Auto Races at Reading Sunday

Reading will play host to America's auto racing kings next Sunday when the 1938 season over the AAA sanctioned circuits will be officially launched on the fast Berks fair grounds track.

Never has there been a more brilliant field of speed notables ready to take the flag as the Hankinson Speedways organization is announcing for the Reading opener Sunday. Every section of the United States is represented by star talent and most of the drivers will have shiny new cars in which to roar into action.

Heading the delegation from the Pacific coast wil be the veteran Chet Gardner, member of the 100 miles an hour club and rated as one of America's greatest drivers. Gardner is bringing a beautiful new Miller machine to Reading and grapevine reports predict that it will be a sensation. It is the same car that he has entered in the Indianapolis 500 mile race next Decoration day.

Middle western representation will also be particularly strong, officials say, with the hard riding Tony Willman of Milwaukee considered the man to beat. Willman who now owns the great car Cragar car which he drove for Johnny Bagley last year and won the Reading opener, was one of the most consistent winners on both eastern and middle western tracks last year.

Undaunted by the flood of talent from the west, eastern speed stars claim they have never been better prepared to meet the challenge of invading daredevils. Bob Sall of Paterson, in his flashy Miller, Frankie Bailey the little New Brunswick 1936 champion, also in a Miller Henry Guerand of Elizabeth in Bill Darke's "99" and Walt Ader of Bernardsville were a few to file early.

Southern territory will also send its best talent headed by Monk and Eldridge Tadlock of Norfolk who also announce that they have fast new cars for the 1938 campaign.

G.M. Oversas Sales Make March Record

March sales of General Motors cars and trucks to dealers in overseas markets totaled 37,003 units, the highest March volume on record and 15 per cent ahead of a year ago, the company reported.

Sales of 97,193 units for the first three months of thee year also established a record and increased 12.2 per cent over the comparable 1937 period.

These figures included products of the company's Amrican, Canadian, English and German factories sold outside of the United States and Canada.

ANNUAL HEALTH CONFERENCE

Arrangements for the Eighteenth Annual Health Conference of the field and departmental staffs of the State Department of Health which will be held Tuesday and Wednesday, April 26 and 27, have been announced by Dr. R. H. Riley, Director of the Department. The confernec will be held at the Longfellow Hotel, Baltimore. Dr. Riley wili preside.

The meeting on Tuesday will be devoted to the State program for venereal disease control with special reference to clinic procedure and follow-up measures. At the morning session, the activities carried on through the local departments of health will be reported upon and discussed by the county health officers and clinicians under the leadership of Dr. J. Earle Moore, Consultant on Venereal Diseases of the State Department of Health..

The part of the public health nurse in the control of venereal diseases will be discuseed at the afternoon session by Miss Mary Dunn, Regional Consuitant in Public Health Nursing of the U. S. Public Health Service and by staff nurses under the leadership of Miss Catharine Corley, Nurse Instructor of the State Department of Health. There will be brief papers on case finding and holding; the instruction of individuals and groups; and on the role of the nurse in the preveention of congenital syphilis.

The plans for the sessions on Wednesday include a report by Dr. A. W. Hedrich, Chief of the Bureau of Vital Statistics on the intensive campaign, now under way in the State for more complete registration of births, and a symposium nuder the leadership of Miss Corley, on nursing procedure in public health activities for the control of tuberculois. Brief papers wil be presented by staff nurses on the tuberculin test; on operatvie procedures in the treatment and evaluation of the tuberculois case finding; case histories; the home visit; the objectives and evaluation of the tuberculois program and the social adjustment of the tuberculous patient.

Interesting Report Made to D.A.R.

The April meeting of Head of Elk Chapter D.A.R was held at the home of Mrs. H. Arthur Cantwell, North East on Saturday afternoon, April 9th. Mrs. Barclay Moore was co-hostess. Meeting was opened by Regent, with Mrs. Moore, Chapter Chaplain, conducting the exercises from D.A.R. Ritual. Salute to the Flag and American's Creed followed, and the officers and chairmen gave their reports.

