### HOUSEKEEPING MELODIES.

Sing a song cleaning house!
Pocketful of nails!
Four-and-twenty dust pans,
Scrubbing-brooms and pails!
When the door is opened,
Wife begins to sing!

"Just help me move this bureau here
And hang this picture, won't you, dear.
And tack the carpet by the door,
And stretch this one a little more,
And drive this nail and screw the screw;
And here's a job I have for you—
This closet door will never catch,
I think you'll have to fix the latch,
And, oh, while you're about it, John,

I wish you'd put the cornice on
And hang this curtain; when you're done
I'll hand you up the other one;
This box has got to have a hinge
Before I can put on the fringe;
And won't you mend that broken chair?
I'd like a hook put up right there,
The bureau drawer must have a knob;
And here's another little job—
I really hate to ask you, dear—
But could you fix the bracket here."

And on it goes, when these are through,
With this and that and those to do,
Ad infinitum, and more to,
All in a merry jingle—
And isn't it enough to make
A man wish he was single? (Almost.)

—Luck and Pluck.—Bad luck is simply a man with his hands in his pockets and his pipe in his mouth, looking on to see how it is coming out. Good luck is a man of pluck with his sleeves rolled up, and working to make it come out right.

No wonder a baby protests against such doses as people will give it. Dr. Bull's Baby Syrup is the pleasantest and safest remedy known for infants.

A person often bears the charge of laziness when it is only a poorly acting liver or a wearied stomach which is the cause of his sluggishness. One thus suffering should use Laxador and be relieved. Price only 25 cents a package.

—Teacher—"Where do the Arabs live?" Boy—"In the desert." Teacher—"What do they call those pious men who flee to the desert?" Boy—"Deserters."

**Southern Antidote for Malaria.**

Is is generally known that Simmons Liver Regulator is relied upon to secure immunity from all malarial disorders. This is proven by its popularity, and any one who has lived in the South has seen its curative effects and the protection it gives against the weakening and dangerous malady. It acts more promptly than calomel or quinine, without any of their injurious consequences.

—What are the best kind of agricultural fairs? The farmers' daughters.

—The man who will not listen to reason soon becomes a crank; but trying to turn him is a waste of time.

**What Am I To Do?**

The symptoms of Biliousness are unhappily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequent, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholy out of order and Diarrhœa or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try "Green's August Flower," it costs, but a trifle and thousands attest its efficacy.

—Dogwood, strange to say, has no more bark than any other undergrowth.

—A man may have a shining crown and yet be no king.

OUR A. A.
(ORIGINALLY CALLED OUR EXTANT,)
BONE SUPER PHOSPHATE
THE GREAT WHEAT AND CLOVER PRODUCER.
TRADE MARK
Put on a basis with 80c. Wheat. Reduced in price to $27. Time--Delivered.

In view of the low price of grain and seeing the need of the farmers, we determined to try and meet their requirements. Having watched the market carefully, we have succeeded in buying our stock lower than ever before, and by shaving our profit, we are offering the Harford farmers today our old $32 goods for the above price. We are the pioneer manufacturers of the Eastern Shore of Maryland, and necessarily have had large experience in the mixing of Super Phosphates, and we are now thoroughly convinced that Our A. A. is one of the best combinations for wheat on this or any other market without regard to price; as the whole 2,000 lbs. is composed of Animal Bone, Nitrogen or Animal Matter, S. C. Floats and Potash. Not one pound of Plaster, Sulphate or Soda, or any cheap or worthless materials entering into its composition; and this is not all theoretical, but by reading the following testimonials will be seen to be practical:

ABERDEEN, MD., July 23d, 1887.
*T. R. Hubbard & Son:*
GENTLEMEN: I have for several years been using your Fertilizer on my various crops, and where applied on wheat it not only gave me a good crop but the grass was much heavier where it was put. If I sow wheat this fall, (I am a canner,) shall use A. A. Respectfully,
S. D. JEWENS.

—Mr. R. John Rogers, near Bel Air, says the A. A. bought of our Mr. Osborn he used on wheat in connection with some of the highest standard goods on the market with entire satisfaction, and that he has always had great confidence in same.

—Messrs. A. and L. B. Robinson, near Fallston, Harford Co., under date of July 1st, 1886, say they both grew as fine wheat as they most ever saw with our A. A. Bone Phosphate, and that is why they bought again.

91 McElderry's Wharf, Balto., July 27th, 1887.
*T. R. Hubbard & Son:*
GENTLEMAN: For a number of years we have been selling your (Extant) or A. A. Bone Super Phosphate, selling to one party as high as 45 tons in one lot, and we are glad to report that it has given universal satisfaction. One of our customers now has his order in for 40 tons, and will in all probability make it 50. Respectfully,
WM. H. MICHAEL & SONS.
