VALVE-IN-HEAD Buick MOTOR CARS

Buy the only car whose sales equal the combined sales of *any other three cars* in its field

Demand for Buick has increased at such a remarkable rate that Buick sales equal the combined sales of any other *three cars* in its field.

What better testimonial to Buick value than this? What more convincing evidence that Buick, of all cars at or near its price, best measures up to the world's conception of what an automobile should be?

Buick's vibrationless six-cylinder Valve-in-Head Engine—most powerful engine of its size in the world—the Buick Sealed Chassis, and a score of other exclusive features explain Buick's popularity.

The world-wide preference for Buick is your guarantee of satisfaction. Choose the car which outsells any other *three* cars in its field.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not ordered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared t meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
