Solicits the Business and Accounts of Farmers and Public in General,

Your Bank Deposit Book affords a complete record of your receipts, while the stubs of your check books are a perfect record of expenses and payments. Paying for labor, settling a store account is much safer than with money; you avoid the risk of handling the actual cash, and the endorsed check returned by the Bank is the best kind of a receipt.

TRY IT.

This is the Bank with resources over $800,000

This is the Bank keeping 15 per cent. Reserve as a Protection to Depositors.

This is the Bank under the supervision of the United States Government.

This is the Bank examined twice each year by expert National Bank Examiners.

This is the Bank that pays all checks upon presentation, no notice required.

This is the Bank that is conservatively managed.

This is the Bank that treats everybody alike

The Sign "Bank"

does not make a Bank and is often misleading. It requires time, energy, close attention to business, a substantial capital and ample resources, all conservatively handled.

THIS BANK

under its present management refers you to the past 22 years to convince you of its standing.

WE DO NOT

experiment with our business nor with your business.

FIRST LESSON ON MOTORCYCLE.

Judge of the Orphans' Court Jamas Bramble Finds the City Machine Worse Than a Texas Broncho.

Mr. James Bramble, of Wilmington, Del., spent last Sunday with his father, Judge James Bramble, near Fairlee. He came down from the city on his motorcycle. Sometime during the day Judge Bramble stated that he must go visit a neighbor, and started for the stable to get his horse to put to the carriage. It was a very warm day, as we all agree, and the son at once proposed that his father go over to his neighbor's on the matorcycle. The Judge balked somewhat at the speedster, claiming ignorance of its methods of operation. The son suggested that the father, who weighs about 220 pounds, and measures 44 around the waist, should get on before, and the son would do the guiding. The novelty of the thing appealed to the Judge and accordingly they made the start for the neighbor's. Everything went well until they struck a piece of Kent's good roads. The son, with his arms around his father's waist, endeavoring to steer the machine, put on more steam, when suddenly she struck a stone. Judge Bramble landed in a thorn hedge, and when he went to extricate himself his pants were torn from his limbs and he was somewhat bruised, and shaken up. He returned home a bruised and torn, but wiser man, and his son James may come down on his motorcycle as often as he pleases, but never again will Judge Bramble attempt to visit a neighbor on a motorcycle.

Disposes of Blacksmith Business.—Mr. Samuel Hicks, clerk to the Board of County Commissioners, and Mr. A. J. Hackett, Jr., who has been in Mr. Hicks' employ for some time, have about completed a deal whereby Mr. Hicks disposes of the material in his shops and his good will, while Mr. Hackett rents the shops and tools. The transfer will take place September 1. Mr. Hackett is one of the best horse shoers and wheelwrights on the Peninsula, and he attends strictly to business. The TRANSCRIPT wishes him success.
