DEMOCRATIC TICKET.

FOR PRESIDENT:
WOODROW WILSON,
of New Jersey.

FOR VICE-PRESIDENT:
THOMAS R. MARSALL,
of Indiana.

FOR REPRESENTATIVE IN THE SIXTY-FIRST CONGRESS FROM THE FIRST CONGRESSIONAL DISTRICT:
JAMES HARRY COVINGTON,
of Talbot County.

FOR CHIEF JUDGE OF THE SECOND JUDICIAL CIRCUIT:
ALBERT CONSTABLE,
of Cecil County.

FROSTBURG has had a rousing home coming week. Cumberland had one even on a larger scale last week. Why can't Chestertown do the same thing?

OWING to the storm on Wednesday evening which broke just about the hour for meeting, only four were in attendance at the meeting of the Reactionary Woodrow Wilson Club in Firemen's Hall.

THE people of Belair and Easton are wild over the success of the Chautauqua. At Belair 3,000 people attended one performance, and every entertainment was attended by a big crowd. Is Chestertown going to allow the Chautauqua to come back next year?

WE are asked to announce that Mr. Robert D. Grier, Progressive candidate for Congress in the First District, will be at the Voshell House in Chestertown on Wednesday evening next, September 18th, and will be glad to see all of his friends and the friends of Mr. Roosevelt.

THE headquarters of the Democratic State Central Committee have been changed from the Eutaw House, where they have been in charge of Gen. Murray Vandiver, chairman, for years, to the Royal Arcanum Building, 18 West Saratoga street, Baltimore, opposite the Hotel Rennert.

THE Progressive party of the First Congressional District in convention in Easton last week nominated Mr. Robert D. Grier, of Salisbury, for Congress, and Dr. R. Lee Hall, of Pocomoke City, for elector. Mr. Grier is a prominent business man of Salisbury, but his nomination will serve to make the size of Congressman J. Harry Covington's majority all the larger.

THE Prohibitionists of the First Congressional District of Maryland held their convention in Hurlock on Wednesday and nominated Rev. Charles M. Elderdice, pastor of Federalsburg Methodist Protestant Church as their candidate for Congress. Mr. Elderdice was a candidate two years ago, receiving 1,110 votes, the largest Prohibition vote ever polled in the district.

THE press all over the United States is commending Gov. Wilson's honesty and sincerity as manifested in his statement regarding the nomination of Oscar Strauss for Governor of New York by the Progressive party. Of the nomination Gov. Wilson said: "It is a most admirable one. It puts us on our mettle." There are people and people who will criticize the Governor because he stated the truth.

HON. WILLIAM JENNINGS BRYAN has been made chairman, and Senators Kayner and Smith of Maryland members of the Advisory Committee of the Democratic National Committee to further the interests of Governor Woodrow Wilson for the presidency. If Mr. Bryan can succeed in doing as much for the New Jersey Governor's election as he did for his nomination at Baltimore there will not be the slighest doubt about who will live in the White House after March 4th. And count on Mr. Bryan doing everything in his power to elect Wilson. The people of this county love Bryan for his sincerity and honesty, and even some of his quondam friends in Kent admire him for these same qualities.

MR. GEORGE C. MORRISON, of Baltimore city, was made chairman of the Democratic Advisory Committee at its meeting in Baltimore last Friday. Joshua W. Miles was made vice-chairman and a member of the executive committee; Emerson C. Crothers, of Cecil, secretary, and Senator Blair Lee, treasurer. An executive committee of eleven was also named. The duty of this committee will be to serve as the "bouquet holders" for the State Central Committees of the counties and Baltimore city until these committees want somebody to do something that they don't care about doing themselves, they will then call on the Advisory Committee. This is about the only use that we know cat be made of the Advisory Committee.an