The Regent then gave a very interesting and informing account of the Annual State Conference held in Baltimore, March 16 and 17, the highilght being the address given by Mrs. Frances Parkinson Keyes,, editor of the D.A.R. National Magazine. The announcement that Miss Betty Simpers, a North East High School student had won the essay contest on "The Flag," gave us all much pleasure. Discussion of a Chapter House for in the near future, took place and the Chapter decided to contribute a certain sum annually to the project.

A letter from the county commissioners to the Chapter was read by Mrs. Kepler, after careful consideration of subject matter, it was decided unanimously that we are in favor of the continuation of the CCC Camp in Elk Neck. Another letter was read from Mrs. Becker, president general of National D.A.R., which gave valuable suggestion, and inspiration for future work, the theme being: "Our Heritage for Living."

Mrs Cantwell, essay contest chairman read a card from principal of Calvert High School reporting the Historical esay contest was progressing favorably. Names of judges of papers submitted by contestants were suggested and listed by the chairman.

The meeting adjourned promptly at 4 o'clock when the hostesses took charge of the social hour. Mrs. Peter Terhune, North East, was a guest of the Chapter, and enjoyed with us the delightful refreshments.

YOUR OLD AGE INSURANCE

* * *

Now that earnings reports for the fourth quarter of 1937 are practically complete in the office of the Maryland Unemployment Compensation Board, it is estimated that of the total number of benfit claims approved to date more than fifty per cent are entitled to benefits additional to those allowed for the first three quarters of the calendar year.

These new or additional benefits are based on the earnings of the claimant in the fourth quarter, ending December 31 last, and are due to those who have exhausted the allowance granted on the basis of the first three quarters.

Credits for the last quarter's earnings are fixed at th rate of one-sixth of the earnings of that period; but no more than $65 can be added any claimant's account for this quarter. If a claimant has already served a new waiting period and is totally or partially unemployed, he will be eligible to recive benefits immediately provided he files a claim.

While no claimant can recive compensation in excess of sixteen times his weekly benfit amount, the addition of these fourth quarter earnings will permit the payment of additional benefits and thereby defer the date on which the claimant's account will be exhausted for his benefit year.

Drexel Institute of Technology

Philadelphia, Pa.—April 11—Twenty-fo ur states the District of Columbia the Canal Zone, Cuba and Puerto Rico are represented by the student enrollment in the day session at Drexel Insitute of Technology, with the States of Pennsylvania, New Jersey, Maryland, New York, Delaware and Connecticut leading in the order named.

The total enrollment of the Drexel Evening Diploma School is 3,093 for the 1937-38 season.

IMPORTANT NOTICE

Japanese Beetle Trapping Demonstration

The University of Maryland in cooperation with your County Agent, expects to put on a large scale Japanese Beetle trapping demonstration. Approximately 9000 traps are to be used in this demonstration. This area selected bythe University officials is just north of Elkton, involving some 40 square miles. The tentative boundaries if the demonstration area are as follows: **ELKTON TO CHILDS, TURNING NORTH UP THE ELK CREEK TO THE ANDORA-PLEASANT HILL ROAD. FROM THIS POINT EAST THROUGH ANDORA, COWENTOWN TO THE DELAWARE LINE. FROM HERE SOUTH ALONG RAILROAD TO ELKTON.**

The University will furnish the complete traps and bait at no cost to the farmer living in the demonstration area, provided the copperatof will agree to put the traps out ,empty the beetles, and return to Elkton at the end of the season. In order to make a thorough job of the trapping, it is necssary that at least one trap per acre be used. For example on a 50 acre frm, 50 traps wil be furnished. These traps catch the most beetles.

