The demonstration of the gas range at A. W. Carmine's store on Wednesday and Thursday attracted big crowds of ladies and gentlemen. The gas company offered one of these fine ranges put up in the home, properly connected and ready to light to the one holding a lucky number drawn from a box. Miss Sallie Lambert held the number that drew the prize and is now the owner of the range. Quite a number of our property holders will install gas, and the company will no doubt meet with success.

Boards Reorganize.

The Board of Town Commissioners reorganized on Monday night. All the old officers were re-elected—Wm. T. Duyer, president; James W. Crouch, clerk; Samuel E. Cooper and Beverly Hyland, baliffs, and Wm. Needles "town man."

The Board of School Commissioners reorganized on Tuesday, when Mr. John D. Urie qualified as school commissioner to succeed Mr. Wm. F. Russell. Mr. John P. Ahern was re-elected president of the Board, and Prof. J. L. Smyth was elected superintendent of schools to succeed Prof. Milton Melvin, who has given the county most excellent service for eight years. Prof. Smyth has been principal of the Chestertown Schools for a number of years, and is extremely popular with parents, teachers and pupils. His place as principal of the High School will be filled by the Board of Trustees. The TRANSCRIPT wishes Prof. Smyth success as superintendent of schools. He is a Democrat, like his predecessor Prof. Melvin, and he is capable of making an unqualified success of the public School system of this county. Let's have a strong man as principal of the Chestertown High School, as Prof. Smyth's successor. Professor Smyth will take charge of the Superintendent's office August 1.

Grange Notes.

Still Pond Grange had an unusually interesting meeting last Tuesday. Final arrangements were made for the entertainment which Mrs. Hazel E. Bornschein is to give there on the night of the 20th of May. If we should have a stormy night as we did the last time she came, she has consented to remain and give it the next evening instead. We are all delighted to think she can be with us again.

A discussion of much interest last meeting was on "What would be of the greatest benefit to the community," and the general opinion was that a good sensible library, which would be read would help make us one better, and good roads would help make us feel better. If you doubt the assertion, try the road from Betterton school house to Harry Willis' gate, and you need not take it any faster than 8 miles an hour either.

The farm implement paying the biggest dividend was also discussed, also more chickens. Refreshments were served, which were intended to make us stick, and we adjourned.

Next Tuesday, after the regular business meeting, the doors will be opened to the public at 3.30 P. M., and Mrs. A. L. Harris will give a talk on planning meals. You had better bring your pencils and notebooks, as it is likely she will give you some helpful thoughts worth writing down.

THE Democratic State Convention will be held in Baltimore on Thursday next, May 16th. There will be 32 delegates elected to the National Convention with one-half vote each. The delegates will be compelled to vote for Champ Clark in the National Convention on the first ballot, as he has the majority of the votes cast in the primaries. Governor Wilson should be the second choice of the delegation. Just who will control the organization of the convention remains to be seen. The Republican convention will meet on Wednesday, May 15th. It looks like the friends of President Taft will be able to organize the convention, but Col. Roosevelt will get the 16 delegates to the National Convention, having gotten a majority of the popular vote in the State. The Roosevelt delegates number 66, while Taft has 63.
