NATIONAL DEMOCRATIC TICKET.

FOR PRESIDENT,

HORATIO SEYMOUR,

OF NEW YORK.

FOR VICE PRESIDENT,

FRANK P. BLAIR,

OF MISSOURI.

LOCAL MATTERS.

ISAAC PARSONS, Esq., has been elected President of the Board of Directors of the Kent County Railroad Company, in the place of T. W. Eliason, resigned.

JOHN L. STAM, Treasurer and Secretary of the Chester Cemetery, has contracted with Bartlett, Robinson & Co. of Baltimore, for a neat iron fence for the front of the Cemetery, at a cost of $5.25 per front foot, including posts and gate. The work will be done about the first of October.

ST. PAUL'S PARISH, which has been without a Pastor since the resignation of the Rev. Andrew Sutton, has been fortunate in securing the Rev. Robert Wilson of Charleston, S. C. As will be seen by advertisement elsewhere, he will commence his pastoral duties on the sixth of September.

LAND SALES.—The "Davis Farm," near Chesterville, Kent county, was purchased on Wednesday last by Thomas Vandyke, of Cecil county, at one hundred dollars per acre—144½ acres. The farm of Geo. W. Rollison, containing 47 acres, purchased by W. T. Burgess at $68 per acre: the hotel now occupied by Jas. A. Morris, purchased by Jas. Cary at $2505.

LAST WEEK the foreman of the Transcript office fell down the coal pit of a steamer in Baltimore and injured his side so as to render him unable to do full work, another of our printers has been sick during the entire week, and as country offices cannot supply the absence of a printer on a day's notice, we have been compelled to omit several advertisements and communications, with other reading matter.

HORRIBLE MURDER.—Yesterday morning about eight o'clock, our town was excited with the intelligence that Remi Gilmour and wife, (usually known as Mr. and Mrs. Remi) market gardeners, living on the Queen Anne's farm of the late E. F. Chambers, had been found about 7 o'clock, in a murdered condition. Mr. Gilmour was found lying on the floor with his head cut and mashed with an axe, and dead; his wife dreadfully cut also with an axe, but alive, though insensible. The house has been ransacked and a small trunk taken, with money in it. A bloody axe was found, and the window is besmeared with blood. Suspicion points to a negro man as the perpetrator of the crime.

INTERNAL REVENUE RETURNS.—The amount of revenue of the several counties, composing the First Congressional District, as returned by the Assessor to W. H. Smith, Collector, is as follows;

Cecil county,	$19,072 63
Kent,	14,107 00
Queen Anne's,	6,898 40
Caroline,	3,344 85
Talbot,	11,742 85
Dorchester,	4,327 70
Wicomico,	3,314 50
Somerset,	2,294 50
Worcester,	3,314 50
Total,	$69,027 58

This is a falling off, as compared with the returns of last year, of $812 81.

Kent, with the smallest area and less population than any county in the District, pays more than any except Cecil, and with little over half the population of Cecil pays three-fourths as much as it does. It will also be seen that Kent pays more than Dorchester, Wicomico, Somerset and Worcester, combined.

COUNTY CONVENTION.—The County Convention of the Democratic party, to send delegates to the State and Congressional Conventions, assembled on Tuesday last. Col. George Gale was called to the Chair and R. J. Rees appointed Secretary.

The following delegates from the districts were in attendance:

First District—Stephen Boyer, Richard C. Johnson, James Spear.

Second—William Welch, P. F. Basin, W. T. Hepbron.

Third—George Gale, Jno. T. Skirven, Lewin Usilton.

Fourth—Richard Hynson, John Loud, S. S. Usilton.

Fifth—Horatio Beck, A. B. Wheatley, A. J. Rees.

On motion, the Convention proceeded to vote by ballot for delegates to the State and Congressional Convention.

The following gentlemen were elected as delegates to the State Convention, which assembles in Baltimore on the second of September: T. W. Ringgold, Geo. Gale, W. B. Wilmer.

The following delegates were elected to the Congressional Convention, which meets in Salisbury on the 9th of September: Jesse K. Hines, Horatio Beck, W. S. Walker. The congressional delegation were instructed to vote for Levin S. Waters of Somerset county, as the first choice of Kent for Congressional nominee, and for Lloyd Tilghman of Queen Anne's county, as the second choice.

