# The Chestertown Transcript.

Saturday Morning, July 11, 1868.

## LOCAL MATTERS.

THE road from Willis' X Roads to Hanesville, has been put in complete order through the energy of Mr. W. W. Stephens. This road had been in a very bad state for some time.

FESTIVAL.—The ladies of St. Paul's Parish purpose holding a Festival in August next, in aid of the Glebe fund. Due notice of the time and place will be published.

MR. GARRETT M. HART, of this county, has arrived in Clarksville, Mecklenburg county, Va., where he takes up his residence as Assistant Assessor of Internal Revenue.

SUDDEN DEATH.—On Friday the 3rd inst., Mr. James Leaverton died suddenly in the field at Mr. Thomas Lusby's, in Quaker Neck. He had been binding wheat, but his cradler having sat down under the shade of a tree to fix his cradle, Leaverton also sat down and presently rolled over and expired in a few minutes.

CAPT. JOSEPH HARRIS, formerly of this county, has removed to Tampa, Florida, and is superintending a salt work there. He says the soil is rich and productive; sweet potatoes grow almost spontaneously, yielding from four to five hundred bushels per acre. He has taken up eighty acres of Government land as a homestead, and intends to build upon it this season.

INDIAN REMAINS.—During the excavations which have been made for the new wharf on Chester river between the lands of Thomas Lusby and John Haddaway, Esqs , in Quaker Neck, Kent county, two skeletons, we learn, have been dug up. From their size and other circumstances, it is supposed they are the bones of the native race. When exposed a short time they crumbled to pieces.

EXCURSION.—The Methodist Protestant Sunday School of Kennedyville, have chartered the steamer *Law* for an excursion to La Belle Grove on West River, on Wednesday next. The steamer will call at all the landings on Sassafras river and also at Buck Neck. Every arrangement has been made to make this a pleasant excursion, and the managers ask a liberal patronage. See advertisement.

STATE TEACHERS' ASSOCIATION.—The Second Annual Meeting of the State Teachers' Association will be held in the city of Baltimore, on Wednesday, July the 15th, and the following day.

Arrangements have been made with Slaughter's Line of steamers, by which Teachers going to the Association, and paying full fare, will be returned free by the same route.

THE KENT RAILROAD —The contractor for the Kent Railroad has commenced driving the piles for the wharf on Chester river just below Thompson & Lee's wharf.

The Board of Directors on Friday the 3d inst., we learn, determined to connect with the Delaware Railroad at Townsend, and we presume that portion of the route to Massey's will be immediately put under contract by the Delaware road.

AN UPSET.—On Wednesday last as Mr. Milnor Jones was returning from the College Commencement with three young ladies in a carriage, one of the wheels ran off, which caused the horse to run on a bank and turn the carriage over: the ladies escaped without injury. Mr. Jones then procured another carriage and the ladies were helped in, when the horse immediately reared and fell back, breaking the shafts. The ladies again escaped without injury.

RUNAWAY AND SMASHUP.—Last Wednesday afternoon a horse geared to a light new wagon, hitched at a rack near Messrs. T. W. Eliason & Son's store, took fright by the dropping off of his bridle and started off at a furious pace. Turning suddenly the wagon was upset, torn from the body, and the springs and shafts broken. The horse continued on up the street, causing a general scampering, but doing no further damage. The team belonged to Mr. J. R. Stavely, of Still Pond.

THE PARLOR ENTERTAINMENT of Mr. and Mrs. J. W. Carroll, on Wednesday evening last, was an entire success. The Hall was neatly arranged, well seated and lighted, and, what is somewhat uncommon in our town, good order was preserved. The room was well filled, all the reserved seats being taken. The several parts were artistically performed and elicited considerable applause. The whole programme was very creditable to Mr. and Mrs. Carroll and the committee of arrangements.

The amateur orchestra, under the lead of Mr. C. Davis, discoursed excellent music, and added no little to the attractions of the occasion.