A FARMER gets $1 a bushel for his wheat to-day, we will say for sake of argument. He pays $24 for a suit of clothes here that the people of London pay $12 for, and the people of America would pay the same as the people of London were it not that the American clothing manufacturer is allowed to charge double the amount for it, simply because of the protection given him by the Republican Protective Tariff. How much better off is the farmer to-day on wheat at $1 a bushel than he would be with wheat at 50 cents a bushel, with the extra profit taken off his suit of clothes? What farmer in America does the protective tariff protect? He gets a dollar a bushel for his wheat perhaps, and pays twice and in some instances three times as much for what he has to buy as he should pay. How is he benefitted? And has the laboring man's wages increased in proportion to the greatly increased cost of living?

THE Taft Republicans held a convention in Baltimore on Wednesday and ousted the three Roosevelt electors from the ticket and substitued three Taft sympathizers. This is one of the most daring feats that has ever been performed by a political party in Maryland. Mr. Roosevelt carried Maryland over Taft by a big majority, and yet the will of the people, even in the Republican party, has been cast to the winds, and the electors chosen by the people in the primary election to go on the ballot in November have been thrown down, and a few politicians have substituted Taft electors and say their action is both legal and proper. Never before in the history of the State has the will of the people expressed in a primary been so ruthlessly ignored, and not a Roosevelt sympathizer in this State who has a spark of regard for fair dealing could maintain his self-respect and vote for Taft after such high-handed procedure as this.

THE running race craze now so prevalent is causing so much merited criticism that the next Legislature will undoubtedly see the introduction of much legislation to control the effect of these gambling devices. There is nothing more interesting to witness than a good clean horse race, and such racing as we have at our fairs and matinees where the bookmakers are barred is beneficial, but to make the State of Maryland a dumping ground for all the race track gamblers who have been driven out of New York and other States, such as is being carried on at present in Havre de Grace, is not only damning to the morals of thousands of our young men and women, but is a disgrace to the intelligent citizenship of our great commonwealth. There are no less than 152 racing days in the State at present, and it is a matter of common knowledge that the track at Havre de Grace is a veritable grambler's resort. It is said that Harford county receives $10,000 in taxes from the race track owners. This money is coming almost directly from the pockets of people who have children to feed and clothe, and it is a reflection upon the fair county of Harford, that she should tolerate such a business within her borders.

A MOST SERIOUS MENACE.

The Republican press is seeking to intimidate the voters of the country by the false cry of free trade and low wages. These spellbinders have been so accustomed to being gulled by the Republican trusts that they do not know the difference between free trade and a tariff for revenue. The people of this country have had the financial life sucked out of them by one of the most extravagant and flagrant forms of government this country has ever seen since the days of Washington—the Republican Protective Tariff form of government which allows the coal baron to charge $7 per ton for coal which could be purchased in 1892 for $4 25 per ton, which allows John D. Rockfeller to charge 17 cents a gallon for gasoline, a by-product of the oil wells, which only a few months ago could be purchased for 12 cents per gallon; which allows a clothing manufacturer to charge $20 and $24 for the identical suit of clothes which can be purchased in London, a free trade country, for $10 and $12. These same goods are brought to America and sold as *imported* goods, and the consumer puts into the dealer's pocket just 100 per cent. profit, simply because an iniquitous Republican tariff permits a dealer to sap that much out of the consumer. Who are the consumers? You and me—who earn our living by the sweat of our brows and who are worthy of the benefits of the protection of this government as well as those whom the Republican party has permitted to grow rich off the American people simply and solely for the privilege of retaining political supremacy in our free country through the enormous campaign contributions of the protected interests. If this fair land of ours ever becomes under the control of socialism, and there are ominous signs of the approaching day, it will be solely because of conditions created between the classes and the masses of the people by the Republican party through its infamous system of protection to the few. Better a thousand times a free trade government than a socialism to which the signs of the times indicate we are being driven by the Protective Tariff.

GOV. WILSON HITS HARD.

