NOVEMBER 5, 1938

Before we pillory ourselves in the JOURNAL to voters of Calvert and the State at large, we have made their choice of those who are to represent them. It is a choice that should be made after due consideration of the merits of the candidates, their character and ability to give service.

In the candidacy of Senator Millard E. Tydings and Congressman Stephen W. Gambrill, their services have proven beyond doubt their ability and their interest in the welfare and progress of their country, nor is there any doubt of that they outrank their opponents in ability and experience. There appears to be no doubt of their election.

For Governor, the Democrats have nominated one of the ablest young men in this State, one who by his service as State's Attorney of Baltimore City and now as Attorney General of the State, has acquired the experience that fits him for the higher office. In ability he far out-ranks his rival, whose administration has been a conceded failure. It is inconceivable that the democratic voters of Maryland, whose in the large majority, will fail to elect Herbert R. O'Conor as the next Governor of our State.

For Attorney General no one can doubt the fitness of former Judge William C. Walsh, of Allegany county, or J. Millard Tawes, of Somerset, for Comptroller, and James A. Young has proven his worth as Clerk of the Court of Appeals. The opponents of each of these candidates are untried and little known.

The democratic candidates for the Associate Judgeships have no opposition, and their election is assured as it should be.

As to our local candidates, they need, nor should they need, any recommendation from us. After the spirited campaign they have made throughout the county and their contest with the voters, there is no room for doubting their ability and fitness for the offices they seek.

J. Wilmer Johnson is a young man, who by his own efforts and determination, earned his degree and successfully passed the bar examination. He is a young man of high character and ability, respected in our county, and his ambition to succeed highly recommends him to our people for their support.

For the House of Delegates the voters in the primary election selected as their candidates two young men who are for the first time before the people. That they are sincerely interested in the progress and welfare of our county has been shown by their campaign both of them are educated and qualified native sons of Calvert.

For Clerk of the Circuit Court, Mr. George W. Dorsey, who has successfully managed and conducted his business, is eminently fitted to perform the duties of Clerk of the Court, and merits the confidence and support of the voters of our county.

For County Treasurer no one in the whole county has had more experience in the work than Samuel C. Cox, who is filling out the present term, having been appointed on the recommendation of the bondsmen of the former holder. He is now well known to need recommendation.

For Sheriff John S. Williams is fully qualified and capable to perform the duties. Twice before he has been a candidate, and lost out only by the barest margin. We recommend him to the voters for election as sheriff.

For Judges of the Orphans' Court, Alvin T. Buckler, Lobert E. Trott and J. Albert Moreland are thoroughly competent and well known.

There is no opposition to the election of Mrs. Evelyn C. Young for Register of Wills. She has ably managed the office for the past seven years.

No office in our county is more important and more intimately affects and concerns our people than the County Commissioners. That is the administrative and financial agency of the county. It levies and expends our tax money, and the highest degree of ability, attention and care on the part of the members is needed for a good administration. Mr. Archie Parran, who has been a valuable member for a number of years, has given most efficient service. Thomas C. Scrivener, who served with Archie Parran and the late William S. Ward, made an unprecedented record of reducing our tax rate from $2.34 to $1.10, the greatest reduction in many decades. Notwithstanding that service, Mr. Scrivener lost out in the last election by one vote. Mr. William P. Norfolk, the candidate from the Third District, a successful farmer, will make a valuable colleague, for Messrs. Parran and Scrivener, and we believe they will look faithfully after the interest and welfare of the county.

The campaign adv. "A Creditable Record," published in this issue to say the least, is misleading. In the first place the average tax rate for the four years of the former Board includes the excessive rate required in their first year to pay the heavy bills left for them by the preceding Board and which is chargeable to that Board. The $2.34 tax rate was levied for bills and expenses made by their predecessors. The average tax rate levied by the former Republican Board was $2.20. The average rate levied by the last Democratic Board, excluding 1931 levy, for which it was in no wise responsible, was $1.53, and the rate for 1934 was $1.10.