It is the purpose of the State Officials to show just what can be done in the way of reducing the hords of Japanese Beetles, by a concentrated, thorough job of trapping. There has never beeen such a large scale trapping demnostrationof its kind ever before in the United States.

Thee traps to be used in this experiment are the latest type of Japanese Beetl Traps, having a gallon, perforated metal container in which the beetles are caught. The traps wil be ready for distribution sometime around the latter part of May. All cooperators will be notified by letter of the dates on which the traps may be obtained, as well as the place from which they will be distributed.

All traps should be placed and ready to catch beetles by June 10.

Every farmer or resident in the area outlined, who has not been approached by a representative from the University of Maryland, and wishes to cooperate, will write or call the **County Agents' Office** (Elkton 325 at once. It is necessary to give your name, address, and number of acres on your farm. Call or write today. The full plan will be explained to you.

A Message from the Heirs of Colonel Henry Hollingsworth

* * *

BORN SEPTEMBER 17, 1737
DIED SEPTEMBER 29, 1803

The following message was part of the Program at the Old Academy last Thursday .

In the golden sunlight of this Eastertide, I bring you a message from the heirs of Colonel Henry Hollingsworth, and to remind you that after one hundred and fifty one years of continuous service, we are now assembled to say farewell to this historic institution, so inextricably interwoven with the lives and fortunes of this community and with our Nation's beginning to sound a requiem that must forever reverberate proclaiming the precepts of enlightenment throughout the world.

For the last time we stand before this ancient seat of learning, now bent in final benediction—this monument of liberty, bought by the blood of the Revolution, this bulwark of strength which echoes and reechoes, gloriously, from a dimming past on whose walls is indelibly written the story of our struggle for Independence.

By some condemmed, but to many it is a white altar—a sacred shrine fragrant with tender memories, and an abiding symbol of highest ideals.

Here the flowers of youth came into blossom, and boys and girls went forth to later achievement. Here soldiers lay wounded and dying, and armaments were stored. Here, too, people united in worship, and infants were brought for baptism whose tiny lives were to be our future protection.

Let us now pause in silent tribute to all who crossed this threshold—the living and the dead, to Colonel Hollingsworth and his valiant men who made the supreme sacrifice that we might live.

Let us put aside all differences for the common good. Let us be neighborly in the cause of right. Let us be steadfast and here pledge anew our allegiance to the flag of the United States America—their flag and ours—and beneath its shimmering folds go forward bearing the banner of peace.

Orvilla Adele Gilpin

57.2 Increase in Chevrolet Auto Sales

Chevrolet dealers sold 62, 639 new cars and trucks in March, according to an annuncement by Chevrolet Motor Division officials at Dettroit.

This was 57.2 per cent increase over the sales total for February.

A feature of the sales total piled up by Chevrolet dealers in March was that during the final ten-day period 27,606 new cars and trucks were sold, which constituted 78.8 per cent of the total for the first 20 days of the month, indicating a firmer market for new units as spring and sunshine arrived.

The March used car sales of Chevrolet dealers totaled 130,788, according to the announcement, an increase of 11.9 pr cent over the February total of 116,915. This was the 37the consecutive month that Chevrolet dealers sold in excess of 100,000 used cars, and gave them a grand total of used car sales during the last 37 months of 5,630,886.

She's a Changed Woman Since She Began Cooking ELECTRICALLY

She's a novice at electric cooking. She's only had that handsome new range a few short weeks. But already it has worked wonders. And why? Simply because she is enjoying cooking as never before. She's discovering how easy it is . . . how clean it is . . . how fast it is . . . how much leisure it gives her.

And with her new 1938 model, she finds improvements she has always wanted in a cooking device. Controlled heat—with all the grades she can possibly need or want! Roomy oven and warming compartments! And what joy—an all-in-one top that is so easy to clean. But that's not all! Modern construction, ideal insulation and low electric rates mean that her electric cooking is CHEAP! Take a tip from this contented home cook—get an Electric Range!
