The Chestertown Transcript.

Saturday Morning, June 27, 1868.

LOCALS.

THE County Commissioners on Tuesday last appointed WILLIAM STEVENS, ESQ., a Director for the Kent County Railroad on the part of the County.

VIOLENT STORM.—On Friday night of last week a severe storm of wind and rain visited our County: in the Lower District it was accompanied with hail, and the wheat was blown down very much. In our town there was a perfect flood of rain, the side-walks in some parts of the town being for a time under water.

MR. GARRET M. HART, of the Lower District of this County, has been appointed Assistant Assessor of U. S. Internal Revenue, District No. 4, 8th Division Southern Virginia, and leaves to-day, (the 27th) for his future field of action. The appointment is well merited, as Mr. Hart has always been a true friend of Constitutional Government.

MR. ABEL J. REES has sold the house now occupied by Dr. T. S. Holton, and premises, near Rees' Corner, to the trustees of Kent Circuit M. E. Church, for a Parsonage, for the sum of two thousand dollars. One half cash, the balance January 1st, 1869.

THE Parsonage of St. Paul's Parish, on the Glebe near the Church, has just been completed and is now ready for occupation. It cost, with the repairs upon the old building, twenty-two hundred dollars, which will leave a debt upon the Parish of about six hundred dollars. The house is very comfortable and convenient in all its arrangements, and pleasantly situated on a high hill within half a mile of the Church.

MR. W. S. WALKER is now erecting a large and convenient dwelling, forty by twenty feet, with a back building thirty by eighteen, upon his "Everlasting" farm in Fairlee Neck, He has just completed a nice house with suitable outbuildings, upon his Springfield farm near Rees' Corner.

THE REV. MR. GOODWIN, of Chester Parish, has been called by the Vestry of I. U Parish to officiate every Sunday afternoon at Christ Church, in that Parish. He will retain his present charge, and devote himself to the Pastoral duties of both Parishes.

A CORRECTION.—In General Reed's account of the battle of Caulk's Field, published in our issue of the 13th inst., appears the name of ensign Shriver of Captain Chambers' Company. This, although copied correctly, is incorrect. It should have read *ensign Skirven*. Mr. William Skirven, the father of J. T. and James Skirven, now living in this County, being the person referred to.

EXCURSION FROM BALTIMORE.—The steamer George Weems, with an excursion from Baltimore, came to our town on Monday last. There were some seven hundred in the party, and on their landing early gave evidences that "John Barleycorn" had accompanied them. One of the number soon made the acquaintance of the County Jail. The great majority however were well disposed, and secured the Town Hall for a dance. Just before the steamer left a difficulty occurred between a police officer who accompanied the boat, and a resident of Chestertown, lately of Baltitimore. Out of this grew a general engagement between some of the youth of our town and the excursionists, in which bricks and sticks were freely used. The Chestertownians made a sharp fight for some time; but reinforcements continually coming from the boat, they prudently withdrew from the field, and were pursued, in some instances, to the second story of houses. Where the fault lies for this discreditable affair we have been unable to learn, but our officers report that one of the Baltimore City Police, wearing No. 318, behaved in a very unofficerlike manner.

Our Town Commissioners have for several years prohibited excursion parties from Baltimore, without some security for the good behaviour of the party, and we presume the same course will be resorted to again.

Since the above was written, it will be seen, by advertisement, that the Commissioners forbid excursion parties from Baltimore to land in the town.

THE EXCURSION of the Methodist Protestant Sunday School of this town, to Baltimore, on the steamer George Law last Wednesday, was, owing to various adverse circumstances, not as remunerative, but in every other respect it fully equalled any of its predecessors. The lunch table, (a new feature in these excursions) introduced and presided over by the ladies of the school, was a complete success. The party had a stay of three hours in Baltimore, and reached home about half-past eleven o'clock.