(*CAPITAL* $1,000,000)

SOLUBLE

PACIFIC GUANO

THE VALUE of this Guano is now so *well known and appreciated*, that it does not require further recommendation from us.

The Company *owns the Guano Islands*, and other *sources of supply* from which its raw material is drawn. Hence, this Guano, possessing such high excellence, can be brought into market at a price *not* exceeding that of the ordinary Super-Phosphates of Lime.

The large capital invested by this Company affords the surest guarantee of the continued excellence of their fertilizer, as the safety of their capital depends upon continued and permanent business.

Experience has shown that this Guano ripens the Wheat crop from five to six days earlier than the Super-Phosphates.

It is the *policy* and *purpose* of the Company to furnish the best fertilizer that *enterprise* and *capital, aided* by the best scientific ability, can bring into market, at the *lowest possible cost to consumers.*

BEST ARTICLE IN USE.

Letter from A. L. Carter.

MONASKIN, Lancaster Co., Va., August 10, 1868.

Messrs. HERBERT & HAIRSTON, Baltimore, Md.

Gentlemen:—I purchased two tons Andrew Coe's Phosphate last fall and applied it in comparison with A No. 1 Peruvian Guano, each drilled in with wheat, at the rate of about 150 pounds per acre, on similar land. The growth of straw was greater where the guano was applied, but the yield of wheat greater and quality better where I used the Phosphate. I also purchased two tons last spring to experiment on oats and corn. The growth of oats was very fine, the corn looks well and bids fair to yield heavily. I shall want more to apply to wheat this fall.

Very respectfully, A. L. CARTER.

Letter from Hon. E. J. Henkle.

Anne Arundel County, Aug. 8th, 1868.

Messrs. Herbert & Hairston:

Gentlemen:—I have used Andrew Coe's Super-Phosphate of Lime on my corn crop for two successive years, and take great pleasure in testifying to its merits. My crop last year was better filled in the ear and heavier than I ever raised before. The soil was of inferior quality, and I could only attribute the success of the crop to the effects of the fertilizer. I have used it again this year and it promises equally good results. It is, in my opinion, the most popular and best manufactured fertilizer in use in this community.

Very truly yours, E. J. HENKLE.

Letter from Michael Graybill.

Amsterdam, Va., July 31, 1868.

Messrs. Herbert & Hairston:

I used Andrew Coe's Phosphate by the side of No. 1 Peruvian, and I could see no difference between the two; both did well. I will want some again this fall. Very respectfully yours, MICHAEL GRAYBILL.

Letter from Jesse Slingluff, Esq., President of the Commercial and Farmers Bank.

Baltimore, August 4th, 1868.

Andrew Coe, Esq., Baltimore, Md.

Dear Sir:—I used on my wheat last fall your Super-Phosphate of Lime, and found it to do well. I most cheerfully recommend farmers to use it, as a first-rate fertilizer.

Very respectfully yours,
JESSE SLINGLUFF,
Baltimore county, Md.

Letter from Basil S. Benson.

Anne Arundel Co., Md., July 18, 1868.

Andrew Coe, Esq., Baltimore, Md.

Dear Sir:—I have bought twenty-six tons of your Phosphate and used it on my fall and spring crops, and it is the best fertilizer that I have ever used. Yours, truly,

Strawberry Plants

AND

Dwarf Pears.

I have about **200,000** Strawberry Plants, cultivated expressly for the Plants, which I now offer as low as can be bought of any Nurseryman, embracing the following choice varieties: Wilson's Albany, Agriculturist, Russell's Prolific, Knox's Jucunda or 700, and Golden Seeded.

Also, **5,000** Dwarf Pear Trees, principally Dutchess, *budded on the best two year old transplanted Angers Quince*, of my own importation, from the celebrated nursery of Duvesse & Co., at Orleans, France, that I will warrant equal if not superior to any that can be bought and at as low a price.

For the benefit of those wishing to plant Pear Trees, I will state that I have 2,800, of eight varieties, planted in 1863, and selected from the orchard of a gentleman who had thirty-two varities, as the only ones worthy of cultivation. My own experience has induced me to discard all but the following, of which I shall plant about 5,000 myself this fall: Beure Gifford, very early; Beure Easter, very late; Louise Bon de Jersey; Dutchesse de Angoulene.
