Hitch in Building Road.

There is a hitch between the county Road Engineer and the Board of County Commissioners regarding the building of the new road in the Fifth District which was asked for by a number of shippers and residents of that district, and which was duly examined by a commission appointed by the commissioners which commission reported favorable to building the road. The road engineer contends that the funds for opening the road should be made a special levy by the commissioners and we understand that the road engineer and Capt. Jim Wilson, a prominent Republican of the Fifth District, whom our Democratic road engineer wants to build the road have estimated that it would require $200 to open the road while a committee from the Board of Commissioners estimate that the work can be easily done for $100, but state that under the present road law the work must be done under the supervision of the road engineer and makes no provision for paying for the work except from the annual road levy. The commissioners have been advised by their counsel Hope H. Barroll, Esq., that their interpretation of the law is the proper one, and the responsibility for the opening of the road which the people of the Fifth District have asked for and which they have received permission from the Board of Commissioners to build, is upon the shoulders of the road engineer who has enough money at his disposal from the annual road levy to open all roads applied for and keep the present highways in excellent condition if he were a competent man for the job.

Crimson Clover Seed

We are offering Fine New Crop DELAWARE BRAND Seed right from the heart of the Crimson Clover country. We do think prettier seed could not be had and lower in price than last year. The demand has been quite heavy, but our stock is quite large yet. If not ready for the seed now, let us book your order for future delivery.

Winner Plow Truck

This is a new one here having only been sold here for the past two seasons, but is has met with favor. It makes a riding plow of any walking plow that you have, and works fine. We can refer you to people who are using them. The whole attachment complete is only $10.00.

Plow Shears

We carry SHEARS for Vulcan, Oliver, Syracuse, Imperial and South Bend Plows. We grind shears for any make of plow, and we grind all sizes for only 10c. They do as good work after they are ground as they do when new. We have a good outfit now and can grind them very promptly.

American Fence

We have on hand all the leading sizes of American Fence, and all this Fence has been stored since its arrival last spring in our large warehouses at the depot. The prices are lower now than they are likely to be in the spring as we have already had two notices of an advance in the prices since we bought, but we are giving our customers the benefit of our early purchases.

Yours for business,
Davis & Satterfield,

No Guess Work

in our methods of testing the eyes and fitting glasses. We use the latest and most approved instruments and *do not use any drugs or drops* to paralyze the muscles of the eyes as more satisfactory results can be obtained by the more modern methods without the dangerous after-effects of drops. Only those who have made a study of Optics and Anatomy of the eyes can fit glasses correctly.

If you break your glasses bring us the pieces and we will duplicate them for you.

9 A. M. to 4 P. M. devoted daily except Saturday and Sunday to Eye Testing and Fitting Glasses.