COMMENCEMENT WASHINGTON COLLEGE.—Tuesday evening last the Annual Address before the Mount Vernon Literary Society, was delivered by MILNOR JONES, ESQ., of Chestertown. The orator took for his theme the memorable words of Bishop Berkeley, "Westward the course of empire takes its way." The subject was opened by a description of the painting in the rotunda of the Capitol at Washington, commemorating the words. The rise, progress and greatness of the American nation, and her great men, were briefly sketched. The immortal Washington was contrasted with some of those most known to fame; the future of the American Republic depicted in glowing terms; and the indestructibility of the American Government was illustrated by the failure of the storms to rend from its deep bed in the earth the giant oak of the forest. The conclusion was in the way of practical counsel to the young men of the Society.

Wednesday, at 10 o'clock, A. M., the procession of Board of Visitors, Orator and Clergy, Students and Alumni, preceded by the Kent Cornet Band, entered the College Chapel, and Commencement was inaugurated by prayer by the Rev. Mr. Goodwin. Mr. Berkely, the Principal, then announced the names of students distinguished at the intermediate and final examinations. This was followed by declamations by the younger students, among whom J. M. Beaston, *Spartacus to the Gladiators;* B. Roseberry, *A case of assault and battery;* R. C, Thackery, *Hayne on Webster;* S. G. Hull, Parkersburg, W. Va., *The Union;* seemed to elicit most favorable comment. After the Declamations, the Original Orations by J. E. M. Chamberlaine, Jr., of Talbot, subject *The Requirements of the Age*, and James E. Carroll of Caroline county, subject *The Ruins of Time*—upon whom were conferred the degree of Bachelor of Arts.

The prize offered by J. L. Stam, Esq., was won and delivered to J. Horton Kelley of Kent, for the greatest excellence in studies and behavior.

At this point the Principal delivered the Diplomas to the Bachelors of Arts.

He then introduced the HON. J. MORRISON HARRIS of Baltimore, the Orator of the day.

Mr. Harris took for his subject, MOSES, the deliverer of the children of Israel from Egyptian Bondage. We cannot give any description of this beautiful oration, which was listened to by the audience with breathless attention. Mr. Harris opened with a gorgeous and beautiful description of the power and splendor of the Egyptian Empire; he sketched in a graphic manner the education and early life of the deliverer of Israel; his mental training in his secluded and pastoral life; the glory and grandeur of his conflict with the proud King of Egypt, and his final triumph. Mr. Harris' entire address was a beautiful and gorgeous panorama of the life, times and country of the inspired Israelite. Mr. Harris delivered this address by special request, being one which he has several times delivered before; and it is a matter of regret that so few were present to hear it.

The entire proceedings were interesting. The following young gentlemen received certificates of Proficiency:

THE DIAMOND STATE THERSHER AND CLEANER.

WE call the attention of Farmers to our Improved Diamond State Thresher and Cleaner with Double Acting Separator. The practical operation of these Machines, is such, as will warrant us in advising those wanting Threshers, to examine ours before purchasing elsewhere. We build three sizes. No. 1, 36 in. cylinder, No. 2, 30 in. cylinder, No. 3, 26 in. cylinder. They are of the best materials and workmanship, and warranted to suit purchasers. Large or small Powers can be used to drive them, as desired. Galvanized sheet iron is used for seives and shaker bottoms. They are unequalled in strength, capacity, durability and lightness of running, doing their work rapidly and in the best manner. The machine is a model of simplicity in its construction and operation, and the price of it much below others in the market. The double shaker separates all the grain from the straw—none is wasted, and the fan as a cleaner is unsurpassed.

The shoe of the shaker can be easily detached and the machine used as a Thresher and Separator alone.

Our Endless Chain Horse Powers are made with steel rods, and our Improved Link.—All the bearings for the wheels are steel, making the Power run with great ease to the team. Also Lever Powers.
