Our Merchants.

One of the prettiest gents' furnishing and clothing stores in Chestertown, and one of the most popular firms is that of Vansant & Newsome on High street. The junior member of this firm, Mr. Martin E. Newsome, is a young man of large experience in the clothing business. He came to Chestertown in 1895 and entered the employ of R. F. Parks & Son. He later entered the employ of Friedman & Co. as a clothing salesman, after which he went to Baltimore, and for a number of years was a valuable salesman in the well-known New York Clothing House. He returned to Chestertown in 1904 and became associated with Clifton L. Jarrell in the general merchandising business. In 1906 Mr. Newsome formed a partnership with Mr. William Vansant, one of our retired farmers, and a man of most exemplary christian character, and for six years these two men have conducted one of the finest gents' furnishing and clothing stores on the peninsula. There is truly a combination of adaptability and personal experience in this firm and the success of their undertaking is evidenced by the splendid trade which they enjoy to-day. This firm was one of the many victims of the big fire of September, 1910, and for nearly a year they conducted business in a shanty on the square. Shortly before Christmas of last year the firm moved into their present handsome store room erected and owned by Mr. Eben F. Perkins, and they have a store room and stock of goods which for attractiveness and quality, will do credit to any of our largest cities. Both Messrs. Vansant & Newsome are courteous gentlemen, and they esteem it a pleasure to cater to their trade and to make satisfactory sales. The TRANSCRIPT congratulates the firm on its success.

FOLLOWING ALONG BLINDLY.

The TRANSCRIPT has never made any effort to play the game of politics with United States Senator John Walter Smith. We opposed him for election to the United States Senate, both when Senator Rayner was a candidate and also when former Governor Warfield was a candidate. We have opposed Senator Smith simply because we have not believed that his Democracy was of that character that would warrant us in giving him our support, nor that was of such a nature as meant the perpetuity of Democratic principles. In the light of the history of the recent past and of only the past week, we believe our position has been fully substantiated. For example—Senator Smith's Democracy was of such a character as to enable him to vote for a tariff on lumber which made the cost of building materials much higher than they should be, and the consumer pays the tariff. Senator Smith is a lumber dealer, and has made a large fortune in the business. Senator Smith is a staunch friend of Lorimer, that man whose name is a reproach in the mouth of every man who loves purity and abhors corruption in politics. It is generally accepted as a fact that Lorimer secured his seat in the United States Senate through the influence of an enormous corruption fund. Indeed, an investigation by the United States Senate seems to substantiate the charges, and Lorimer will be ousted. And yet, Senator Smith, the man who represents the fair State of Maryland in the Senate, not only voted to retain Lorimer at the first trial, but is one of only *twelve* Democratic Senators who will vote to retain Lorimer again, and besides all this, at the recent State Convention held in Baltimore, Senator Smith was said by his friends in Kent, who follow his lead blindly, as well as elsewhere, to have had absolute control of the convention, and had it in his power to have named a different delegation to the National Convention, which in the eyes of the Kent county Organization and the Beck organ, which declared only two weeks ago that Gorman and Preston are dead politically, this same Senator Smith who voted for Lorimer, and whom the Organization crowd heralded as the controller of the State Convention selected a delegation to the National Convention headed by himself with Senator Gorman, Mayor Preston, John J. Mahon, Hon. J. F. C. Talbott, Joshua W. Miles, Senator Rayner, every one of whom are politically opposed to Senator Smith, when he had it in his power, so his followers claim, to have selected an altogether different delegation. Now, in the light of Senator Smith's record, such as we have tried to show it here truthfully, we would like to know if the Democracy of Mayor Preston, who believes in rewarding his friends, Senator Rayner, who voted against Lorimer, and who is for a tariff for revenue only, and Senator Gorman, whose greatest fault is that he reduced the State's debt to a minimum by forcing the sale of valuable railroad stock when he was in the Senate of Maryland, is not of a higher order than is that of Senator Smith. We do not approve of many of the political methods of the Baltimore city organization, nor do we pretend to pose as political iconoclasts. What we do not propose to do is to follow blindly the lead of a man whose Democracy would prompt him to vote for a Lorimer, or for a duty on lumber, or playing the game of politics simply to save his own face, such as Senator Smith did in the last State Convention. It is a significant fact that the followers of Senator Smith in Kent is that faction that forced the passage of the iniquitous Gibbs road law, and which forced a tax rate of $1 85 upon the people through extravagance and waste on our public roads. It is natural that such an organization would think that Senator Smith's political leadership is without reproach. But the TRANSCRIPT has never done so, nor will it ever blindly follow a leadership so vitally opposed to the interests of the people as has that of Senator Smith proven to be.
