Three Parties To A Telephone Call

IT is always well to remember that good telephone service does not depend entirely upon the operator.

There are two other persons involved—the person calling and the person answering—and over their movements the operator has no control. She may do her part very efficiently, but unless the others co-operate, the best results will not be had.

It is not the fault of the operator, for instance, if the calling party, relying on his memory, calls for a wrong number or hangs up his receiver in the middle of a conversation. Neither is it the fault of the operator if the called party fails to answer promptly or is already engaged in conversation with another person.

Good telephone operating is brought about by co-operation on the part of the party calling, the operator and the party called.

Ford

THE UNIVERSAL CAR

GENUINE FORD SERVICE—AND PARTS

INSIST on genuine Ford parts for your Ford car. Mail order houses, stores and many garages sell imitation—counterfeit parts which have not the quality of the genuine Ford parts, but the Authorized Ford Dealers as well as the Authorized Sales and Service Dealers sell only the genuine Ford-made Ford parts. You are safe with them, while your car is mightly unsafe if repaired with imitation parts. The real Ford parts are made from the same properly heat-treated steel as their counter-parts in the Ford car. Every part is heat-treated according to its use. Depending upon the service they perform, Ford parts are tempered to insure the longest life. Tested after almost every operation while being manufactured, these parts present a vast difference from those not manufactured under Ford supervision. Counterfeit parts range from thirty to seventy-five per cent below the quality of the Ford standard. Don't take chances; demand Ford parts, they're safer. Bring your Ford to us and thus make "assurance double sure." If you want a Ford car, truck or Fordson tractor, leave your order without delay, as now we can make fairly prompt delivery—Touring Cars, Coupes, Sedans, Runabouts, Trucks and Fordson Tractors. Why not drop in and talk over your wants?
