Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not ordered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared t meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

Years of Service in Model T Fords

Expenditure of few dollars may enable you to get thousands of miles from your old car

THE Model T Ford is still a great car. It led the motor industry for twenty years and it is used today by more people than any other automobile. More than eight million Model T Fords are in active service in city, town and country, and many of them can be driven for two, three and five years and even longer at very small up-keep expense.

The cost of Model T parts and of necessary labor is unusually low because of established Ford policies.

New fenders, for instance, cost from $3.50 to $5 each, with a labor charge of $1 to $2.50. Tuning up the motor and replacing commutator case, brush and vibrator points costs only $1, with a small charge for material. Brake shoes can be installed and emergency brakes equalized for a labor charge of only $1.25. A labor charge of $4 to $5 will cover the overhauling of the front axle, rebushing springs and spring perches, and straightening, aligning and adjusting wheels.

The labor charge for overhauling the average rear axle runs from $5.75 to $7. Grinding valves and cleaning carbon can be done for $3 to $4.

A set of four new pistons costs only $7. For a labor charge of $20 to $25 you can have your motor and transmission completely overhauled. Parts are extra.

All of these prices are approximate, of course, because the cost of materials needed will depend on the condition of each car. They show, however, the low cost of putting the Model T Ford in shape for thousands of miles of additional service.

See the nearest Ford dealer, therefore, and have him estimate on the cost of re-conditioning your Model T Ford. He will tell you, in advance, exactly how much the complete job will cost.

Feel Tired and Achy?

Too Often This Warns of Sluggish Kidneys.

LAME? Stiff? Achy? Sure your kidneys are working right? Sluggish kidneys allow waste poisons to accumulate and make one languid, tired and achy, with often dull headaches, dizziness and nagging backache. A common warning is too frequent, scanty or burning excretions.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of bodily waste. Users everywhere endorse *Doan's. Ask your neighbor!*

50,000 Users Endorse Doan's:

W. H. Brown, R.F.D. 1, Cumberland, Md., says: "I was annoyed by my kidneys acting irregularly causing me to arise several times at night and breaking my rest. My back ached and was lame and stiff, making it hard for me to straighten. After I had taken a few boxes of Doan's Pills my kidneys acted normally and I was free from the aches and pains."
