
The Standard of Comparison

Why Buick Cushions "Ride Easy"

Buick cushions are comfortable on all roads because of their "double-deck" springs and resilient hair pads. The upper springs, which are light and easy-acting, yield to the slightest road irregularity. The lower springs are larger and stiffer. They come into play on rough country roads, carrying the passenger in comfort over bumps which cause the ordinary seat to "strike bottom".

Between the springs and the French-plaited leather upholstery are two thick, yielding pads of interlaced hair which positively prevent "lumping".

In Buick seat cushions, as in every other part of the car, is built the quality which has made Buick cars the standard of comparison.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not ordered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

PORCH SHADES

An AEROLUX Haven of Comfort

A sizzling, blistering summer's day—pedestrians passing with wilted collars and torrid dispositions—the folks next door chasing the elusive, shady portion of their open porch—and you as cool as the proverbial cucumber behind your AEROLUX Shades.

Are you missing it! Is your porch too hot for rest—too public for comfort? AEROLUX will convert it into the coolest, airiest, most comfortable room in the home.

On such a porch mother can relax from the cares of a summer household. Baby is always ready for the refreshing daily nap—no need to coax, for the porch is airy and secluded. It's an ideal place for sister to entertain. And dad—it's his favorite location! He claims the most comfortable corner the very first day—and is secluded enough so that he can slip off his shoes without being arrested.
