F. Herbert of this city, to Louis Edward Weed, Jr., of New York. Father C. P. Garvin officiated, assistee by Father F. L. Fenwick, of Our Lady's Chapel, Medley's Neck.

The bride, who was given away by her cousin, Mr. Aloysius F. King, was becomingly gowned in a dark velour-de-laine suit trimmed with beaver, with duvetyn hat to match, and carried white chrysanthemums. Miss Alice Marsh, the bridesmaid, a cousin of the bride, wore a dark blue, tricotine dress, black panne velvet hat and carried yellow chrysanthemums. The best man was Mr. William Murklen, an intimate friend of the groom.

After the wedding breakfast and reception at Hotel Dewey, the happy couple left to spend their honeymoon at Atlantic City and places of interest in New England. After December 15, they will be at home to their friends at 80 Edgecomb Avenue, New York.

Tobacco Growers Elect Delegases.

The annual meeting of the St. Mary's Tobacco Growers' Association, held on Tuesday, Dec. 7, was well attended and close attention was paid to the discussion of subjects affecting the organization. The most important matter considered was the selection of delegates to the annual meeting of the State association, which was held in Baltimore (Thursday) December 9. Dr. L. B. Johnson, Thomas Bond and Jos. M. Mattingly were selected and a resolution, offered by Geo. T. Hutchins, that these delegates be instructed to vote, at the convention, for the re-election of the present Board of Directors of the State Association, was unanimously adopted. Mr. Hutchins offered his resolution as a mark of appreciation of the services rendered by the Board and urged its retention in the best interest of the association. After general discussion of market conditions and progress made by the association a resolution offered by Mr. R. J. Starkweather was adopted, condeming the practice of shipping tobacco before it has been properly conditioned. Mr. Thomas Bond explained the system of financing the association and appealed to the growers to subscribe to small amounts of the stock. On motion of Mr. Wm. F. Chesley the meeting decided to give the Board of Directors of the State association authority to fix the price of tobacco belonging to members of the association as they were in a position to know the condition of the market on all grades of the product. The next meeting of the association will be on Tues. Jan. 4th, 1921.—*Beacon.*

Is over and most people seem to be happy, but that will not save your eyes. If they need attention don't neglect them. Thousands of people today are blind who could have prevented it, had they looked after them in time. I will be in Leonardtown again for one day, on Tuesday, December 14th, at Mr. Charlie Foxwell's, and will be glad to work and do my best for any one having trouble with their eyes.
