The Mutual Tournament.

Saturday, August 27th, has been decided upon as the date of the annual tournament at Mutual. It is a little early to make a full announcement of the various features of this event, but it can at least be said now that plans to be gotten under way indicate that the tournament will be the best and most notable Calvert county has ever had.

One feature of importance will be the introduction of the Parran cup, to be donated by the Parran family, and which will be contested for that day. One side of the handsome trophy will bear the following inscription: "Dedicated to the Tournament Riding Sons of Thomas Parran—Dr. Janin, Soilers, Thomas, John, Frank, Alex., Legitimus, Archie."

One of the Democratic candidates for the gubernatorial nomination will make the address to the knights in the afternoon, and Governor Harry W. Nice will make the coronation address at night.

The management of the tournament will as in the past, be in the experienced and competent hands of Dr. Everard Briscoe.

Outstanding Events.

The remaining outstanding summer events of the Agricultural Department of the Calvert County High School are as follows:

Thursday, August 4th—All Future Farmers of America who are agricultural students of the Calvert County High School are invited to attend Future Farmers Day at Camp Roosevelt, on the Bay, the camp for Boy Scouts a few miles south of Chesapeake Beach. The F. F. A. boys will have a wonderful opportunity to meet a fine group of city boys on this day. All boys will have the opportunity of participation, in any of the following: During the morning: Canoeing, handicraft, swimming, nature study. In the afternoon the boys will engage the Boy Scouts in a game of softball.

On August 5th, 6th and 7th, the future Farmers of America will attend a central camp at the University of Maryland. During these three days the boys will visit Beltsville (large live stock farm of the United States Department of Agriculture), Mt. Vernon, Federal Bureau of Investigation, the Washington Monument, Smithsonian Institute and the National Zoo.

On August 16th, there will be field studies in preventing erosion. The afternoon of this day from 3.30 to 5.30 will be given over to a study and discussion of soil conserving practices in the classroom of the Calvert County High School. The group will discuss erosion prevention measures until 4.30, when a tour will be made of the farm of Grover Cleveland Young to observe the actual methods being used to prevent erosion. Officials of the Soil Erosion Service are planning to attend All farmers of Calvert county interested in the problem of preventing soil washing are invited to attend.

The cost per boy of those planning to attend the camp at College Park August 5th, 6th and 7th, will be $5.00, of which $3.10 will cover cost of camp, the remainder being used for cost of bus, operating expenses and insurance. It will be no essary for the boys to carry sheets, pillows and pillow cases, and a blanket if it is thought the latter is needed, for use the two nights in the dormitories, as bed linen is not available and cannot be had at the University. Towels, a comb, tooth paste and brush, soap and enough clothes for 3 days will also be needed.

The bus will leave Prince Frederick at 9.45 on Friday morning, the 5th, and when the return trip is made the party will arrive in Prince Frederick at 11 15 on Sunday night, the 7th.

The activities mentioned above are in charge of Carey E. Lacey, Vocational Agricultural Teacher of the Calvert County High School. In a letter to each boy in his class, after going into details regarding the day at Camp Roosevelt on August 4th, and the trip to College Park on the 5th, 6th and 7th, Mr. Lacey has these reminders for them: Do you have your labor record up? Do you have your receipts record up? Do you have your expenses up? Are you keeping your garden and crops free of weeds? Are you seeing that your livestock have water, shade and feed? Don't let your project work stop. You know what happens to a clock when it stops.
