Chestertown Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Chestertown citizen:

S. F. Robinson, stationary engineer, N. Calvert St., Chestertown Md., says: "Besides having trouble from my bladder, I also suffered from backache. The passages of the kidney secretions were irregular and attended with pain. Doan's Kidney Pills were the best kidney medicine I ever used, giving me great relief. I heartily recommend this remedy."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask *distinctly* for *Doan's Kidney Pills*, the same that Mr. Robinson had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

A Three Legged Duck.

Mrs. J. C. Alston has convinced herself and is now arguing with her friends that there is no foundation for all this superstition about number 13. About five weeks ago Mrs. Alston placed 13 muscovy duck eggs under one of Bud Beasten's famous buff orpington hens, and this faithful mother of the feathered family on Wednesday hatched out 13 little ducklings.

While removing the little family from the nest Mrs. Alston discovered one of the ducks had three legs, and seems proud of his third leg.

Mrs. Alston was formerly Miss Irene Covington, of Still Pond.

Track Being Built.

Messrs. F. E. Spinner, & Co., contractors of New York, began on last week, the building of the race track, on the Henry Schatz farm, Havre de Grace, just outside the city limits. They have fully a hundred men employed, and are pushing work ahead rapidly so as to be ready for racing early in August.

Information regarding the plans of the projectors of the enterprise seems difficult to obtain, but the following taken from the "Philadelphia Ledger" of last Sunday, seems to be an authoritative statement thereof:

Philadelphia men are interested in the financing of the Harford County Breeders' Association, which has already been formed and which will establish a race course at Havre de Grace, Md., on the southern bank of the Susquehanna River.

The new course has been planned so that its proximity to both Havre de Grace and Baltimore will draw crowds of racing enthusiasts. New Yorkers also will be enabled to see racing near at home for the first time since race tracks were banned by the Legislature.

The formation of the company has been progressing quietly for some time. One of the leaders in the movement is supposed to be Congressman Rhinock, an owner of a large stock farm in that State. He is the possessor of a big racing stable, and his colors this summer have been carried by the winners in many important races, where large purses were at stake.

A former politician of Have de Grace is said to be prominently identified with the company. He is a keen follower of races.

It is understood that the track, with its grand stands, paddock and string of stables, will cost approximately $80,000. The company has incorporated for a similar sum.

Although Baltimoreans, with Pimlico going in full blast, have been enjoying high-grade racing, they have realized that this course was to remote from Philadelphia and New York to draw the crowds that should ordinarly be attracted.

Have de Grace, because of its situation, was deemed an ideal spot. It is five minutes more than an hour's ride from here to the Maryland town, while it takes exactly an hour from Baltimore.

As the Maryland laws permit racing, and the racing interests at Pimlico, Marlboro and Latonia have met with no opposition, it was learned that no legal barrier would be thrown in the path of the comtemplated course at Havre de Grace.

A quiet tip was sent out to race followers and they unaminously replied that the town on the Susquehanna would be a correct move. According to reports, work upon the track will be started soon, so as to be in readiness for the initial meeting in the fall. It is to be a mile long.

The course will be conducted under the auspices of the Jockey Club of New York, which, although racing is not allowed in the State, has wide-spread supervision of racing throughout the country.

There have hardly been men enough in Kent county this week to cultivate corn. They have been attending the Democratic Convention in Baltimore. And listen, some of our women have been there too. Everybody was rooting for Woodrow Wilson.
