We moderns are hard to please. But we will make famous anyone or anything that does please us.

This hard-to-suit age chooses Camel

MODERN people are hard to satisfy. But Camel has pleased them and they have made it the most famous cigarette of all time.

Present-day smokers are "tasty," and they recognize in Camel the choicest tobaccos grown, blended for smoothness and mellowness. Camel leadership in this modern world is an overwhelming tribute to the taste and fragrance of this quality cigarette.

Camel will prove itself to you. What a cool, satisfying smoke! When you try Camels, you will see why they are first and favorite with present-day smokers. *"Have a Camel!"*

What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use *Doan's Pills*, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given *Doan's* signed recommendations. Scarcely a community but has its representation. *Ask your neighbor!*
