Calvert County Fair.

Elaborate plans are being made for the Calvert County Fair to be held on October 26th, 27th and 28th. The premium list, which was mailed out several weeks ago, shows quite an increase in prizes. Particular emphasis was made on the junior department. Prizes have been practically doubled in this department, which is open to any boy or girl in Calvert county. It is hoped that the interest on the part of the boys will even more than justify the increase in awards. A horse pulling contest has been introduced this year as a new and added feature. Similar contests at other Fairs have created unusual interest.

Every farmer in Calvert county should take a personal interest in the Fair. It is a county institution, organized to promote our agriculture. It should be a source of pride to everyone to exhibit their products and make the occasion a success. This, of course, is most essential to make a successful Fair. It should be remembered by all Calvert countians that to visit the Fair without making entrie does little toward building a Fair of the desirable type. Hardly any farmer is without a product that merits exhibition. When this is finally realized the Calvert County Fair will achieve a position among other Fairs that we can be justly proud.