THE NEW CHURCH AT CHESTERVILLE.—The new Episcopal Methodist Church at Chesterville was dedicated to the worship of Almighty God on Sunday last, the 21st inst., by Rev. S. S. Roszell, D. D. This Church is built on a beautiful lot fronting the road leading to Millington, and by its architectural taste and well executed workmanship presents a pleasing view to the passer-by, and is a handsome improvement to the village. The building is 45 by 35 feet, with a 20 foot ceiling. The walls are a beautiful stone color, with sky-blue ceiling, giving great softness to the light and relief to the eye. The pulpit is of solid walnut, and built after the modern style. Altogether, it is a handsome and comfortable Church, reflecting credit upon Mr. George W. Hurst, the builder, and all who were engaged in its construction. Its cost was about $3,000, two-thirds of which have been secured, and but for the rain which dispersed part of the congregation, who could not get in the Church, the sum subscribed would have been larger.

Dr. Roszell preached an eloquent and impressive sermon from Matt. 12th and 6th: "In this place is one greater than the Temple." After the sermon, Rev. David Thomas made some remarks about the new building, which is called "Emmanuel Episcopal Methodist Church."

WASHINGTON COLLEGE EXERCISES.—The regular exercises of this Institution will take place on Monday, Tuesday and Wednesday, the 6th, 7th and 8th of July. MILNOR JONES, Esq., of Chestertown, will deliver the Annual Address before the Mount Vernon Literary Society on Tuesday evening, the 7th.

SONG OF IRON.

I am mighty in the saber,
Fiercely wielded by the brave.
Glorious in the stalwart steamer,
Laugh'ng at the storm and wave.

Beauteous in the palace pillars,
Saving in the pointed rod,
As it brings the deadly lightning,
Quelled and harmless to the sod.

But there is a glorious essence,
Where I take my grandest power,
Giving to the race my surest,
Sweetest aid, in danger's hour,

See! before my fly diseases!
See the darkest hydras bow!
See the rose of health and beauty
Take the palest cheek and brow.

Fly, dpspepsia! fly consumption!
Yes, all ills are crushed at length,
For I give what human nature
Only ever needed—TRENGTH!

Shall I tell in what great essence
I can thus your spirits cheer up?
Pallid, trembling, dying suffer,
'Tis the famed "PERUVIAN SYRUP."

The PERUVIAN SYRUP is a protected solution of the Proxtide of Iron, a new discovery in medicine that strikes at the root of disease by supplying the blood with its vital principle of life element,—IRON.

CHRONIC DISEASES, SCROFULA, ULCERS, &c.

It is well known that the benefits derived from drinking of the Congress, Saratoga and other celebrated Springs is principally owing to the Iodine they contain.

Dr. H. Anders' Iodine Water

Contains Iodine in the same pure state that it is found in these spring waters, but over 500 *per cent, more in quantity*, containing as it does 1¼ grains to each fluid ounce, dissolved in pure water, without a solvent, a discovery long sought for, in this country and Europe, and is the best remedy in the world for *Scrofula, Cancers, Salt Rheum Ulcers*, and all *Chronic Diseases*. NEWARK MACHINE WORKS.

THE DIAMOND STATE THERSHER AND CLEANER.

WE call the attention of Farmers to our Improved Diamond State Thresher and Cleaner with Double Acting Separator. The practical operation of these Machines, is such, as will warrant us in advising those wanting Threshers, to examine ours before purchasing elsewhere. We build three sizes. No. 1, 36 in. cylinder, No. 2, 30 in. cylinder, No. 3, 26 in. cylinder. They are of the best materials and workmanship, and warranted to suit purchasers. Large or small Powers can be used to drive them, as desired. Galvanized sheet iron is used for seives and shaker bottoms. They are unequalled in strength, capacity, durability and lightness of running, doing their work rapidly and in the best manner. The machine is a model of simplicity in its construction and operation, and the price of it much below others in the market. The double shaker separates all the grain from the straw—none is wasted, and the fan as a cleaner is unsurpassed.

The shoe of the shaker can be easily detached and the machine used as a Thresher and Separator alone.

Our Endless Chain Horse Powers are made with steel rods, and our Improved Link.—All the bearings for the wheels are steel, making the Power run with great ease to the team. Also Lever Powers.