In speaking of the candidacy of Mr. James Smith, of New Jersey, for nomination for the United States Senate, the other day, Gov. Wilson made a statement that applies with equal force to the Senator from Maryland by the name of Smith. We published Senator Smith's record on the tariff last week, and we do not believe that the Jersey Smith's record is any worse than the Maryland Smith's. This is what Gov. Wilson said:

"It is of particularly sinister import that Mr. Smith should seek to return to the Senate of the United States at this time. He was sent to the Senate once before when the tariff had been the chief issue of the national campaign and when the Democrats had, for once in a generation, an opportunity to relieve the people of the intolerable burdens and the industry of the country of the trammels which bound it like a strait-jacket. If the tariff could have been wisely revised then, we might have been spared some part, at least of the crop of trusts and combinations which now rule and circumscribe our markets.

"Mr. Smith was one of a small group of Senators calling themselves Democrats who, at that critical and hopeful juncture in our politics, utterly defeated the program of the party. His election now might bring the party face to face with a similar disaster and disgrace, and it would unquestionably render the satisfactory administration of the Federal functions in New Jersey all but impossible for a Democratic President.

MUST KEEP PLEDGES.

"These are plain words, my fellow-citizens, but I cannot permit any reluctance on my part to stand for a moment in the way of my duty as the leader of a party pledged to the people's interest and now under peculiar obligations to fulfill that pledge. If the Democratic party does not keep its promises now, it will never have another opportunity to do so. Mr. Smith could not, and would not, lend himself to any program of genuinely progressive legislation.

"My first allegiance is to the progressive policies to which I have openly and solemnly dedicated every power I possess. Everything else must stand aside in the interest of the country and of the great State of which I am Governor. I have pointed out to you facts and forces by which you may, perhaps, have grown indulgently indifferent in this brighter day of New Jersey's regeneration. I know how you will act when you are reminded of them. We can indulge nothing when the stake is our country's welfare and prosperity and the honor of our party."

THE GRIM REAPER.

MRS. AMELIA DAVIS.

Mrs. Amelia Davis, widow of the late James Davis, of Rock Hall, died at the home of her daughter, Mrs. Charles J. Reiche, near Pomona, on Tuesday, aged 83 years. The deceased was a noble christian woman and for many years, in fact from 1852, she had been an active worker and valued member of Wesley Chapel M. P. Church. For sometime she had made her home with her daughter, Mrs. Reiche, who had done everything in her power to make the declining years of her mother comfortable and happy. She had a host of friends in the county, who loved her for her many noble traits of christian character. She leaves the following children: Mrs. Charles J. Reiche, of near Pomona, Mrs. Wm. J. Hudson, of Plano, Ill., Messrs. George and William Davis, of Rock Hall. Funeral services were held on Wednesday afternoon conducted by Rev. A. B. Dupuy, pastor of Wesley Chapel. Interment was made in Wesley Chapel churchyard. The pall-bearers were her six grandsons. Undertaker J. E. Ferguson had charge of the funeral arrangements.

E. J. STEELE.

After suffering for over a week from an attack of typhoid fever, E. J. Steele died Sunday morning at his late home about one-half mile from Middletown, Del. He leaves besides a widow, five children. The deceased was well-known in the upper section of this county.

Shoes!

We have just received an immense line of the famous "Walk-Over" Shoes and they are now being shown in our windows.

Remember this, you will need shoes, you will want the best value for your money, and we have got it. We want you to feel we will do anything reasonable to secure your patronage and retain it. Heretofore we have not carried a very full line of shoes, but now we have a line we are proud of and want you to see them. Watch our next week's advertisement about our shoes and clothes. The famous "Style-Plus" and "Adler" clothes are here. Call in and look at them. We shall be pleased to show you the novelities whether you buy or not.

Remember, though, to buy your next pair of Shoes from us. If we can't suit you perfectly, then go elsewhere and we will have no more ot say.
