Report of the Auditing Committee

Of Kent County, Md.

To The Honorable Board of County Commissioners for Kent County.
Gentlemen:

In compliance with an act of the General Assembly of Maryland, passed January, 1904, and in harmony with our appointment as Auditors for Kent County. We have examined the Books, Accounts and Vouchers of the County Commissioners' Office, The Board of Education, The County Treasurer's Office, The Trustees of the Alms House and the Dog License Fund.

This Audit deals chiefly with the Levy of 1920 and 1921 when a rate of $2.50 on the $100.00 was declared for County purposes.

This report also gives the Source of Revenue for Kent County for 1921 and 1922 as shown by the Books of the County Commissioners January 17th, 1922.

The Auditors began their work on October 10th, 1921, but were very much handicapped by the conditions existing in all the departments examined. In some departments there were some vouchers missing, and many payments were made without proper authority.

We would recommend that the Clerk to the County Commissioners, the Superintendent of the Board of Education, County Treasurer, and the Clerk to the Alms House Trustees be required to make a detailed statement of the previous year's work, presenting vouchers for every expenditure made.

We would especially call attention to the present system of rebating taxes charged in error. The Court has advised this Committee that no person has authority to make any change in the Assessments as levied, except by order of the County Commissioners, as published notice is given to enable tax payers to revise their assessments prior to the striking of the Levy in June of each year.

We again call attention to the expenses of the Alms House and Farm, The cost for keep of inmates is about $360.00 each per year. The Farm account shows a net loss of $188.70, which together with taxes and interest lost on money invested would make a total loss to the County of about $1,000.00 for the year placing a value of $9,000.00 on the Farm. We therefore again recommend the sale of the Farm.

Respectfully,

WM. G. SMYTH,
H. CLAY BROWN,
J. RAYMOND SIMPERS
County Auditors.

Directors Produce Exchange Meet

The directors of the Kent Co. Produce Exchange met at the call of the chairman, Dr. H. P. Copeland, Jan. 20, in the Court House. The principal discussion was on the subject of improved roads for Kent Co. Co-operative building of improved roads was opposed, while a bond issue of $100,000, with certain provisions, was favored. Farm labor was discussed, but left to the Kent Co. Agricultural Council for action. The growing of tomatoes this year was discussed, but no definite action will be taken until the annual meeting of the Kent Co. Produce Exchange, which will be held on Tuesday, Feb. 28.

It was brought out during the meeting that the farmers who marketed their wool in the form of blankets and motor robes, through the management of the Produce Exchange, had cleared $1600 over and above all expenses and the market pri[illegible] of wool, on the 4000 pounds of woo[illegible]ich were marketed in this way [illegible]21.

Produce Exchange now consists of 174 farmers, all of whom have paid the required dues.

Women For The School Boards

From Princess Anne comes the news that a debate was held at the monthly meeting of the Parent-Teachers Association of the Washington High School, "Resolved, That a Woman Should be on the County Board of Education." After the affirmative and negative was debated, the decision was made for the affirmative. Now Wicomico is agitating the same question, but Kent is agitating, too. The Parent-Teachers Assocaition of the Chestertown Elementary School has named a committee to recommend a woman for the County Board of Education. All associations and clubs should consider this question, also the school budget bill and let county legislators hear from the people at home.
