TURNER & SON,

Sole Agents for Kent County. BETTERTON, MD

After New Road.

Following up the announcement of the signers to a petition for an improved road from Tolchester to Fairlee, published exclusively by the TRANSCRIPT last week, the Board of County Commissioners on Tuesday made application to the State Road Commission for State aid for said road. The following article published in Wednesday's Sun explains the situation very fairly:

"To materially increase trade with Baltimore, residents of Kent county are endeavoring to have the State Roads Commission build a new pike from Chestertown to Tolchester by way of Fairlee, a distance of about 15 miles. Good steamboat connections from Tolchester to Baltimore would thus enable farmers from a large territory to do business in this city instead of in Philadelphia, as at present.

"Governor Goldsborough has been appealed to by prominent citizens of Chestertown and farmers near by who see in the plan excellent chances of welding together more solidly the business interests of the State. The State Roads Commission has the question under consideration, and it is said that the Governor would like to see the project go through.

"It is estimated that the improvement would cost $50,000. Half of this amount, it is expected, will be given under the Shoemaker Act by the commision, the road to be completed in about three years. It is understood that the County Commissioners of Kent county have agreed to give $15,000, provided $10,000 be raised by private subscription. A large sum has already been subscribed."

There are already visible evidences that the property owners along the route will co-operate with the commissioners and those who have the building of the road in charge, and there will be no trouble to raise the $10,000 by private subscription. One property owner along the route has stated to us recently that he believes the road will be of untold value to his property, and he is willing to contribute $500 towards the building of a permanent road. There will be many others after awhile.

STATE CAMP P. O. S. of A.

Royally Entertained by the Local Camp, and the People Show Their Hospitality and Patriotism in an Unstinted Manner.

This has been P. O. S. of A. week in Chestertown. The visitors began to arrive for the two days session of the State Camp held in the Assembly Hall of the high school as early as Sunday evening, and by Tuesday night the officers of the camp with 200 delegates and district presidents had been handsomely provided for by the entertainment committee, and the business places and residences were decorated in such a beautiful and lavish manner as to impress upon the visitors that they were thrice welcome to our homes and the town. Never before in the history of the town has there been such a manifestation of the patriotic spirit as was manifested in the beautiful and artistic decorations, and in this respect it is but due our citizens to say that the uptown decorations took the prize. Everybody opened his heart and made especial efforts to have the town looking its best, and there has seldom been a more imposing spectacle than was presented on Wednesday evening, when the parade of delegates, horsemen, horsewomen and automobilists passed over the streets, whose business places were gorgeously decorated in bunting, flags and brilliantly illuminated with Japanese lanterns and electrical fixtures. We must be excused for not going into details concerning the decorations. All were beautiful, and we would not specialize, because our judgment may not be in accord with general opinion. We cannot refrain, however, from calling attention to the fact that "Uncle Sam" was in evidence in McIntire & Son's window, while the battle scarred and tattered flag carried by Gen. Reed in the battle of Caulk's Field in 1813, now owned by Mr. Milton Baker, of this town, was on display in Bordley & Sons' cothing store window. So much for the arrival of the delegates and the preparation for their reception and entertainment.

The convention was opened by President McCleary at 10 o'clock on Wednesday morning in the high school building. The address of welcome was delivered by William W. Beck, Esq., and the response was made by the State President.

The entire afternoon session was consumed in balloting for officers and the result was announced on Thursday morning. The parade of the delegates, horsemen, horsewomen, and automobilists at night was a most imposing pageant. The principal streets of the town were traversed and the parade terminated at the school green where a splendid program of music and addresses was rendered. Mr. William F. Russell was master of ceremonies and introduced the speakers in his characteristic manner. Addresses were delivered by Hon. Wm. T. Warburton, of Elkton; Mr. W. L. Seabrook, of Frederick county; William F. Williams, Jr., Past State President, of Baltimore, and Prof. Wm. J. Heaps, of Baltimore. The Centreville and Chestertown bands under the leadership of Mr. Arthur Bacon, of Chestertown, furnished excellent music and a chorus of 40 select voices under the direction of Mr. J. Hydie Thompson and Prof. T. Kemp Bordley sang patriortic airs most admirably.

The president's report showed an increase of 237 members during the year, making a total of 8,185, but regretted the lack of enthusiastic work. He attributed this lack to the change of the official organ of the camp from a monthly to a quarterly. The business report was gratifying, showing over $15,000 paid in benefits.

THURSDAY'S SESSION.

The entire morning session was consumed in the election of officers, which resulted as follows:

State President—Wm. T. Childs, Camp 28.
State Vice-President—H. T. Griffin, Camp 4.
Master of Forms—W. L. Seabrook, Camp 68.
Treasurer—Wm. J. Carter, Camp 32.
Secretary—Wm. J. Heaps, Camp 15.
Conductor—F. U. Cochran, Camp 34.
Inspector—J. J. Heiner, Camp 24.
Guard—C. A. Ecchelberger, Camp 44.
Trustees—L. W. Clark, Camp 9; J. S. Robinson, Camp 21; E. Wolf, Camp 14; C. Perkins, Camp 57; N. J. Foster, Camp 45; W. G. Davis, Camp 37.

Following the election of officers, resolutions upon the death of James M. Marine, of Camp 38, of Baltimore, were passed and ordered engrossed upon the minutes.

The laws of the Mortuary Benefit Association which forms a part of the State Camp were amended so as to admit all camps not now included in the association, provided they apply before December 31, 1912.

A resolution commending the observance of Mother's Day was adopted, and it was recommended that the second Sunday in May be observed as Mother's Day, and that each camp prepare some special and suitable program. The camp commended, after some proper investigation, the Patriotic Orphanage Home in Baltimore, and appropriated $100 towards its maintenance for the coming year.

Resolutions generously thanking the local camp for it splendid entertainment and the people of the community generally for their hospitality and courtesy were adopted by a rising vote.

The afternoon session was devoted to the installation of officers by the retiring president, Mr. McCleary, after which the camp adjourned to meet next year in Frostburg, which won over Annapolis and Baltimore after a spirited contest. Many of the visiting delegates left for their home immediately after adjournment by Tolchester, while others remained to make the Chester river trip yesterday morning. All carried away with them pleasant recollections of their stay here and splendid impressions of the people of the town who did so much for their pleasure and comfort.

War Against Cholera.

Mr. Harry P. Skipper, president of the State Live Stock Sanitary Board, received 10,000 cubic centimetres of hog cholera serum from the State Board on Monday, which the board has very generously donated for use in the "cholera districts" of Kent and Queen Annes counties with a view to preventing this disease. The co-operation of the farmers with the board in its efforts to stamp out cholera is absolutely essential, otherwise the experiment will prove a failure. The only cost to the farmer is that of the services of the veterinarian, and we are assured by Dr. Jarman that his fee will be as low as is consistent with the labor involved in administering the dose. Mr. Skipper and Dr. Jarman have divided the two counties into "cholera districts," and they will visit each and immunize the hogs where it is deisred. They began their tour on Monday afternoon when they went to Mr. William Hendrix's. Mr. Frank M. Miller and others in that neighborhood. They will continue the work as they have opportunity. It seems that the Live Stock Board is determined to rid the farmers of this enormous loss every year, and if the farmers will lend their aid, we believe that much good can be accomplished.
